Department Procedure 1.08 Carotid Restraint has been updated with extensive changes. A Success Factors video is available to highlight some of the changes found in the updated procedure. This video is mandatory for all sworn Department members. The video is currently available for viewing on Success Factors. All sworn Department members shall view this video in its entirety between *September 26, 2019 and November 8, 2019*.

There are two options for ensuring all Department members view this video.

Option 1 - Individual Department members may watch the video through their individual Success Factors account. If the video is viewed using this option, Department members will click "agree" at the bottom of the page at the conclusion of the video. By clicking "agree" the Department member will receive credit for watching the video and the In-Service Training Unit will automatically be notified.

Option 2 - Supervisors may facilitate viewing of the video in a lineup format. If this option is used, the supervisor facilitating the lineup will use their Success Factors account to retrieve the video. The supervisor facilitating the viewing is responsible for capturing a roster of all Department members at the viewing using the roster attached to this order. Once completed, the roster shall be scanned and emailed to Officer Joshua Hodge at <u>jhodge@pd.sandiego.gov</u>. If the final roster is not submitted, those who watched the video in the lineup will not receive appropriate credit.

- 3. In the middle of the screen you will see a box with the header "Find Learning" that contains a search line which reads, "What do you want to LEARN today?" In that search box type "Carotid Restraint D.P. 1.08 Update".
