RE: **Public Records Request** – MID CITY MESA D9 SUBMISSIONS and Correspondence

Dear Ms. Laura J. Fleming,

Last evening, during the D4 Community of Interest public presentations, several individuals and an organized group presented what they called the MID CITY MESA PLAN for Redistricting Council District Nine (D9). I am requesting copies of all submissions by this group and individuals concerning this MID CITY MESA PLAN for Redistricting Council District Nine (D9). This request is made under California's Public Records laws and regulations and section 216 et seq., of the San Diego City Charter. This request is for all documents, of any kind or nature, including but not limited to mail, emails, texts and other documents, of any form or nature.

Any correspondence, of any kind or nature, including texts, emails, and written documents are included and requested, without limitation between the Redistricting Commission members, Staff, Consultants, and Attorneys, without limitation. If MID CITY MESA PLAN (MCMP) materials and documents were forwarded to the Commission, these documents, including staff reports, comments or analysis, speaker slips and web form submissions are included in this public records request, without limitation

You should consider these records request ongoing concerning this voting rights dilution plan.

I would prefer receiving electronic versions of materials submitted electronically. This request is not being made to request any special computer searches or analysis reports. I am willing to deposit, an initial payment of twenty dollars and no cents (\$20.00) to cover initial copying charges, if any. Should your estimate of copying charges exceed this amount; please arrange for me to view the files before copying.

All the best,

/s/

John Stump, resident, property owner, and taxpayer in current Districts Four (D 4) and Nine (D 9)

PS: I want the Commission to be aware of the many residents of current Council Districts Four and Nine who took great offense to this perceived racially based proposal to dilute racial and ethnic communities of interest in those two, of the three majority minority Council Districts. Persons from these current Districts are already inquiring about their rights under voting rights legislation.
