NOTICE OF RIGHT TO APPEAL

ENVIRONMENTAL DETERMINATION

PLANNING DEPARTMENT

PROJECT NAME: Peninsula Street Paving Group 1

COMMUNITY PLAN AREA: Peninsula and Downtown

COUNCIL DISTRICT: 2 and 3

LOCATION: See Attachment A "Peninsula Street Paving Group 1 Paving Street List"

PROJECT DESCRIPTION: The project involves furnishing all labor, materials, equipment, services and construction which include placement of asphalt overlay, replacing traffic signal detection loops and stub outs, adjustment of city manhole and gate valve covers, cold milling, pavement base repair, installation of curb ramps to meet ADA requirements, and replacing/installing new ADA-compliant push buttons. Replacement of damaged curb & gutter, install new or replace; traffic striping, markings/legends, signs, and damaged PCC meter/pull boxes. Street and sidewalk sweeping, tree root pruning, crown reduction, and root barrier installation, as well as sediment control. All work would occur within the public right-of-way (paved streets) or previously disturbed, and non-sensitive areas only. No sensitive vegetation would be impacted or removed. Storm Water Best Management Practices (BMPs) for erosion control and sediment control preventing discharge, as well as Traffic Control Plan (TCP) would be implemented throughout construction.

ENTITY CONSIDERING PROJECT APPROVAL: City of San Diego

ENVIRONMENTAL DETERMINATION: This activity is categorically exempt from CEQA pursuant to State CEQA Guidelines Sections 15301 (Existing Facilities) and 15303 (New Construction or Conversion of Small Structures).

ENTITY MAKING ENVIRONMENTAL DETERMINATION: City of San Diego Mayor-Appointed Designee

STATEMENT SUPPORTING REASON FOR ENVIRONMENTAL DETERMINATION:

The City of San Diego conducted an environmental review that determined the project would not have the potential for causing a significant effect on the environment because the placement of asphalt overlay and related improvements will occur within the public right-of-way and no impacts to sensitive environmental resources would occur. The project also meets the criteria set forth in State CEQA Guidelines Section 15301 (Existing Facilities) which consists of the operation, repair, maintenance, permitting, leasing, licensing, and minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features involving negligible or no expansion of existing or former use; Section 15303 (New Construction or Conversion of Small Structures) which consists of

construction and location of limited numbers of new, small facilities or structures; installation of small new equipment and facilities in small structures; and the conversion of existing small structures from one use to another where only minor modifications are made in the exterior of the structure. The exceptions listed in CEQA Guidelines Section 15300.2 would not apply in that no cumulative impacts were identified, no significant effects on the environment were identified, the project is not adjacent to a scenic highway, and no historical resources would be affected by the action.

As to the exception for hazardous materials, there are no open environmental cases of known hazardous material contamination that would be disturbed which would otherwise preclude use of a CEQA exemption pursuant to Section 65962.5 of the Government Code.
