PROPOSITION NO. 1
Amend Section 53 of the Charter

of The City of San Diego, so as to read as follows:

NOTE: Portions to be deleted are enclosed in brackets. Portions to be added are shown in black face type.

"Section 53. WATER DEPARTMENT. There shall be included in the administrative organization of the City a separate department to be known as the Water Department. The Manager shall appoint a Director of the Water Department who shall have supervision of the operations of the Water Department. The Department shall consist of [three] such divisions [or bureaus, viz., the Division of Development and Conservation, the Division of Distribution, and the Division of Accounts] as may be created by ordinance. The financial information and records on which the amounts are to be kept shall be established and maintained by the Water Department Accountant, in accordance with methods set forth in Section 109 of the City Charter.

[(a) The Manager shall appoint a competent hydraulic engineer, who shall have charge of the Division of Development and Conservation and of such subordinate officers and employees in said Division as shall be authorized by ordinance. This Division shall have charge of all matters and things connected with, incidental or necessary to the development and conservation of water, and also of the conveyance and delivery of water to the distributing system of the City and to such consumers as are authorized to receive water from the City along the line of its supply.]

[(b) The Manager shall appoint a Superintendent of Distribution in the Water Department and such subordinate officers and employees as may be authorized by ordinance. This Division shall have charge of the distributing system of the City both within and without the territorial boundaries of the City, and of the actual distribution of water to the consumer, including the construction and maintenance of water mains, services and meters used in the distribution of water to the consumer. The Council shall from time to time establish a schedule of charges for water delivered by the City to the consumer, classified according to the purpose for which and the quantity of water used. Each such schedule shall be general in its application, and shall apply to all consumers. All Departments of the City using water from the distributing system shall pay for the same at the same rates as other consumers.]

[(c) The Manager shall appoint a qualified accountant who shall have charge of the Division of Accounts and of such subordinate officers and employees in said Division as shall be authorized by ordinance. This Division shall have charge of all accounts and records required to be kept and maintained by Section 109 of this Charter with respect to said Water Department.]

[(d) The council must provide an adequate sum in the annual appropriation ordinance for the proper maintenance of the Department.] All revenues of the Water Department shall be deposited in a Water Department Fund. The Manager shall include in the annual budget the estimated expenditure and reserve requirements of the Water Department Fund. The City Council using such estimates as a basis shall include in the annual appropriation ordinance for the Water Department Fund provision for operating and maintenance costs; replacements, betterments, and expansion of facilities; payments necessary for obtaining water from the Colorado River; any other contractual obligations; reserves for future expansion of water utility plant; reserves for future water purchases. In addition thereto, the Council shall levy annually a tax sufficient to provide for the redemption of municipal bonds heretofore or hereafter issued for water purposes, together with a sum sufficient to pay the interest thereon. The amount of money necessary to be raised each year for the redemption of water bonds and the payment of interest thereon and for the retirement of any other funded or contractual indebtedness incurred by purchase or otherwise for the development, conservation or distribution of water shall be charged annually against the Water Department on the accounts of the City. [All revenues, except such as

have been heretofore appropriated by contract to some specific purpose, in excess of the amount necessary for the maintenance and operation of such Water Department shall be transferred monthly to the General Fund of the City and shall be available thereafter for use for any legal City purposes, and all such surplus funds so transferred shall be credited on the accounts of the City as a reimbursement credit for the monies paid by the City each year for the redemption of water bonds and the payment of interest thereon. Such accounts shall be kept by the City Auditor and Comptroller until such water bonds have been actually redeemed.] Only after providing the requirements for Water Department purposes as set forth above may the City Council in the annual appropriation ordinance provide for the transfer to the General Fund of the City any excess revenues accruing to the Water Department Fund. Such revenue transferred to the General Fund shall be available thereafter for use for any legal City purpose. All such surplus funds so transferred shall be credited on the accounts of the City as a reimbursement credit for the monies paid by the City each year for the redemption of Water Bonds and the payment of interest thereon, costs of services and facilities furnished to the Water Department by other City departments and funds, and an amount equal to the estimated loss in taxation which would be paid to the City by the Water Utility if it were not municipally owned, together with a reasonable profit on the City's investment in the water system.

[(e) The Manager shall appoint an Advisory Commission of [three] five citizens who have knowledge of water development problems and who shall not serve longer than five years without being reappointed, whose duties shall be as prescribed in Section 43 of this Charter. [to advise with the City Manager and the Council on plans for future water development.]

[(f) The Council shall have power to employ special counsel for the purpose of advising and representing the City in all matters, proceedings and things relating to or concerning the development, impounding and distribution of water."

[The Park Director shall, subject to the advice of the Manager, supervise the administration of the affairs of the Cemetery and Street Trees Divisions and shall, in addition, be the executive officer and director of activities of the Park Division.]

The City Council shall, by ordinance, adopt regulations for the proper use and protection of said park property, cemeteries, playgrounds, and recreation facilities thereof. The Manager is charged with the enforcement of such regulations.

All real property heretofore or hereafter designated or set aside for park, recreation or cemetery purposes shall not be used for any but

park, recreation or cemetery purposes without such changed use or purpose having been first authorized or permitted in such manner as is prescribed by the laws of the State of California in such cases and until such changed use or purpose is first authorized or ratified by a vote of two-thirds of the qualified electors of the City voting at an election for that purpose. Provided, however, that whenever the Council deems it to be for the best interests of the City, the Council may authorize the City Manager to enter into leases or contracts or let concessions, upon such terms and conditions as the Council shall prescribe for the use and operation of [the City Stadium in Balboa Park and for the use and operation of City owned equipment and facilities of an amusement character located in the parks of the city,] city-owned equipment and facilities of a recreational, cultural or educational character located in the park, cemetery or recreation property of the City, together with buildings and space therein necessary and convenient for the operation of the same.

The Park and Recreation Director shall have [the power, with the approval or on the recommendation of the Manager, and when not inconsistent with the proper park development or use, to permit the use by the Playgrounds and Recreation Department of suitable and convenient areas in any of the parks in the City for playgrounds, recreation centers or recreation camps.]

He shall have authority to establish, maintain, promote and operate all types of recreation, either within or without the City limits, which may be consistent with the purposes of this Section, and shall perform and exercise all other duties or powers which may be prescribed by general law or ordinance which relates to the activities of park, cemetery, playground and recreation operations in the City of San Diego.

The Park and Recreation Director shall have all other powers conferred upon Boards of Park Commissioners by general laws, but the people may by a two-thirds vote modify such law so as to designate boulevards, streets and highways in the parks and parkways as part of the public street and road system of the City and give to the Manager supervision over the construction, repair and maintenance thereof.

(b) The Cemetery Division shall, subject to the advice of the Park Director, be charged with the management, control, preservation, regulation, improvement and embellishment of all public burial grounds and cemeteries belonging to the City, and the sale of lots therein.

[The net proceeds from the sale of such lots shall be deposited with the City Treasurer to be placed in the Cemetery Perpetuity Fund.]

[The Cemetery Perpetuity Fund shall be administered by the Funds Commission and shall be vested in such income producing securities as the Funds Commission may decide; the principal of the Perpetuity Fund (subject to such accretion or diminution as may result from investing the same), shall not be available for meeting expenses of maintenance or upkeep of any nature whatsoever, but the income derived from such investment shall be transferred to the control of the Cemetery Division to be expended in the maintenance and upkeep of the Cemeteries.]

[The Cemetery Division shall have the power to construct, maintain and operate crematoriums, chapels and such other adjuncts as properly pertain to cemeteries, in so far as available funds will permit.]

(c) The Street Trees Division shall, subject to the advice of the Park Director, have charge of the planting, maintaining, and removal of trees along the streets and boulevards of the City.]

DIVISION OF PARKS. The Division of Parks shall consist of the Superintendent of Parks and such subordinate officers and employees as shall be authorized.

The Superintendent of Parks shall have charge of the construction, improvement, repair and maintenance of the parks, parkways, plazas, street trees, golf courses and landscaping of city-owned property. He shall have charge of the management, control, preservation, regulation, improvement and embellishment of all public burial grounds and cemeteries belonging to the City, and the sale of lots therein. He shall supervise such other operations of the department as may be assigned by the Director of Parks and Recreation.

That at least fifty per cent of the net proceeds from the sale of cemetery lots shall be deposited with the City Treasurer to be placed in the Cemetery Perpetuity Fund.

The Cemetery Perpetuity Fund shall be administered by the Funds Commission and shall be invested in such income-producing securities as the Funds Commission may decide; the principal of the Perpetuity Fund (subject to such accretion or diminution as may result from investing the same), shall not be available for meeting expenses of maintenance or upkeep of any nature whatsoever, but the income derived from such investment shall be expended in the maintenance and upkeep of the Cemeteries.

DIVISION OF RECREATION. The Division of Recreation shall consist of the Superintendent of Recreation and such subordinate officers and employees as shall be authorized.

The Superintendent of Recreation shall have charge of playgrounds, recreation centers, recreation camps and recreation activities held on any property under jurisdiction of the Park and Recreation Department or on beaches and piers which may be owned, controlled or operated by the City, either within or without the City limits. He shall supervise such other operations of the Department as may be assigned by the Director of Parks and Recreation.

The Manager shall have authority to enter into such contracts as may be deemed desirable for the best interests of The City of San Diego for the joint operation and control of playgrounds by the San Diego Unified School District and the City. All such contracts shall be executed by the Board of Education of the San Diego Unified School District, and may provide:

(aa) For the joint operation and control of playgrounds or recreation fields which may be owned by either the City or the said School District.

(bb) For selection of personnel to control such jointly operated playgrounds and recreation fields.

(cc) For payment of compensation to personnel so selected under and by virtue of the authority of said contract.

(dd) For proper maintenance and equipment of such jointly-owned and operated playgrounds and recreation fields.

In the event that a contract is entered into with the San Diego Unified School District as herein authorized, the power of the Park and Recreation Director to appoint a Superintendent of Recreation shall be limited so as to be consistent with the terms of such contract.

PARK COMMISSION. The Manager shall appoint a Park Commission of five members who shall not serve longer than five years without being reappointed, and whose powers shall be as prescribed in Section 43.

RECREATION COMMISSION. There is hereby created a Recreation Commission to consist of five members, two of whom shall be appointed by the Board of Education of the San Diego Unified School District, two of whom shall be appointed by the Manager, and one who shall be appointed by the Mayor, by and with the approval of the City Council, all of whom shall not serve longer than five years without being reappointed, and whose powers shall be as prescribed in Section 43.

The terms of appointment of members to both the Park Commission and Recreation Commission shall be so staggered that not more than one appointment on each Commission shall expire in any one year.

The Park Commission and the Recreation Commission shall meet jointly on matters concerning both commissions.

Repeal Section 62 of the Charter of The City of San Diego.

PROPOSITION NO. 3
Amend Section 94 of the Charter of The City of San Diego, so as to read as follows:

NOTE: Portions to be deleted are enclosed in brackets. Portions to be added are shown in black face type.
"Section 94. **CONTRACTS.** In

the construction, reconstruction, or repair of public buildings, streets, utilities and other public works, and in furnishing any supplies, materials, equipment or contractual services for the same, or for other use by the City, when the expenditure therefor shall exceed the sum of one thousand dollars, the same shall be done by written contract, except as otherwise provided in this Charter, and the Council on the recommendation of the Manager or the head of the Department in charge, if not under the Manager's jurisdiction, shall let the same to the lowest responsible and reliable bidder, not less than ten days after advertising for six consecutive days in a newspaper of general circulation in the City for sealed proposals for the work contemplated, provided, however, that the Council upon the recommendation of the Manager and by a vote of five of its members may order the performance of any such construction and reconstruction or repair work by the appropriate City forces when the estimates submitted as part of the Manager's recommendations indicate that the work can be done by the City forces more economically than if let by contract; provided, further, that upon the recommendation of the Manager, the Council by resolution may order the purchase, without advertising for bids, of surplus commodities from the United States of America, or any agency thereof, or from any other public corporation, state or municipal, or any agency thereof.

In case of a great public calamity, such as extraordinary fire, flood, storm, epidemic or other disaster the Council may, by resolution passed by a vote of five of its members, determine and declare that the public interest or necessity demands the immediate expenditure of public money to safeguard life, health or property, and thereupon they may proceed, without advertising for bids or receiving the same, to expend, or enter into a contract involving the expenditure of any sum required in such emergency, on hand in the City treasury and available for such purpose. All contracts before execution shall be approved as to form and legality by the City Attorney.

Each bidder shall furnish with his bid such security or deposit insuring the execution of the contract by him as shall be specified by the Council or as provided by general law.

The Council shall require each contractor under this Section to insure the faithful performance of his contract by delivering to the City a surety bond in an amount specified by the Council, executed by a surety company authorized to do business in the State of California, and in addition thereto, the retention of sufficient payments under the contract to insure the protection of the City against labor or material liens.

The Council, on the recommendation of the Manager, or the Head of the Department not under the jurisdiction of the Manager, may reject any and all bids and re-advertise for bids. The Council may provide that no contract shall be awarded to any person, firm or corporation, if prison or alien labor is to be employed in performing such contract, or if the wage schedule for employees engaged in performing such contract are based on more than eight hours of labor per day. Any contract may be let for a gross price or on a unit basis and may provide for liquidated damages to the City for every day the contract is uncompleted beyond a specified date. It shall be competent in awarding any contract to compare bids on the basis of time completion, provided, that when any award has been made in consideration, in whole or in part, of the relative time estimates of bidders for the completion of the work, the performance in accordance with such time limits shall be secured by a surety bond as hereinabove provided with adequate sureties and penalties, and provided further, that for any contract awarded solely or partially on a specified time for completion the Council shall not extend such time limits unless such extension be recommended by the Manager and the Head of the Department concerned.

No officer, whether elected or appointed, of The City of San Diego shall be or become directly or indirectly interested in, or in the performance of, any contract with or for The City of San Diego, or in the purchase or lease of any property, real or personal, belonging to or taken by said City or which shall be sold for taxes or assessments or by virtue of legal process or suit of said City. Any person wilfully violating this section of the Charter shall be guilty of a misdemeanor and shall immediately forfeit his office and be thereafter forever barred and disqualified from holding any elective or appointive office in the service of the City. No officer, whether elected or appointed, shall be construed to have an interest within the meaning of this section unless the contract, purchase, lease, or sale shall be with or for the benefit of the office, board, department, bureau or division with which said officer is directly connected in the performance of his duties and in which he or the office, board, department, bureau or division he represents exercises legislative, administrative or quasi-judicial authority in the letting of or performance under said contract, purchase, lease or sale.

All contracts entered into in violation of this Section shall be void and shall not be enforceable against said City; provided, however, that officers of [a] this municipality may own stock in public utility service corporations and the City permitted to contract for public utility service when the rates for such service are fixed by law or by virtue of the [Railroad] Public Utilities Commission of the State of California; [and in such cases such contracts shall be valid and enforceable obligations against the municipality, and the officer interested as a stockholder in such public utility corporation shall not be deemed to have an interest in such City contract within the meaning of this section of the Charter.] and provided further, that no officer shall be prohibited from purchasing the services of any utility whether publicly or privately owned, whether or not the rates are fixed by law or by the Public Utilities Commission of the State of California, and provided further, that in designating any bank as a depository for the funds of said City, any officer interested as a stockholder or otherwise in such bank shall not be deemed to have an interest in such City contract within the meaning of this section, and in each of the cases enumerated herein such contracts shall be valid and enforceable obligations against the municipality."

PROPOSITION NO. 4
