

Playground equipment is not sanitized; use at your own risk.

Avoid crowding and allow everyone to use the space. Limit your visit to 30 minutes when others are waiting.

Stay home if you have a fever or any COVID-19 related symptoms.

Do not eat or drink in playground areas.

Wash your hands with soap and water or use hand sanitizer before and after use of the play structures.

Caregivers must monitor to keep adults and children from different households at least 6 feet apart.

Wear a face covering when in the parks and playgrounds.
