Approximate number of Neighborhood

Watch group members:

Division the sign is for:

## Sign Information:

Total number of signs requested:

Neighborhood the signs are for:

Proposed location where signs will be posted  
(street name(s)):

---

**Neighborhood Watch groups are free to buy signs from any company and do not need SDPD's authorization to do so.**

**The San Diego Police Department is providing you with \_\_\_\_\_ (# of signs) for your community's Neighborhood Watch Program.**

Signs can be installed with permission on private property with perforated metal tape, on City street light poles, or at least 7 feet above the grade level on City street signs. They cannot be installed on any traffic control sign, wooden telephone poles, street lights where service personnel need access, or City tree. After installation, the exposed threads should be crimped to prevent theft of the sign.

## RELEASE OF LIABILITY:

By accepting the Neighborhood Watch sign(s), I assume all liability for the sign(s) and any subsequent installation of the sign(s) and by doing so I fully release and hold harmless the City of San Diego, its agents, officials, employees, and volunteers from and against any and all liability, claims and/or litigation, or other actions that I or third-parties may have for personal injuries, property damage, or other damages of any kind, caused by or arising out of the purchase, display, or installation of the Neighborhood Watch sign(s). I understand that no warranty, either expressed or implied, is made by the City regarding the sign(s). I further acknowledge that I enter this agreement freely, voluntarily, and knowingly.
