SAN DIEGO POLICE DEPARTMENT
CHIEF OF POLICE
DAVID NISLEIT

As the Chief of Police for America's Finest City, I am pleased to present to you the San Diego Police Department's FY2019 First Quarter Community Policing Report. This report highlights the many ways we collaborate with our community to set the national model for Community Oriented Policing.

The collaboration between our officers and the community creates a great opportunity for keeping our streets safe. Our community partnerships are essential for designing and implementing crime prevention strategies and problem-solving measures. It is this relationship, between the police and the community, that allows us to work together effectively, to address crime and quality of life issues. Having the highest level of public trust and safety is my top priority. This working relationship has helped San Diego keep its reputation as one of the safest large cities in the United States. In this quarter, San Diego was recognized as America's Safest Big City.

You may notice some changes in this report. We worked with the City Information Technology Department to improve the accuracy of our report and make the tracking more efficient. We established a tracking list for our department members to accurately record the events they attend. This, in turn, has made available additional details regarding our efforts in every community within the City of San Diego. To streamline our report, we condensed two of our Community Oriented Policing categories. We merged Community Involvement and Community Partnerships. These categories were closely related and in some respects overlapped. By merging the categories, we have eliminated confusion and prevent unintended duplication of work.

I am extremely proud of our officers and civilian staff for the tremendous work they do each day. I am equally proud of the great people here in San Diego. Together we are making a positive difference in our city. This report illustrates all the hard work and community involvement our officers do every day. From the neighborhood watch meetings to Coffee with a Cop events, we are committed to working together with our community to ensure San Diego remains America's Finest City.

No police department is large enough to keep a community safe on its own. Effective crime prevention requires the active support of citizens and a partnership between police and the community. The San Diego Police Department is dedicated to developing, building, and maintaining community partnerships throughout the city. Our Community Policing efforts are the foundation of those partnerships.

We accomplish our community policing strategy in a variety of ways but most can be put into four categories:

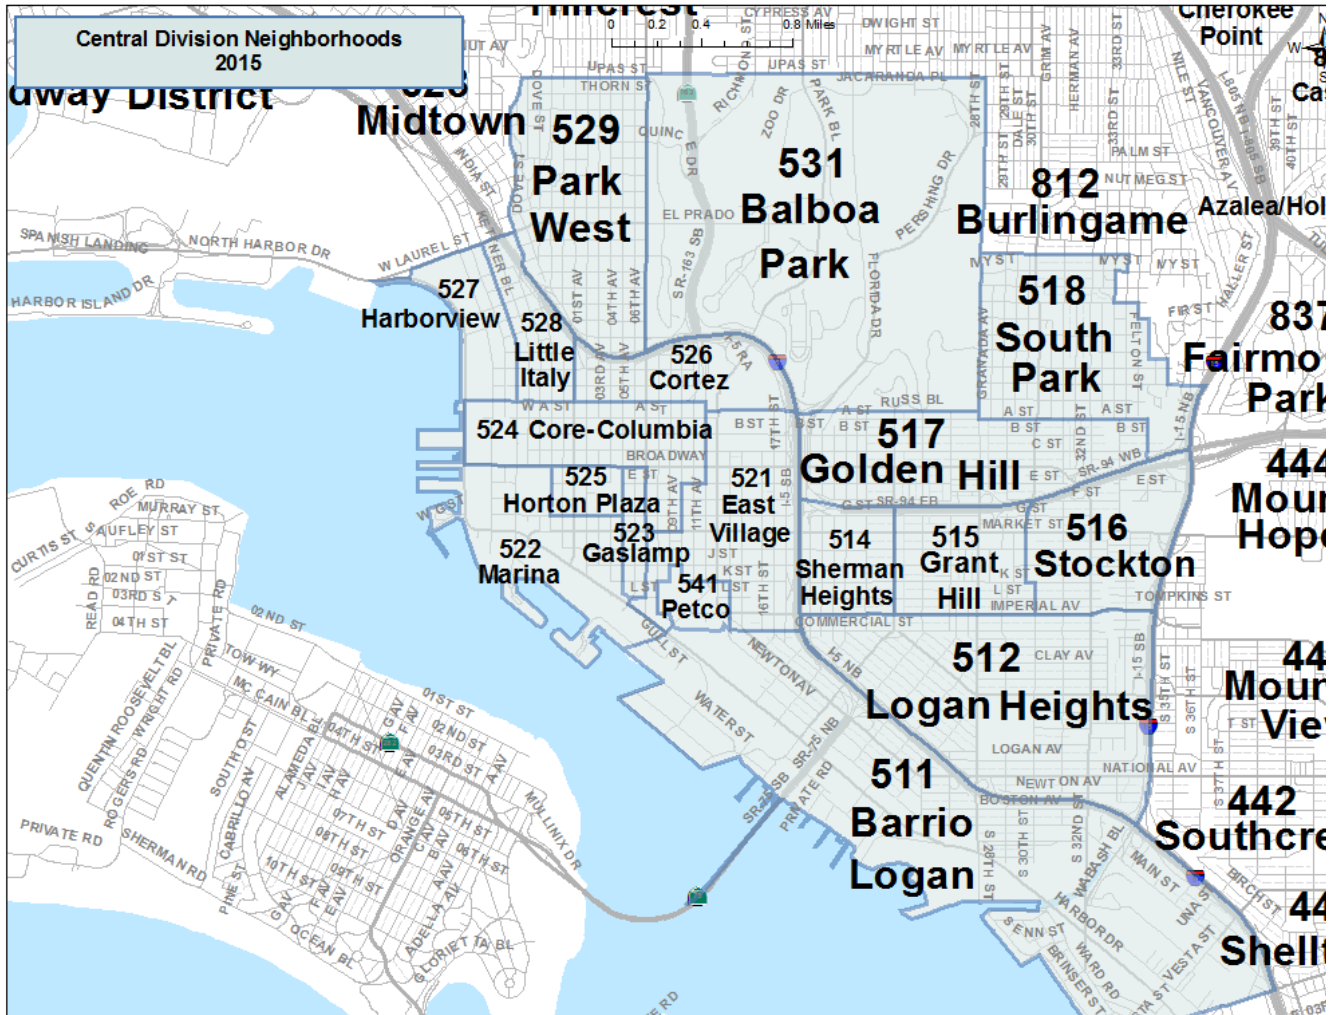

- I. **Community Partnerships** - The meetings we have to discuss public safety, crime statistics, and quality of life issues. Additionally, these are events we participate in throughout the city to foster community relationships.
- II. **Community Outreach** - The ways we provide awareness, education, and information to the community about increasing public safety, current crime trends, and crime prevention.
- III. **Community Givebacks** - The volunteering and charity efforts we participate in inside and outside our normal work hours.

Below highlights many of the ways we have attended and/or participated in community events during the first quarter of FY19, July 1, 2018 through September 30, 2018:

I. Community Partnerships:	465
II. Community Outreach:	394
III. Community Giveback:	37
