Tuesday, June 14, 2016 • 1:30 pm – 4:00 pm

Participate to WIN a Samsung Galaxy Tablet!

Refreshments will be provided

The San Diego Public Library was recently awarded a grant to help increase Sex Trafficking Awareness in San Diego communities. The Logan Heights Branch Library was identified as one of seven libraries with communities that have known gang violence, poverty, or a large population of at risk youth targeted for special outreach and awareness campaigns.

We would like to invite you to participate in our community event where we hope to bring everyone together to share resources and raise awareness about this issue. Learn about resources that can assist with prevention and increasing public awareness in the Logan Heights community while participating in a fun scavenger hunt. This problem can't be solved in one day, but together we can brainstorm and share ideas to educate our community, reach out to those who may be hidden/silent victims, and to let them know that there is hope and ways to end this terrible social crime.
