PAB public communications

Item to boost Privacy Advisory Board public visibility, impact, and engagement

- Establish channels to communicate:
 - * latest board news
 - * meeting information and location updates
 - * availability of resources (e.g. minutes, surveillance use policy, and impact reports)
 - * answers to questions
- Announce communication of PAB to city departments
- Inclusion in council district newsletters
- Ongoing identification of surveillance issues impacting the city that board may have interest in
