Morena Conveyance South & Middle and Conveyance Bike Lanes Construction Alert

September 13, 2023

To learn more about projects in the Morena/Bay Park/Clairemont neighborhood, visit morena.purewatersd.org, call the project hotline at **833-MOR-PWSD (833-667-7973)** or email purewatersd@sandiego.gov.

*Para informes en español, por favor comuníquese al **833-MOR-PWSD (833-667-7973)**.*

WORK CANCELED: The street paving on Clairemont Drive scheduled for Wednesday and Thursday this week (referenced below) has been canceled. Another e-blast will be sent once the work has been rescheduled. We're estimating that the paving will take place during the week of 9/18.

Upcoming Street Paving on Clairemont Drive

This week, the **westbound** lanes of Clairemont Drive between Erie Street and Fairfield Street will be paved. Work will occur during the day on Wednesday, September 13 and Thursday, September 14. Crews will first grind the roadway using heavy machinery, then place a new layer of asphalt down once the grinding is completed. Temporary lane markings will be installed and remain until permanent striping is installed in the coming days.

Noise and dust are expected throughout the duration of the grinding and paving work.

Please exercise caution, observe any no parking signage, and follow any traffic control and/or flaggers on site if you travel through the work zone during this time.

Construction notices are posted on morena.purewatersd.org. Please contact purewatersd@sandiego.gov or **833-MOR-PWSD (833-667-7973)** with questions about the City's Pure Water Program and/or the Morena Conveyance South & Middle and Conveyance Bike Lanes project, and a team member will get back to you within one business day.

Visit the project website for more information

To forward this e-blast, [forward this link.](#)

**Safety of the construction crews and community is our top priority.
Please slow down near work sites and follow pedestrian instructions.**

About Pure Water San Diego

Pure Water San Diego is the City of San Diego's phased, multi-year program that will provide nearly half of San Diego's water supply locally by 2035. Pure Water San Diego will use proven water purification technology to clean recycled water to produce safe, high-quality drinking water. The Program offers a cost-effective investment for San Diego's water needs and will provide a reliable, sustainable water supply.

Phase 1 includes several projects that will clean recycled water to produce 30 million gallons per day (mgd) of high-quality purified water, reducing the City of San Diego's dependence on imported water.
