
Morena, Bay Park, and Clairemont

Morena Conveyance South & Middle and Conveyance Bike Lanes Construction Alert

September 19, 2023

To learn more about projects in the Morena/Bay Park/Clairemont neighborhood, visit morena.purewatersd.org, call the project hotline at **833-MOR-PWSD (833-667-7973)** or email purewatersd@sandiego.gov.

*Para informes en español, por favor comuníquese al **833-MOR-PWSD (833-667-7973)**.*

New Traffic Control, Crews Progressing on Clairemont Drive

Crews have recently set up traffic control on Clairemont Drive between Iroquois Avenue and Blackfoot Avenue. Work to excavate and install pipeline in the roadway will occur **during the day**. Welding and additional work to complete pipeline installation will occur **during the night**. Crews will do everything they can to keep the noise to a minimum while working at night.

Day work hours are from 7:30 a.m. to 4:30 p.m. Night work hours are from 9 p.m. to 5 a.m.

Our current schedule is estimating that work between Iroquois Avenue and Blackfoot Avenue will last approximately 3 weeks. After that, crews will move further north on Clairemont Drive.

Parking restrictions will be in place throughout the work area, please avoid parking in areas with no parking signs. Please exercise caution, observe any signage, and follow any traffic control and/or flaggers on site if you travel through the work zone during this time.

Noise and dust are expected throughout the duration of the work.

Construction notices are posted on morena.purewatersd.org. Please contact purewatersd@sandiego.gov or **833-MOR-PWSD (833-667-7973)** with questions about the City's Pure Water Program and/or the Morena Conveyance South & Middle and Conveyance Bike Lanes project, and a team member will get back to you within one business day.

Visit the project website for more information

**Safety of the construction crews and community is our top priority.
Please slow down near work sites and follow pedestrian instructions.**

About Pure Water San Diego

Pure Water San Diego is the City of San Diego's phased, multi-year program that will provide nearly half of San Diego's water supply locally by 2035. Pure Water San Diego will use proven water purification technology to clean recycled water to produce safe, high-quality drinking water. The Program offers a cost-effective investment for San Diego's water needs and will provide a reliable, sustainable water supply.

Phase 1 includes several projects that will clean recycled water to produce 30 million gallons per day (mgd) of high-quality purified water, reducing the City of San Diego's dependence on imported water.
