Councilmember Jennifer Campbell Votes to Improve Ambulance Services for San Diegans

**THE NEW FALCK USA AMBULANCE CONTRACT MEANS MORE
AMBULANCES AND BETTER EMERGENCY SERVICES**

San Diego – In a unanimous vote, the San Diego City Council’s Public Safety Committee, of which Councilmember Jennifer Campbell is a member, approved a deal to order Falck USA to secure an outside company to help with staffing and billing. The deal will put more ambulances on the streets to reduce the response time to San Diego residents and ultimately improve the quality of ambulance services.

Councilmember Jennifer Campbell said:

“The lives and health of San Diego residents is at stake. We need to reaffirm our commitment as a city and hold our partners accountable. I am pleased with the new contract, because Falck will provide quality emergency ambulance services that San Diegans need and deserve.”
