(a) through (h) [No change in text.]

(i) A *development* proposal requesting an affordable housing *density* bonus is subject to the following:

(1) through (5) [No change in text.]

(6) For *development* meeting the criteria in Sections 143.0720(c)(1), 143.0720(c)(2), 143.0720(d)(2), or 143.0720(f), where an *applicant* has not requested an incentive or waiver to exceed the maximum *structure height* or *setbacks* of the base zone, an additional *density* bonus of 10 percent of the pre-*density* bonus

dwelling units shall be granted, provided that *development* of the additional *density* does not cause the need for an incentive, waiver, or deviation to exceed the maximum *structure height* or *setbacks* of the base zone. For *development* meeting the same criteria within the Centre City Planned District, the *density* bonus shall apply to the maximum allowable *floor area ratio* applicable to the *development* consistent with Section 156.0309(e).

(7) through (10) [No change in text.]

Active commercial uses mean commercial uses that are accessible to the general public, that generate walk-in clientele, and that contribute to a high level of

pedestrian activity. *Active commercial uses* include retail shops, eating and drinking establishments, commercial recreation and entertainment, personal and convenience services, financial institutions, cultural institutions, and galleries. *Active commercial uses* are listed in Table 156.0308-A as being permitted on *Main Streets*.

Alternative Interim Uses through *Public open space* [No change in text.]

Pushcart through *Setback* [No change in text.]

Stepback through *Urban open space* [No change in text.]

§156.0304 Administration and Permits

(a) through (h) [No change in text.]

(i) City Facilities Exemption

City of San Diego *Capital Improvement Program Projects*, including fire stations, police department facilities, and *structures* within *public open space* areas, shall be exempt from the requirement to obtain a *development permit* with the exception of Coastal Development Permits and Site Development Permits for *historical resources*. These projects shall be presented to the officially recognized community planning group as an informational item prior to a decision being made on the project.

§156.0305 Rules of Calculation and Measurement

The Rules of Measurement provided in Chapter 11, Article 3, Division 2 of this Code shall apply to the Centre City Planned District.

(a) When this Division cites *lot* areas for regulatory purposes, such *lot* areas shall be approximate and reflect the following examples:

- (1) Single *lot* of record = 5,000 square feet, plus or minus ten percent.
 - (2) Two *lots* of record = 10,000 square feet, plus or minus ten percent.
- (b) *Gross floor area* shall be calculated in accordance with Section 113.0234, with the following modifications:
- (1) Underground parking *structures* count as *gross floor area* where, at any point, the vertical distance from final *proposed grade* to the finished *floor* elevation immediately above is more than 3 feet, 6 inches.
 - (2) Phantom *floors*, as defined in Section 113.0234(b)(4) shall not count as *gross floor area* in either residential or commercial buildings.
 - (3) *Roof decks* shall not be counted as *gross floor area* pursuant to Section 113.0234(b)(5) unless the perimeter walls enclosing the area exceed 6 feet in height for non-transparent materials or 8 feet for transparent materials.
 - (4) Notwithstanding Section 113.0234(d)(2), interior modifications involving the addition of actual *floor* area count as *gross floor area* except where:
 - (A) The addition is within the *structural envelope* of a building for which building permits were issued prior to May 3, 2006; or

- (B) The addition consists of a mezzanine that is within the *structural envelope* of a building and is less than one-half of the *floor* area immediately below.
- (5) Mechanical *penthouses* do not count against *gross floor area* when architecturally integrated into the overall building design.

§156.0307 Land Use Districts

Twelve land use districts, shown in Figure B, define geographic areas that are subject to specific land use classifications. In addition, twelve overlay districts, shown in Figures C, D, and F, establish areas where additional requirements apply. Permitted land use classifications within each land use district are shown on Table 156-0308-A. Specific requirements for minimum percentages of *active commercial uses* and commercial uses on the ground-floor along *street frontages* are provided.

(a) Base Districts

The purpose of each base district is as follows:

- (1) Core (C). This district serves as a high-intensity office and employment center. The district operates as a center of regional importance and as a primary hub for businesses, communications, offices, and *hotels* with fewer restrictions on building bulk and *tower* separation than in other districts. *Mixed-use development* shall be accommodated as an important component of the area's vitality. Retail, educational, entertainment, residential, civic, governmental, and *cultural uses* are permitted. Within the C

District, a minimum of 40 percent of the ground-*floor street frontage* shall contain commercial uses.

- (2) Neighborhood Mixed-Use Center (NC). This district ensures *development* of distinctive centers around plazas, parks, and *main streets* that provide a focus to the neighborhoods by supporting a mix of residential and non-residential *developments* that contain *active commercial uses* on the ground *floor* along *Main Streets*. A broad array of compatible uses, including retail, eating and drinking establishments, residential, office, educational, indoor recreation, and *cultural uses* are permitted. Building volume restrictions apply to allow sunlight to reach *streets* and public spaces, and design standards seek to establish pedestrian-oriented *development*.
- (3) [No change in text.]
- (4) Ballpark Mixed-Use (BP). This district accommodates *mixed-use developments* that support major sporting facilities and visitor attractions. A broad array of other uses are also permitted, including eating and drinking establishments, *hotels*, offices, research and development facilities, *cultural institutions*, residential uses, live/work spaces, and parking facilities.
- (5) Waterfront/Marine (WM). This district permits a range of maritime-related uses, including ocean related industry, major tourist and local visitor attractions, trade, office, eating and

drinking establishments, retail, parking facilities, *cultural institutions*, and *hotels*.

- (6) Mixed Commercial (MC). This district accommodates a diverse array of uses, including residential, artist studios, live/work spaces, *hotels*, offices, research and development, and retail. Commercial and service uses, including light industrial and repair, warehousing and distribution, transportation, and communication services that are essential for the livelihood of businesses and residents of the downtown area are also permitted.
- (7) Residential Emphasis (RE). This district accommodates primarily residential *development*. Small-scale businesses, offices, services, and ground-floor *active commercial uses* are allowed, subject to size and area limitations.

Within the RE District, at least 80 percent of the *gross floor area* must be occupied by residential uses. Non-residential uses may occupy no more than 20 percent of the *gross floor area*. Small *lots* of 5,000 square feet or less may apply for a deviation to the percentage requirements of the RE District through the Conditional Use Permit process.

- (8) Industrial (I). This district permits a range of industrial uses, including light manufacturing, transportation services, repair and storage, and energy-generation facilities.

- (9) Transportation (T). This district accommodates uses related to trolley, passenger and freight rail operations, maintenance and repair, and associated activities.
- (10) Convention Center/Visitor (CC). This district provides an area for convention centers, *hotels*, and parks and open spaces for visitor uses.
- (11) Public/Civic (PC). This district provides a center for government, civic uses, *cultural institutions*, educational facilities, and public and support services, and it accommodates residential uses. Within the PC District, a minimum of 40 percent of the ground-*floor street frontage* shall contain commercial uses.

(12) [No change in text.]

(b) Overlay Districts

The following Overlay Districts apply as illustrated in Figures C, D, and F:

(1) through (3) [No change in text.]

- (4) *Commercial Street* Overlay (CS). On *commercial streets*, a minimum of 60 percent of the ground-*floor street frontage* shall contain commercial uses. This requirement shall only apply along the east side of Park Boulevard. Uses appropriate for *commercial streets* are identified in Table 156-0308-A, under *Main Street/Commercial Street* overlays. *Alternative Interim Uses* may be permitted pursuant to Section 156.0315(e).

- (5) [No change in text.]
- (6) Employment Overlay (E). To ensure adequate opportunities for employment based commercial uses, at least 50 percent of the *gross floor area* within each *development* in this overlay district shall be dedicated to *employment uses* such as professional office, education, *cultural uses*, retail, *hotel*, or similar commercial uses. Residential uses in this district shall not exceed 50 percent of the *gross floor area* within any *development*. The 50 percent residential limitation may be exceeded through the Affordable Housing Regulations of Chapter 14, Article 3, Division 7. *Development* approved through an *OPA* or *DDA* may phase *development* build-out, allowing non-employment phases to precede employment phases, subject to strict performance standards established by set timeframes for *employment use* construction plan completion, plan submittal, and other requirements to ensure timely completion. In order to meet the 50 percent *employment use* requirement, a *development* may not include any employment area for which building permits have been obtained and construction commenced before May 3, 2006. In the E District, existing *floor area* dedicated to *employment use* or similar commercial use shall not be converted to any non-*employment use*. Uses appropriate for the E overlay are identified in Table 156-0308-A, under Employment Overlay.

(7) through (10) [No change in text.]

(11) *Main Street Overlay (MS)*. On designated *main streets*, a minimum of 80 percent of the *ground-floor street frontage* shall contain *active commercial uses*. Those uses which are appropriate for locations along *main streets* are identified in Table 156-0308-A, under *Main Street/Commercial Street* overlays. On *lots* of 10,000 square feet or less, the percentage of *active commercial uses* may be reduced to 50 percent of the *street frontage*. *Alternative Interim Uses* may be permitted pursuant to Section 156.0315(e).

(12) through (14) [No change in text.]

§156.0308 Base District Use Regulations

(a) [No change in text.]

(b) *Previously Conforming Land Uses and Structures*

Land uses and *structures* that were legally established under previous regulations but that do not conform to the land use regulations of this Article may continue to exist and operate pursuant to Chapter 12, Article 7, Division 1 of the Land Development Code, with the exception that the *gross floor area of previously conforming uses and structures* may be expanded up to 100 percent through a Neighborhood Use Permit. Within the Residential Emphasis District, *previously conforming uses* may be placed next to conforming commercial uses without complying with the 80 percent residential land use requirement for new *development*.

(a) Base Minimum and Maximum *FARs*

The minimum and maximum *base FARs* for each site within the Centre City Planned District are illustrated in Figure H; these *FARs* set parameters for the general bulk and intensity of *development*. (b) [No change in text.]

(c) *Development Permit FAR*

The approval and recordation of a *development permit* establishes the distribution of *gross floor area* within the *development*. Section 39. That prior to becoming effective, this Ordinance shall be submitted to the San Diego County Regional Airport Authority (SDCRAA) for a consistency determination.

That if the SDCRAA finds this Ordinance consistent with the Airport Land Use Compatibility Plans (ALUCP) for San Diego International Airport, Marine Corps Air Station Miramar, Gillespie Field, Montgomery Field, and Brown Field Airports (collectively, Airports), this Ordinance shall take effect and be in force on the thirtieth day from and after the finding of consistency, or on the thirtieth day from and after its final passage, whichever is later, except that the provisions of this Ordinance inside the Coastal Overlay Zone, which are subject to California Coastal Commission jurisdiction as a City of San Diego Local Coastal Program amendment, shall not take effect until the date the California Coastal Commission unconditionally certifies those provisions as a local coastal program amendment.

(a) When this Division cites *lot* areas for regulatory purposes, such *lot* areas shall be approximate and reflect the following examples:

(1) Single *lot* of record = 5,000 square feet, plus or minus ten percent.

(2) Two *lots* of record = 10,000 square feet, plus or minus ten percent.

(b) Gross floor area shall be calculated in accordance with Section 113.0234, with the following modifications:

~~(a)~~(1) Underground parking *structures* count as *gross floor area* where, at any point, the vertical distance from final ~~proposed~~ proposed *grade* to the finished *floor* elevation immediately above is more than 3 feet, 6 inches.

§156.0307 Land Use Districts

Twelve land use districts, shown in Figure B, define geographic areas that are subject to specific land use classifications. In addition, twelve overlay districts, shown in Figures C, D, and F, establish areas where additional requirements apply. Permitted land use classifications within each land use district are shown on Table 156-0308-A. Specific requirements for minimum ~~and maximum~~ percentages of *active commercial uses* and commercial uses on the ground-*floor* along *street frontages* are provided.

(a) Base Districts

The purpose of each base district is as follows:

- (1) Core (C). This district serves as a high-intensity office and employment center. The district operates as a center of regional importance and as a primary hub for businesses, communications, offices, and *hotels* with fewer restrictions on building bulk and *tower* separation than in other districts. *Mixed-use development* shall be accommodated as an important component of the area's vitality. Retail, educational, entertainment, residential, civic, governmental, and *cultural uses* are permitted. Within the C

District, a minimum of 40 percent of the ground-floor *street frontage* shall contain ~~active commercial uses~~ commercial uses.

- (2) Neighborhood Mixed-Use Center (NC). This district ensures *development* of distinctive centers around plazas, parks, and *main streets* that provide a focus to the neighborhoods by supporting a mix of residential and non-residential *developments* that contain *active commercial uses* on the ground floor along Main Streets. A broad array of compatible uses, including retail, eating and drinking establishments, residential, office, educational, indoor recreation, and *cultural uses* are permitted. Building volume restrictions apply to allow sunlight to reach *streets* and public spaces, and design standards seek to establish pedestrian-oriented *development*. ~~Within the NC District, a minimum of 40 percent of the ground floor frontage facing onto a public street or public open space (except for Outfield Park) shall contain active commercial uses. Alternative Interim Uses may be permitted pursuant to Section 156.0315(e).~~

- (3) [No change in text.]
- (4) Ballpark Mixed-Use (BP). This district accommodates *mixed-use developments* that support major sporting facilities and visitor attractions. A broad array of other uses are also permitted, including eating and drinking establishments, *hotels*, offices, research and development facilities, *cultural institutions*,

residential uses, live/work spaces, and parking facilities. ~~Within the BP District, a minimum of 40 percent of the ground floor street frontage shall contain active commercial uses.~~

- (5) Waterfront/Marine (WM). This district permits a range of maritime-related uses, including ocean related industry, major tourist and local visitor attractions, trade, office, eating and drinking establishments, retail, parking facilities, *cultural institutions*, and *hotels*. ~~Within the WM District, a minimum of 20 percent and a maximum of 50 percent of the ground floor street frontage shall contain active commercial uses.~~
- (6) Mixed Commercial (MC). This district accommodates a diverse array of uses, including residential, artist studios, live/work spaces, *hotels*, offices, research and development, and retail. Commercial and service uses, including light industrial and repair, warehousing and distribution, transportation, and communication services that are essential for the livelihood of businesses and residents of the downtown area are also permitted. ~~Within the MC District, up to 100 percent of the ground floor street frontage may be active commercial uses.~~
- (7) Residential Emphasis (RE). This district accommodates primarily residential *development*. Small-scale businesses, offices, services, and ground-floor *active commercial uses* are allowed, subject to size and area limitations.

Within the RE District, at least 80 percent of the *gross floor area* must be occupied by residential uses. Non-residential uses may occupy no more than 20 percent of the *gross floor area*. Small *lots* of 5,000 square feet or less may apply for a deviation to the percentage requirements of the RE District through the Conditional Use Permit process. ~~*Floor area dedicated to active commercial uses to satisfy the requirements of either the Main Street or Commercial Street overlay districts shall not be counted against the maximum non-residential percentage of gross floor area.*~~

- (8) Industrial (I). This district permits a range of industrial uses, including light manufacturing, transportation services, repair and storage, and energy-generation facilities. ~~*Within the I District, no more than 20 percent of the ground floor street frontage may be active commercial uses.*~~
- (9) Transportation (T). This district accommodates uses related to trolley, passenger and freight rail operations, maintenance and repair, and associated activities. ~~*Within the T District, no more than 20 percent of the ground floor street frontage may be active commercial uses.*~~
- (10) Convention Center/Visitor (CC). This district provides an area for convention centers, *hotels*, and parks and open spaces for visitor uses. ~~*Within the CC District, a minimum of 20 percent and a*~~

~~maximum of 40 percent of the ground-floor street frontage shall contain active commercial uses.~~

- (11) Public/Civic (PC). This district provides a center for government, civic uses, *cultural institutions*, educational facilities, and public and support services, and it accommodates residential uses. Within the PC District, a minimum of 40 percent of the ground-floor street frontage shall contain ~~active commercial uses~~ commercial uses.

- (12) [No change in text.]

- (13) Public Facilities (PF). This district is intended to accommodate one or more existing or proposed ~~public safety facilities~~. ~~Mixed use developments are allowed within this district provided the public safety facility is located within the development.~~

(b) Overlay Districts

The following Overlay Districts apply as illustrated in Figures C, D, and F:

- (1) through (3) [No change in text.]

- (4) *Commercial Street Overlay (CS)*. On *commercial streets*, a minimum of 60 percent of the ground-floor street frontage shall contain ~~active commercial uses~~ commercial uses. Along This requirement shall only apply along the west east side of Park Boulevard, a minimum of 40 percent of the ground-floor street frontage shall contain ~~active commercial uses~~. Uses appropriate for *commercial streets* are identified in Table 156-0308-A, under *Main*

Street/Commercial Street overlays. *Alternative Interim Uses* may be permitted pursuant to Section 156.0315(e).

- (5) [No change in text.]
- (6) Employment Overlay (E). To ensure adequate opportunities for employment based commercial uses, at least 50 percent of the *gross floor area* within each *development* in this overlay district shall be dedicated to *employment uses* such as professional office, education, *cultural uses*, retail, *hotel*, or similar commercial uses. Residential uses in this district shall not exceed 50 percent of the *gross floor area*, ~~counted against the base FAR as illustrated in Figure H,~~ within any *development*. The 50 percent residential limitation may be exceeded through the Affordable Housing Regulations of Chapter 14, Article 3, Division 7. *Development* approved through an *OPA* or *DDA* may phase *development* build-out, allowing non-employment phases to precede employment phases, subject to strict performance standards established by set timeframes for *employment use* construction plan completion, plan submittal, and other requirements to ensure timely completion. In order to meet the 50 percent *employment use* requirement, a *development* may not include any employment area for which building permits have been obtained and construction commenced before May 3, 2006. In the E District, existing *floor area* dedicated to *employment use* or similar commercial use shall not be

converted to any non-*employment use*. Uses appropriate for the E overlay are identified in Table 156-0308-A, under Employment Overlay.

(7) through (10) [No change in text.]

(11) *Main Street Overlay (MS)*. On designated *main streets*, a minimum of 80 percent of the *ground-floor street frontage* shall contain *active commercial uses*. Those uses which are appropriate for locations along *main streets* are identified in Table 156-0308-A, under *Main Street/Commercial Street* overlays. On lots of 10,000 square feet or less, the percentage of *active commercial uses* may be reduced to 50 percent of the *street frontage*. *Alternative Interim Uses* may be permitted pursuant to Section 156.0315(e).

(12) through (14) [No change in text.]

§156.0308 Base District Use Regulations

(a) [No change in text.]

(b) *Previously Conforming Land Uses and Structures*

Land uses and *structures* that were legally established under previous regulations but that do not conform to the land use regulations of this Article may continue to exist and operate pursuant to Chapter 12, Article 7, Division 1 of the Land Development Code, with the exception that the *gross floor area of previously conforming uses and structures* may be expanded up to 100 percent through a Neighborhood Use Permit. Within the Residential Emphasis District, *previously conforming uses* may be

placed next to conforming commercial uses without complying with the
80 percent residential land use requirement for new development.
