ACTION ITEMS

WORKSHOP ITEMS

Shannon Scoggins announced that we here for a CRG meeting, but we don't have enough members to have an official meeting, so we just had an informational meeting. Shannon Scoggins led the meeting by introduction of the team and discussed the park implantation process. Rita Mahoney introduces the design team and a brief overview of Colrich's involvement and history on this project. Ian Morris from Groundlevel, presented the overall park design process discussion; what makes a great park, project location, design character, park parameters and potential park programming and amenities. It was determined that even though there enough members to constitute a quorum, this initial meeting would count as the official community workshop #1 and the second workshop would occur on October 6th.

ADOPTION ITEMS

None

UPCOMING EVENTS AND INFORMATION
