

Franchise haulers have entered into a franchise agreement with the City of San Diego that includes the approved collection, recycling and disposal of solid waste in a manner that ensures orderly operation, minimizes adverse effects to the environment and public health, and requires reporting of collections and disposal to the City. According to the City's Recycling Ordinance, all businesses and privately-serviced residences are required to have recycling, organic waste recycling and trash collection from one Franchise Hauler. You may select from any of the Franchise Haulers below based on your site's waste needs. The City does not assign haulers or set service rates for businesses and privately-serviced residences.

Company	Website	Phone Number	Services Offered				Equipment Type				
			Recycling	Green Waste	Food Waste	Trash
