

As part of the Police Department's Vision Zero effort, Traffic Division increased enforcement and education operations at locations identified on statistically based maps as having three or more injury collisions. The comparison chart below shows the number of citations issued during calendar years 2018, and 2017, at those locations. Note: Targeted locations are updated each year based on revised collision data, (so the year to year comparisons may not always be of the same targeted locations within the Division.)
