Thornwood Court is a U-shaped grouping of eight small, detached single-story bungalows, arranged around a narrow, communal garden court in front of a two-story garage unit along the rear alleyway. A decorative free-standing, open-frame timber ramada shades the entrance to the courtyard. The wood-frame, stucco-clad bungalows have flat roofs with raised, stepped parapets. Fenestration consists of fixed-pane windows along the street and double-hung windows elsewhere. The lack of decorative elements high-lights the court's (modernistic) influences of the late 1920s. It is in Good-to-Fair condition. The total usable floor area is 7,894 square feet. The house features 16 bedrooms and 14 bathrooms. The total lot area is 6,307 square feet. Contributing.
