Welcome to WageWorks. Start Saving. Here's How.

Congratulations on enrolling in a healthcare and/or dependent care Flexible Spending Account (FSA) sponsored by your employer and brought to you by WageWorks.

Your FSA is a great way to save on hundreds of eligible expenses like prescriptions, co-payments, over-the-counter (OTC) items and child and elder care.

Your FSA: The Essentials

Your FSA is governed by IRS Regulations that detail who is eligible to use the account and where and how the money in it is to be used. Your FSA was designed to be simple. To keep it that way, it's important to comply with the IRS Regulations that govern the program. The following guidelines will help you avoid any inconvenience.

- **Make sure account funds are only spent on those who are eligible.** Typically, these eligible are you, your spouse, and your eligible dependents.
- **Know what expenses are eligible.** Log into your account at www.wageworks.com for a list of your employer's eligible expenses. Generally, eligible healthcare expenses include services and products that are medically necessary to treat a specific condition. Dependent care expenses typically include care provided for your qualifying child (under age 13) or other qualifying dependent as you can work.
- **Keep your receipts.** Save receipts that describe exactly what you paid for. Make sure the amount and service date - not the payment date - are included.
- **Get a prescription from your doctor.** To use your account for over-the-counter (OTC) drugs, you'll need to get a prescription from your doctor. You can use your WageWorks® Healthcare Card (EZ) for prescribed OTC drugs when filled and purchased as a prescription at the pharmacy counter. Alternatively, you can pay for the item out-of-pocket and use Pay Me Back to submit your claim and prescription to WageWorks for reimbursement. Pay Me Back claims can be submitted online, or with your smartphone or mobile device.
- **Watch where you shop.** If using the Card, shop only at general merchandise stores or pharmacies that have an industry standard (US) inventory system in place. Visit www.sigis.com for the most updated list of approved merchants. The Card should decline if the merchant is not approved.
- **Verify all of your Card transactions.** If a transaction is not automatically verified as checkout or by a third-party system, you will be notified by email or upon login to your account. Failure to verify an outstanding transaction may result in Card suspension.
- **Register for an online account at www.wageworks.com.** When you register online and provide a current email, you ensure that you will have 24/7 access to your account and will be automatically signed up to receive important updates and alerts. You also must have an account to use the mobile app and take advantage of features like Upload Receipts for online claims and Card usage requests.
- **Keep track of your FSA account balance.** Plan ahead to make sure you spend the full amount of your balance.

QuickStart Guide

Managing Your Account

You can manage and check up on your account through WageWorks online or over the phone. The "Claims and Activity" page online details all your account activity and will even alert you if any Card transactions are in need of verification.

For the latest information, visit www.wageworks.com and log into your account 24/7. In addition to reviewing your most recent FSA activity, you can:

- Update your account preferences and personal information.
- View your transaction and account history.
- Schedule payments to healthcare and dependent care providers.
- Check the complete list of eligible expenses for your FSA program.
- Order additional WageWorks® Healthcare Cards for your family.
- Download the EZ Receipts® smartphone or mobile device app to file claims and Card use paperwork.

Using Your FSA Dollars

When you pay for an eligible healthcare or dependent care expense, you want to put your FSA account to work right away WageWorks gives you several options to use your money the way you choose.

Your WageWorks Healthcare Card

Use your Card instead of cash or credit at healthcare providers and pharmacies for eligible services, goods, and prescriptions. You can also use the Card at general merchandise and drug stores that have an industry standard (US) checkout system that can automatically verify if the item is eligible for purchase with your account.

- Go to www.sigis.com to review a list of qualified merchants, like drug stores, supermarkets, and warehouse stores, that accept the Card.
- When you swipe your Card at the checkout, choose "credit" (even though it isn't a credit card).
- Pay for services or purchases on the same day you receive them. If your health plan covers a portion of the cost, make sure you know what amount you need to pay before using the Card, by presenting your health plan member ID card first, so the merchant can identify your co-pay or co-insurance amount and ensure the service is claimed to your healthcare, dental, or vision insurance plan.
- Save your receipts or digital copies. You will need them for tax purposes. Plus, when your Card is approved, a detailed receipt may still be requested.
- If you're lost or can't produce a receipt for an expense, your options may range from submitting a substitute receipt to paying back the plan for the amount of the transaction.
- If you use your Card at an eye doctor's or dentist's office, we will most likely ask you to submit an Explanation of Benefits (EOB) or other documentation for verification. Failure to do so may result in your Card being suspended.
- If you lose your Card, please call WageWorks immediately and order a new one. You will be responsible for any charges until you report the lost Card.

Using your smartphone or mobile device
