Note: The Temporary Overnight Recreation Vehicle Permit is for recreational vehicles only – Boats on trailers, RV's, etc.

The permits are limited to 72 a year per address, not per person. The permits are limited by address and not by the name of the resident.

Although the person who purchased the permit has an option to print the receipt they <u>do</u> <u>not</u> have to display anything in or on the vehicle.

The permits are valid from 6 a.m. the day they are purchased for through 6 a.m. the following day.

Only three permits can be purchased for consecutive dates for the same vehicle. Twentyfour hours must elapse before another permit can be purchased. [Re 72 hour violation]

The vehicle must be parked on the block the resident resides.

See www.sandiego.gov/parking for more information; you can also refer callers to this website.

DMV CODES RIP, SIP, & TIP [LOCATED IN THE MIDDLE OF A 28]

RIP = Registration in process. Incomplete transaction, requires additional documentation and/or fees. Vehicle usually not registered, but may have a red temporary sticker in the vehicle window. Also known as a report of deposit of fees.

SIP = Suspense in process. Incomplete transaction forwarded to Sacramento for processing. Takes up to 90 days after the SIP date to complete the transaction. Vehicles should not be towed until 6 months expired registration including the 90 days after the SIP date.

TIP = Transaction in process. The vehicle is registered even though it shows the old expiration dates. It can take up to 72 hours before the vehicle will show current.
Registration is good even if the expiration date listed is old
Vehicles with a TIP should not be impounded.

DMV CHEAT SHEET VEHICLE REGISTRATION

VEHICLE REGISTRATION SUSPENDED EFF: 01/01/07

Insurance was valid until suspension date, vehicle may not be currently insured. Registration expiration date is now the suspension effective date. Officer should ask for proof of insurance (could possibly be a new owner who is insured) Towable 6 months after the suspension effective date if no proof of insurance

RED TEMPORARY OPERATING PERMITS:

Temporary registration for vehicle to be legally driven or parked on the street Issued for various reasons, most are smog, title, or vin verification issues Usually good for 1 to 2 months (4 months max) Acts as valid registration as long as red temporary is not expired. **However,** R/O needs to provide valid insurance, pay parking cites, and keep DMV fees up to date

VLT STOP FOR DISHONORED CHECK:

License year may be incorrect – expiration date **reverts** to the previous expiration year, as if no fees were paid

PENDING MASTER FILE RECORD:

If no previous expiration date is listed (for example, vehicle being registered for the first time in CA from out of state), give them 6 months from that date before towing. If there is a previous expiration date in CA, that is the expiration date Check for Red Temporary Operating Permit If no record found from any other state, including CA other than the PMF, tow the vehicle

New vehicles without plates need the white dealer temporary registration in the passenger side windshield – good only for 6 months

Dealer plates can be registered up to 2 years at a time

Trailer plates up to 7 years at a time

Addresses are changed in DMV database within 2-3 days. Release of liability can take up to 2 months to be entered.

Common DMV Abbreviations

PMF - Pending Master File

ROS - Report of Sale

TIN - Temporary Identification # or Index #

ROL - Release of Liability

DC - Dishonored Check

DMV CHEAT SHEET DRIVERS LICENSE INFO

LICENSE STATUS: VALID STIPULATED VEHICLE RELEASE AGREEMENT ON FILE –

The R/O has signed a document stating that only persons with a valid drivers license will operate the vehicle. Vehicle <u>may</u> be subject to immediate forfeiture if the driver is unlicensed, suspended or revoked

VALID WITHHELD ***- under license status – withheld by DMV, withheld by court withheld FTA withheld FTP License is VALID – This is administrative action by DMV and is only intended to have the person correct a problem

EXPIREDWITHHELD *** -License is EXPIRED, violation of 12500a CVC

EXPIRED - The term for which the license was issued has expired. HOWEVER, the driver may have been issued an interim, or temporary license. Look for the term "**PENDING AUTOMATED APP**" or "**APP PENDING**" – this indicates an application was not completed – test failed, photo not taken, etc. Usually a temporary license will be issued unless a driving privilege has been suspended or no license has ever been issued

NONE ISSUED – No license has been issued to this person **OR** A learner's permit has been issued – check for CLASS X **OR** No permanent license issued, however a temporary license has been issued while DMV awaits immigration status

Temporary drivers licenses and learners permits are only VALID if carried while driving.

SUSPENDED OR REVOKED - Driving privileges are temporarily withdrawn. **Some** may drive an employers vehicle in the course of employment if approved by DMV

SURRENDERED – the person has applied for a license in another state or no longer wants to drive in CA. The out-of-state license may or may not be valid. The driver should be considered unlicensed ONLY if the license is expired and you are unable to verify a license from another state.

The CA DMV printout usually indicates the state to which the license was surrendered.

WITHDRAWN PENDING PDPS CLEARANCE – citation "out of state" felony or misdemeanor NO Valid CA license – may be cited for 12500a CVC

Requesting Cover

DP 1.13 EMERGENCY VEHICLE OPERATIONS

1088 (Request for Cover 10-10) Non-Urgent cover - Responding units will discontinue routine activity and proceed to the location. The officers will obey ALL traffic laws and NOT use emergency lights, siren, or flashing lights.

1088 (Code 3, Cover now) – Only two units are authorized to respond Code 3 unless a field supervisor assigns additional units. The assigned unit's location will be broadcast by the radio dispatcher

Requesting Cover

If you need cover from an officer be sure to say what type of cover you need

Officer: 621RO, Cover Now at [Location] give whatever info you can on why you need cover

Or

Officer: 621RO can I get 1 unit non-urgent , the RO just came out and is upset that I am towing his car

•There is no "Step it up" cover! – if you say "step it up", they will roll code. If they are rolling code, it's a cover now!

• Don't say "Send me another unit" - Don't make the dispatcher have to ask what type of cover you need

Officer Notification System (ONS) and 4th Waivers

4th Waivers:

RI01 - Entered through the Courts

accurate information first before any near misses.

ONS - Entered by individual agencies - Must be checked for 4th waivers not listed in RI01.

ONS hits may read "Must confirm 4th waiver" or will simply state that there is a 4th waiver. The <u>Purge Date</u> is **NOT** always the end date on the 4th Waiver.

The only ONS hits that units do not have to call to confirm the 4th waiver on are

Notify Type 4W and PR, even though it reads "Must confirm 4th waiver."

When running Juveniles, you will not always get warrants under MA09 (this is a flaw in the system). You must enter all zeros (8 of them) for the date of birth (00000000). Officer must call Juv Hall to see if warrant is valid.

Inquiry Protocol

DP 2.01 – Communications – addresses the proper radio procedures for running individuals on Inquiry – This is not just for Communications

When the dispatcher tells you a subject is Code 37....

"If cover is not needed, the officer will respond, "10-4, Code 4." If cover is needed, the officer will respond, "10-4" and advise what type of cover is needed (cover now or non-urgent cover). If the officer fails to respond, a cover unit will be dispatched"

C37 = Wanted, Has a history 28 (11-28) = Misd history, NO WANTS 29 (11-29) = No record, no wants

Communications cannot confirm NCIC warrants, only Local warrants

SDLaw has a 7 yr search window – if you are unsure on the DOB use 00000000 for the DOB or you may miss a warrant if you are outside of that 7 yr search window

Inquiry Protocol
