**Subject: June 2023: Skilled & Trained Workforce Report - Letter to Achieve**

Azin/Robert,

Sukut Construction (Sukut) is submitting this letter as a supplement to the June 2023 Skilled and Trained Workforce Report. In May, our crews finished the 12” water mainline installation in Sherman St. and we started on mainline installation of 30” & 48” CML&TC pipe. We had an influx of employees who helped us tie in the water line and to get the mainline scope started. Among the crews, we had several operators and laborers who are graduates of the apprenticeship program. Their hours are noted in the report. Some of these employees will continue working onsite and will contribute to the graduated skilled workforce.

Sukut will continue coordinating with the union halls to provide labor that will help us to achieve the skilled worker goals – especially on the operator side.

Feel free to contact me with any questions.

Regards,

*Matt Fleming*

**Subject: June 2023: Skilled & Trained Workforce Report - Letter to Achieve**

G&F Concrete Cutting Inc. is submitting this letter as a supplement to the June 2023 Skilled and Trained Workforce Report. In June, our crew cut concrete. Most of our employees are apprenticeship program graduates however, the other employees have been in the trade for over 20 years and are experienced. As you are aware the Apprentice Program was not available in the prior years. At this time, we are working on getting all our employees enrolled in the Apprentice Expedited Program so we can utilize our employees on all the Skilled & Trained projects. We will do our best to make sure and have only the Skilled and Trained employees on the job moving forward. G&F Concrete Cutting Inc. will continue coordinating with the union halls to provide labor that will help us to achieve the skilled worker goals. It is our expectation that the operators will soon meet and exceed the minimum requirements.

Feel free to contact me with any questions.

Respectfully

Sophia Kokoris  
Payroll Manager

RE: Moreno Conveyence South and Middle Bike Lanes – Skilled and Trained Workforce Monthly Compliance Report

To Whom It May Concern:

Pacific Drilling Co. did not meet the required 30% SJ Ratio of hours worked – for Apprenticeship Graduation because we used our own employees, who received on the job training within Pacific Drilling Co.

Pacific Drilling Co. has not built an apprenticeship program to meet union standards, as we are not a union drilling contractor.

Regards,

  
Michele Loftus  
Office Manager
