The San Diego Police Department serves approximately 1.4 million residents with professionalism and integrity. In addition to the Headquarters building, the Department serves the community from nine area commands, a Traffic Division and the Police Plaza. For policing purposes, the City is divided into 19 service areas and 125 neighborhoods.

The following nine area commands extend throughout the City and greatly facilitate the Department's community-based policing and problem-solving efforts: Central Division, Eastern Division, Mid-City Division, Northern Division, Northeastern Division, Northwestern Division, Southeastern Division, Southern Division, and Western Division. The Traffic Division and Police Plaza are centrally located in the Kearny Mesa Community Area.

The two largest area commands are Central Division and Mid-City Division, which provide service to 9.7 square miles and 12.8 square miles, respectively. The Northeastern Division covers 103.8 square miles, the largest single area in the City. The Capital Improvements Program plays an important role in addressing the Police Department's facility needs.

Description: The Police 9-1-1 Call Manager is the phone system used by the Police Department to receive 9-1-1 and non-emergency calls from the public.

Justification: The Police Department currently uses an older version of the VESTA/9-1-1 Call Manager system that is based on the unsupported Windows XP operating system. It is critical that this system be replaced with a system that is Windows 7 compatible.

Operating Budget Impact: Non-personnel expenditures for the main 9-1-1 Call Manager were paid by the State of California.

Relationship to General and Community Plans: This project is consistent with the applicable community plans and is in conformance with the City's General Plan.

Schedule: This project began in late Fiscal Year 2015. The main 9-1-1 Call Manager was accepted and completed in Fiscal Year 2017. The Vesta 9-1-1 system for the Backup Dispatch Center is scheduled for installation and completion in Fiscal Year 2021 pending completion of the network connectivity for the entire center.

Summary of Project Changes: No significant changes have been made to this project in Fiscal Year 2022. The project will be closed this fiscal year.
