San Diego Police Investigate Homicide in La Jolla

San Diego—On Sunday, June 23, 2019 at about 12:39 am, the San Diego Police Department's Communication Center received a radio call of shot being fired in the area of 7500 Draper Ave.

Officers arrived on scene a few minutes later and located a 20-year old white female and a 23 year old black male with gunshot wounds to their upper body. Officers performed life saving measures on the victims until relieved by San Diego Fire Department Paramedics. The victims was transported to a local hospital by medics. Unfortunately, the 20 year old female was pronounced deceased at the hospital. The 23-year old male is in stable but serious condition.

Two other victims, both 19-year old black males, arrived at diffident hospitals with gunshot wounds to their upper body. Both victims are in stable condition at this time.

San Diego Police Homicide Detectives were called to the scene to investigate the incident. Although it is very early in the investigation, we have learned there was a party at a residence in the 7500 block of Cuvier Street. Patrons of the party were standing near the east alley of 7500 Cuvier Street. A light colored sedan drove north in the alley and an occupant from the vehicle fired rounds at the victims. There is no description for the occupants of the vehicle.

The victim has been identified 20-year old Nina Silver of San Diego.

Anyone with information regarding this incident is asked to call the Homicide Unit at (619) 531-2293 or Crime Stoppers at (888) 580-8477.
