* P3a. Description: (Describe resource and its major elements. Include design, materials, condition, alterations, size, setting, and boundaries.)

This one and one-half story Tudor style house has steeply pitched roofs with overhanging eaves. It has a front facing L-shaped plan and a cross-gable roof. The ground level has brick siding and within the second level gables are wooden channel boards. The first story has tripartite casement windows with brick lug sills and wooden shutters. The window next to the door and all the windows on the second level within the gable are aluminum sliders. The entry has an arched opening with radiating bricks and an arched, wood batten door. A second, two-story building of similar design is located in front of the residence and includes the garage. It is in Good-to-Fair condition. The total usable floor area is 1,260 square feet. The house features 2 bedrooms and 2 bathrooms. The total lot area is 19,293 square feet. Contributing.

* P3a. Description: (Describe resource and its major elements. Include design, materials, condition, alterations, size, setting, and boundaries.)

This one-story, asymmetrical Craftsman structures has a low-pitched roof with front and side gables. The house has a horizontal emphasis with most of the home visible from the street. A front gable extends out over a small open porch. Wide overhanging eaves are supported by square brackets that are present on each side of the structure. Located on the front facade are two large tripartite windows with fixed center panes and casement side panels. The garage is connected to the house on the west side. Asbestos siding covers both the house and the garage. A brick wall located just off the main entrance extends west and encloses the rear yard. It is in Good-to-Fair condition. The total usable floor area is 1,210 square feet. The house features 2 bedrooms and 2 bathrooms. The total lot area is 15,660 square feet. Contributing.

* P3a. Description: (Describe resource and its major elements. Include design, materials, condition, alterations, size, setting, and boundaries.)

This two-story building was designed in the Craftsman style and features an asymmetrical façade topped by a hipped roof and clad with stucco. The main features of the façade include the entry porch, which is accentuated by a prominent gabled roof, the brick chimney and the variety of wood windows that include both single and multi-panes, in fixed or casement styles. It is in Good condition. The total usable floor area is 3,272 square feet. The house features 4 bedrooms and 2 bathrooms. The total lot area is 148,696 square feet. Individually Significant.

* P3a. Description: (Describe resource and its major elements. Include design, materials, condition, alterations, size, setting, and boundaries.)

The most prominent feature of this one-story, Ranch style building is the street-facing garage with flat roof and stucco-clad exterior. The residence extends back from the garage and it appears that an addition was added onto the rear of the original building. The location of the garage on the narrow lot at street front maximizes both the views from the residence out over Mission Valley and privacy. It is in Fair condition. The total usable floor area is 2,066 square feet. The house features 3 bedrooms and 2 bathrooms. The total lot area is 32,300 square feet. Contributing.

The facade of this one-story, Spanish Colonial Revival style building is clad in stucco and divided into three distinct sections, creating a central courtyard. The street-facing elevation of the flat-roof, western section features a simple parapet and a large arched window. The side elevation of this section includes the main entry and extends out into the courtyard; it is topped by red-tiled, shed roof. The recessed, central section is topped by a hip roof and features a three-part window with fixed central section flanked by multi-pane, wood casements. The eastern section features a front-facing gable roof with red tile and three arched, multi-pane windows; three canales are vertically stacked above the center window. It is in Good-to-Fair condition. The total usable floor area is 2,259 square feet. The house features 3 bedrooms and 2 bathrooms. The total lot area is 45,838 square feet. Contributing.

* P3a. Description: (Describe resource and its major elements. Include design, materials, condition, alterations, size, setting, and boundaries.)

This one-story building was designed in the Minimal Traditional style and features a hipped roof and stucco-clad exterior. The street-facing elevation of the house is somewhat obscured by the privacy hedge. The short, stone wall in front of the hedge breaks at the walk from the sidewalk to the central entry and is anchored by two, square posts. It is in Good condition. The total usable floor area is 2,236 square feet. The house features 3 bedrooms and 2 bathrooms. The total lot area is 28,188 square feet. Contributing.

* P3a. Description: (Describe resource and its major elements. Include design, materials, condition, alterations, size, setting, and boundaries.)

This two-story building was designed in the Spanish Colonial Revival style and features a red-tile roof and stucco-clad exterior. The building is arranged into three distinct sections, creating a central entry courtyard with gated entry. The northern section features a three-part arched window on the second floor with a fixed, central panel flanked by casement windows. The central, recessed portion is somewhat obscured by vegetation and the entry gate. The original windows of on the street-facing elevation of the southern section have been replaced with new, incompatible windows.. It is in Good-to-Fair condition. The house features 4 bedrooms and 2 bathrooms. Contributing.

* P3a. Description: (Describe resource and its major elements. Include design, materials, condition, alterations, size, setting, and boundaries.)

This two-story building was designed in the Craftsman style and features a low-pitched gable roof with broad overhanging eaves supported by exposed rafters. The west side of the second story has a side-to-side horizontal band of multi-paned windows. The south side has corner casement windows while in the center there is a vertical picture window topped by a multi-paned transom and flanked by double-hung sashes. The second story has shingle siding and the first floor has clapboard siding. The west side has a one and one-half story bay with brackets and exposed rafters supporting a gable roof. A narrow sill, a propeller-shaped hood-mould and vertical wood bands surround a large rectangular picture window flanked by side sashes. A cobblestone chimney with four large fieldstones in a vertical line is also on the west side. A truss-supported gable roof rests on cobblestone piers over a two-step concrete porch. The east side has a two-story bay with twin double-hung windows on the first floor and a central window with side sashes and a transom on the second floor. It is in Good condition. The total usable floor area is 2,188 square feet. The house features 4 bedrooms and 1 bathroom. The total lot area is 4,317 square feet. Contributing.

* P3a. Description: (Describe resource and its major elements. Include design, materials, condition, alterations, size, setting, and boundaries.)

This apartment court, designed in the Mission Revival style, contains nine buildings. Four, one-story bungalows are located on either side of the central courtyard which includes a circular grass area surround by a sidewalk; a mature palm is located in the center. The bungalows feature a flat roof, gabled entry and stucco-clad exterior; many of the original windows have been altered by the installation of new, incompatible windows. A two-story building is located at the rear of the courtyard and features a flat roof, stucco-clad exterior and altered windows. It is in Fair-to-Poor condition. The total usable floor area is 5,922 square feet. The house features 12 bedrooms and 11 bathrooms. The total lot area is 12,497 square feet. Non-Contributing.

* P3a. Description: (Describe resource and its major elements. Include design, materials, condition, alterations, size, setting, and boundaries.)

This one-story Bungalow features a side-facing gable roof and exterior clad with stucco and wood siding. Multi-pane, wood windows are located on either side of the central entry, each with a fixed center section flanked by double hung windows. The original wood siding on the front elevation has been replaced by stucco and the entry porch has been modified; the original wood siding is evident on the side elevations. It is in Fair condition. Contributing.

* P3a. Description: (Describe resource and its major elements. Include design, materials, condition, alterations, size, setting, and boundaries.)

This one-story building features a side-facing gable roof and shingle sided exterior. L-shape in plan, the elevation closest to the street includes an 8-over-1, double-hung wood window to one side and a door with glass lights to the other. The recessed elevation features the main entry and multi-pane, bay window. Built in 1926, it appears the original building has been altered over time although no changes have been documented.. It is in Fair condition. The total usable floor area is 1,004 square feet. The house features 2 bedrooms and 1 bathroom. The total lot area is 9,866 square feet. Contributing.

This two-story building was designed in the Spanish Colonial Revival style and features an L-shaped plan with cross-gabled, red-tile roof and stucco clad exterior. The building is sited towards the back of the parcel; the view from the street is obscured by the garage, mature trees and privacy wall located at the front and sides of the parcel. A plaque on the wall refers to the building at "La Casa Encantada". It is in Good condition. The total usable floor area is 2,773 square feet. The house features 4 bedrooms and 2 bathrooms. The total lot area is 9,997 square feet. Contributing.

* P3a. Description: (Describe resource and its major elements. Include design, materials, condition, alterations, size, setting, and boundaries.)

The Academy of Our Lady of Peace includes four buildings on the 20 acre site overlooking Mission Valley. Three of the buildings, two planned as residences and the third as a scientific laboratory, were designed in the Italian Renaissance style by Frank P. Allen and constructed in 1916 as part of the Vandruff Estate. The Academy purchased the complex in 1924.. It is in Good condition. Individually Significant.

* P3a. Description: (Describe resource and its major elements. Include design, materials, condition, alterations, size, setting, and boundaries.)

El Cantorral Court, a U-shaped bungalow court, sits atop 10 reinforced concrete parking spaces. The five Pueblo Revival style flat-roof, wood-frame stucco buildings (two singles, two duplexes and a two-story four-unit apartment) border a central garden court. Unique features include the use of "bee-hive"-shaped multi-pane wood-frame windows. The additional use of thick wood lintels, stepped parapets, battered walls and earth-tone irregular surfaced stucco, enhance the court's Pueblo revival style. A central reinforced concrete stairway leads up from Adams Avenue into the garden.

The building was designed and built by Glen Funcheon.. It is in Good condition. The total usable floor area is 5,568 square feet. The house features 12 bedrooms and 11 bathrooms. The total lot area is 10,807 square feet. Contributing.

This one-story building was designed in the California Bungalow style and features a U-shape plan with gabled roof and wood sided exterior. It appears that the window within the center section of the façade has been modified to a full-height, three part window. A paired window is located on the left section of the façade and a three-part window with fixed center section flanked by double-hung windows to the right. It is in Fair condition. The total usable floor area is 1,093 square feet. The house features 3 bedrooms and 2 bathrooms. The total lot area is 3,250 square feet. Contributing.

* P3a. Description: (Describe resource and its major elements. Include design, materials, condition, alterations, size, setting, and boundaries.)

Originally a one-story building, this Spanish Colonial Revival building is currently under construction for the addition of a second story. The original building features a stucco-clad exterior, a wood door and slightly recessed, multi-pane casement windows with canvas awnings above, and attached garage. At this time the compatibility of the second-story addition is difficult to determine. It is in Fair condition. The total usable floor area is 1,048 square feet. The house features 3 bedrooms and 1 bathroom. The total lot area is 2,866 square feet. Contributing.

This one-story building was designed in the Spanish Colonial Revival style and features a red tile roof and stucco clad exterior. There is a raised parapet on the southwest corner of the building which wraps around the corner on Hamilton Street. The building stretches along Adams Avenue with the slight red tile overhang. Windows and doors within the first floor are various shapes, with some alterations including several arched entryways. This building was identified as "potentially eligible for nomination to the San Diego Historical Site Board Register" by the North Park Redevelopment Project. It is in Fair condition. The total usable floor area is 4,500 square feet. The total lot area is 5,397 square feet. Contributing.

* P3a. Description: (Describe resource and its major elements. Include design, materials, condition, alterations, size, setting, and boundaries.)

This one-story building was designed in the California Bungalow style and features an unusual roofline. The flat roof is topped by a wood cornice detail that is interrupted at each corner of the building by slightly projecting column capped by a similar cornice. The building also features a wood pergola over the entry, double-hung windows, and wood-sided exterior. The design of this building is unique for North Park and warrants further investigation. It is in Good-to-Fair condition. The total usable floor area is 1,674 square feet. The house features 3 bedrooms and 2 bathrooms. The total lot area is 5,249 square feet. Individually Significant.

A one-story building is located at the rear of the parcel.

* P3a. Description: (Describe resource and its major elements. Include design, materials, condition, alterations, size, setting, and boundaries.)

This one-story building was designed in the California Bungalow style and features a front-gabled roof, gabled entry porch with tapered wood columns on brick piers and updated, vertical wood-sided exterior. The entry has been updated with a Classical style surround that includes a broken pediment and multi-pane sidelights. The original window to the right of the entry has been altered by the installation of a new window. It is in Fair-to-Poor condition. The total usable floor area is 1,616 square feet. The house features 3 bedrooms and 2 bathrooms. The total lot area is 4,996 square feet. Non-Contributing.

* P3a. Description: (Describe resource and its major elements. Include design, materials, condition, alterations, size, setting, and boundaries.)

This one-story building was designed in the Art Deco style and features a flat roof and large plate glass windows at the street level. The entry to the building is angled to face the corner. Although this building was identified as a "potentially eligible for nomination to the San Diego Historical Site Board Register" by the North Park Redevelopment Project, it appears as though the façade has been substantially renovated since the 1995 survey. It is in Fair-to-Poor condition. The total usable floor area is 2,250 square feet. The total lot area is 2,849 square feet. Non-Contributing.

* P3a. Description: (Describe resource and its major elements. Include design, materials, condition, alterations, size, setting, and boundaries.)

This two-story building was designed in the Spanish Colonial Revival style and features a rambling compound of four, wood-frame bungalow apartment units arranged in an irregular, informal pattern, surrounding a central landscaped garden courtyard. Access to the courtyard is by a split-level concrete stairway from the south. The court's Spanish colonial revival style architecture is also represented by the use of separate red tile roof forms, white stucco walls, wooden casement windows and French doors opening onto covered patios and balconies. It is in Good condition. The total usable floor area is 7,706 square feet. The house features 15 bedrooms and 10 bathrooms. The total lot area is 9,997 square feet. Individually Significant.

* P3a. Description: (Describe resource and its major elements. Include design, materials, condition, alterations, size, setting, and boundaries.)

This one-story building was designed in the Utilitarian style and features a side-gabled roof with stepped parapet, and wood-sided exterior. Three updated windows are within a slight shed-roof projection on the front elevation to the left of the double-door entry; tile is located below sill level. The building appears to have been slightly modified over time but the extent of the modifications is unknown. It is in Fair condition. The total usable floor area is 1,261 square feet. The total lot area is 2,339 square feet. Contributing.

This parcel is associated with the San Diego Electric Railway Cars 126, 128 and 138. The car storage was designated a San Diego Historical Landmark (#339) in January 1997. The parcel was not designated. The building on the parcel features a pyramidal hipped roof and wood-sided exterior. An addition has been added north of the building. It is in Fair-to-Poor condition. The total usable floor area is 1,356 square feet. The total lot area is 4,996 square feet. Individually Significant.

A non-contributing building is located at the rear of the parcel.

This parcel contains five, one-story buildings designed in the California Bungalow style. The most prominent building features a side-gabled roof, a clipped-gable entry porch with tapered columns on brick piers, and wood-sided exterior. A three-part wood window is located on either side of the central entry. The four rear buildings are located two each on each side of small yard and feature side-gabled roofs with exposed rafter ends and wood-sided exterior. Many of the windows have been updated over time. It is in Good-to-Fair condition. The total lot area is 7,497 square feet. Contributing.

* P3a. Description: (Describe resource and its major elements. Include design, materials, condition, alterations, size, setting, and boundaries.)

This two-story building was designed in the Spanish Colonial Revival style and features a flat roof with red-tile overhang, and stucco-clad exterior. The first floor of the building includes commercial storefronts with large windows topped by canvas awnings; one of the storefronts features an angled, corner entry. The second floor houses apartment units and includes paired and three-part double-hung wood windows and arched openings. This building was identified as "potentially eligible for nomination to the San Diego Historical Site Board Register" by the North Park Redevelopment Project. It is in Good-to-Fair condition. The total lot area is 4,874 square feet. Contributing.

* P3a. Description: (Describe resource and its major elements. Include design, materials, condition, alterations, size, setting, and boundaries.)

The Scott Memorial Community Church is located on the corner of Madison Avenue and Oregon Street; the complex, which has expanded over time, includes two buildings unified by their blue, stucco-clad exterior. The two-story Greek Revival style church building faces Oregon and features a front-gabled roof, a full-height gabled entry porch with four round columns, and a square tower to the right of the entry with steeple. A two-story, Beaux-Arts style school building with flat roof is located on the corner. The Oregon facade features full-height pilasters that divide the elevation into four sections; the corner section includes two-story multi-pane windows and the other three bays include paired, multi-pane windows in each bay. The Madison facade includes the main entry which is delineated by full-height pilasters. Full-height windows are located to the left of the entry; single and paired multi-pane windows within the first and second floors are located to the right. It is in Fair condition. Contributing.

The original church building was located on the southeast corner of the parcel and is included in the 1921 Sanborn Fire Insurance Map.

This two-story building was designed in the Craftsman style and features a front-gabled roof with gabled dormer, an enclosed gabled entry porch with multi-pane window, and shingle-sided exterior. A three-part wood window is located to the left of the entry and double-hung windows are located along the side elevation. It appears that this building has been modified over time but specific changes have not been verified at this time. It is in Fair-to-Poor condition. The total usable floor area is 1,504 square feet. The house features 4 bedrooms and 2 bathrooms. The total lot area is 7,497 square feet. Non-Contributing.

A two-story building is located at the rear of the parcel.

* P3a. Description: (Describe resource and its major elements. Include design, materials, condition, alterations, size, setting, and boundaries.)

This one-story building was designed in the Commercial style and features a flat roof with decorative cornice and stucco-clad exterior. The building is located on the corner of a triangular parcel and has three street-facing elevations. The Mission Avenue elevation features large, multi-pane windows and central entry with transom window. The Alabama Street elevation includes two storefronts with recessed doors and plate-glass windows. The Monroe Avenue elevation includes a side entry and windows. It is in Fair condition. The total usable floor area is 3,400 square feet. The total lot area is 4,299 square feet. Contributing.

A one-story, Mission Revival style building is located at the rear of the parcel, connected to the commercial buildings, and faced Mission Avenue. The building features a flat roof, a gabled entry hood, paired double-hung windows with multi-pane upper sash, and stucco-clad exterior. It is in fair condition.

* P3a. Description: (Describe resource and its major elements. Include design, materials, condition, alterations, size, setting, and boundaries.)

This one-story building was designed in the California Bungalow style and features a side-gabled roof, a front-gabled entry porch with square columns, and wood-sided exterior. The windows on either side of the central entry have been updated with aluminum sliding windows. The residence is set back on the elevated parcel with a one-car garage in front of the house at street level. A retaining wall and stairway are located to the right of the garage. It is in Good-to-Fair condition. The total usable floor area is 672 square feet. The house features 1 bedroom and 1 bathroom. The total lot area is 2,091 square feet. Contributing.

* P3a. Description: (Describe resource and its major elements. Include design, materials, condition, alterations, size, setting, and boundaries.)

This one-story building was designed in the California Bungalow style and features a side-gabled roof, a front-gabled entry porch enclosed by contiguous, single-pane windows, and updated siding. It appears as though the window that would have been located to the right of the porch has been removed. The residence is set back on the elevated parcel with a two-car garage to the south of the house at street level. A retaining wall and stairway are located to the left of the garage. It is in Fair-to-Poor condition. The total usable floor area is 936 square feet. The house features 2 bedrooms and 1 bathroom. The total lot area is 3,254 square feet. Non-Contributing.

* P3a. Description: (Describe resource and its major elements. Include design, materials, condition, alterations, size, setting, and boundaries.)

This one-story building was designed in the California Bungalow style and features a modified hipped roof, a front-gabled entry porch with tapered columns on brick piers, and stucco-clad exterior. A large brick chimney has been added to the façade and the original windows have been updated. It is in Fair-to-Poor condition. The total usable floor area is 1,608 square feet. The house features 4 bedrooms and 2 bathrooms. The total lot area is 5,223 square feet. Non-Contributing.

A one-story building (circa 1951) is located at the rear of the parcel.
