ADDITIONAL NOTES FOR SALARIED EMPLOYEES

- Only the hours necessary for tracking purposes (in this case related to COVID-19) need to be entered.** Salaried employees do not need to enter all working hours on their timecards. The system automatically assumes 80 hours “Regular Working” time every pay period unless the employee enters otherwise (e.g. Annual Leave, Discretionary Leave, etc.).

As an example, if the employee is regularly scheduled for an 8.0 hour shift on Monday 4/6, but enters 4.0 hours as “Regular Working” referencing the COVID-19 IO 16000036 that same day, the system automatically assumes the remaining 4.0 hours as “Regular Working” without any additional entries necessary.

- Salaried employees are not eligible for overtime pay.** If you try entering overtime, the system will give you an error message and will not save.
