The Financing Plan identifies Project No. OM T-11.1, Caliente Avenue (Otay Mesa Road to Proposed SR-905 Overpass), as a public facility that will serve the Otay Mesa community, as shown in **Exhibit A**. This Agreement relates to a portion of Project No. OM T-11.1. Specifically, this Agreement relates to street widening on westerly side of Caliente Avenue including demo of existing improvements, installation of new raised median, curb, gutter, sidewalk, asphalt paving, striping, signage, and a traffic signal modification as depicted in **Exhibit B** and described in **Exhibit C**, which is referred to throughout this Agreement as the "Project."

Part of the Citywide Mobility DIF includes a fee nexus study that eliminated individual mobility project lists per each community's public facilities financing plans and created one master list (Mobility Nexus Study) qualifying projects in the Mobility Nexus Study for citywide fees. OM T-11.1 is a project noted in the Mobility Nexus Study as a qualifying project for Citywide Mobility DIF.

6. The Project is eligible to be funded from any of the DIF funding sources listed below. Subject to the availability of funds, the Developer's Estimated Costs may be reimbursed using any of these sources:

NOW, THEREFORE, in consideration of the recitals and mutual obligations of the Parties, and for other good and valuable consideration, City and Developer agree as follows:

ARTICLE I. SUBJECT OF THE AGREEMENT

1.1 Design and Construction of Project. Developer agrees to design and construct the Project fully complete and operational and suited to the purpose for which it was designed and in accordance with this Agreement, the approved plans, and the Financing Plan, and within the timeframe established in the Project Schedule attached as **Exhibit D**, and for the Estimated Costs attached as **Exhibit E**.

Developer has processed all approvals required pursuant to Chapter 11, Land Development Procedures of the San Diego Municipal Code (SDMC) for design and construction of the Project.

1.2 Substantial and Final Completion. City's acceptance of the Project shall occur upon Developer's receipt of a letter of Substantial Completion from City (as defined in Section 15.1). Final Completion of the Project shall not occur until Developer receives the following, as applicable: grading permit; public right-of-way permit; building permit; acceptable capitalization form; as-built approval; Notice of Completion; Certificate of Occupancy; and Transfer Ownership (as defined in Section 16.1).

1.3 Reimbursement. City agrees to reimburse Developer for the Project subject to the terms and conditions of this Agreement.

ARTICLE II. PROJECT SCHEDULE

2.1 Project Schedule. Developer shall perform and complete the work under this Agreement according to the Project Schedule attached as **Exhibit D**, the Project Schedule Obligations and Components attached as **Exhibit F**, the Meeting Requirements in **Exhibit G**; and Preconstruction, Progress, and Special Meeting Agendas in **Exhibit H**.

2.1.1 The Project Schedule, in all phases of development, shall consider and adhere to the regulations contained in Chapter 12, Land Development Reviews of the SDMC.

2.2 Project Completion. Developer agrees that all work on the Project under this Agreement will be complete and ready for operational use according to the Project Schedule, any approved phasing plan(s), and the Project Schedule Obligations and Components.

2.3 Changes in Project Schedule.

2.3.1 Changes in the Project Schedule that increase the Estimated Cost must be approved by City in writing in accordance with Section 3.3.3.

2.3.1.1 Changes in the Project Schedule that increase the review and approval process must comply with the requirements as provided for in Chapter 12, Land Development Reviews of the SDMC.

2.3.2 Changes in the Project Schedule that do not increase the Estimated Cost may be approved by the engineer designated by the City's Planning Department (Planning; Responsible Department), which shall be responsible for review and approval of the progress of, and changes to, the Project (Resident Engineer); provided, however, that the Project is still completed in accordance with the Financing Plan (including any associated phasing plans) and all conditions of approval including, but not limited to the VTM and the VTM Conditions.

2.3.2.1 Updated Project Schedules are a requirement for the review and approval of quantities for invoicing purposes. Both documents should be submitted together at the end of a billing cycle.

2.4 Notification of Delay. If Developer anticipates or has reason to believe that performance of work under this Agreement will be delayed, Developer shall immediately notify the representative designated by the City's E&CP Department to manage the Project on behalf of City (E&CP Project Manager). Unless City grants Developer additional time to ascertain supporting data, a written notice of the delay must be delivered to City within thirty (30) calendar days of the initial notification and shall include an explanation of the cause of the delay, a reasonable estimate of the length of the delay, any anticipated increased costs due to the delay, all supporting data, and a written statement that the time adjustment requested is the entire time adjustment Developer needs as a result of the cause of the delay. If Developer anticipates or has reason to believe the delay will increase the Estimated Cost, Developer shall also give notice to City in accordance with Section 3.4.

2.5 Delay. If delay in the performance of work required under this Agreement is caused by unforeseen events beyond the control of the Parties, such delay may entitle Developer to a reasonable extension of time. Any such extension of time must be approved in writing by City, and will not be unreasonably withheld. A delay in the performance of work or any activity by City or Developer that affects a deadline to perform imposed on the other party by this Agreement will entitle the other party to the number of days City or Developer failed to complete performance of the work. The following conditions may justify such a delay depending on their actual impact on the Project: war; changes in law or government regulation; later commonly accepted or adopted higher standards and specifications of construction; labor disputes or strikes; fires; floods; adverse weather or other similar condition of the elements necessitating temporary cessation of Developer's work; concealed conditions encountered in the completion of the Project; inability to

reasonably obtain materials, equipment, labor, or additional required services; pandemic; or other specific reasons mutually agreed to in writing by City and Developer. Any delay claimed to be caused by Developer's inability to obtain materials, equipment, labor, or additional required services shall not entitle Developer to an extension of time unless Developer furnishes to City, in accordance with the notification requirements in Section 2.4, documentary proof satisfactory to City of Developer's inability to reasonably obtain materials, equipment, labor, or additional required services. Notwithstanding the above, Developer shall not be entitled to any extension of time, additional costs, or expenses for any delay caused by the acts or omissions of Developer, its consultants, contractors, subcontractors, employees, or other agents (collectively, Developer's agents). A change in the Project Schedule does not automatically entitle Developer to an increase in Reimbursable Costs (as defined in Section 3.2). If City determines that the delay materially affects the Project, City may exercise its rights under Section 2.7 of this Agreement.

- 2.6 Costs of Delay.** City and Developer acknowledge construction delays may increase the cost of the Project. Unless Developer informs City pursuant to Sections 2.4 and 3.4 of cost increases due to delay and such cost increases are determined by City to be reasonable and are fully recovered through collected fees, funding will be insufficient to cover the cost increase. Therefore, Developer agrees to absorb any increase in Estimated Costs and/or interest thereon not accounted for in the original cost estimate because Developer failed to timely notify the City in writing as required under Sections 2.4 and 3.4.

2.6.1 Liquidated Damages. Failure to complete work under this Agreement according to Project Schedule will result in damages pursuant to section 6-9 of the White Book (as listed in Exhibit L).

2.7 City's Right to Terminate for Default.

2.7.1 If Developer fails to adequately perform any obligation required by this Agreement, Developer's failure shall constitute a Default. The City will provide written notice within fifteen (15) days to Developer identifying the nature of the Default. Developer shall provide a written response within fifteen (15) calendar days of written default notice from City detailing all reasonable efforts to ensure that the Default is completely remedied within a reasonable time period to the satisfaction of City, City may immediately terminate this Agreement including all rights of Developer and any person or entity claiming any rights by or through Developer under this Agreement. A delay shall not constitute a Default if Developer has made good faith and reasonable efforts to adhere to the Project Schedule, has provided notice of delay in accordance with Section 2.4, and such delay was caused by unforeseen events that justify the delay as set forth in Section 2.5.

2.7.1.1 Per section 6-4.1 of the White Book, should the default process occur, the site shall be secured to maximize the public use of the City property.

2.7.2 If City terminates the Agreement due to Developer's Default, City shall notify the surety to assume all of the rights of any and all contracts or subcontracts entered into by Developer or Developer's agents for the construction of the Project.

Developer shall include, and require its contractors and subcontractors to include provisions in their contracts and subcontracts, that City is a third party beneficiary of the same and that City is entitled to and protected by the indemnities and warranties, whether written or express, contained therein.

- 2.7.3 The rights and remedies of City enumerated in Section 2.7 are cumulative and shall not limit, waive, or deny City's rights under other provisions of this Agreement, or waive or deny any right or remedy at law or in equity available to City against Developer, including any claims for damages against Developer that City may assert as a result of the Default.

- 2.8 **City's Right to Terminate for Bankruptcy or Assignment for the Benefit of Creditors.** If Developer files a voluntary petition in bankruptcy, is adjudicated bankrupt, or makes a general assignment for the benefit of creditors, City may at its option and without further notice to or demand upon Developer immediately terminate this Agreement, and terminate all rights of Developer and any person or entity claiming any rights by or through Developer. The rights and remedies of City enumerated in this Section are cumulative and shall not limit, waive, or deny any of City's rights or remedies under other provisions of this Agreement or those available at law or in equity.

ARTICLE III. PROJECT COSTS AND CHANGE ORDERS

- 3.1 **Project Costs.** Project Costs are Developer's reasonable costs of construction materials and design necessary for the Project as approved by the City and depicted in **Exhibit E**. Project Costs do not include Developer's Administrative costs (as defined in Section 3.3.1).
- 3.2 **Reimbursable Costs.** Developer may seek reimbursement only for Reimbursable Costs. Reimbursable Costs shall consist only of the Estimated Costs (as defined in Section 3.3) reasonably expended by Developer, approved for reimbursement in the Financing Plan, and verified and approved by City under the terms of this Agreement.
- 3.2.1 **Non-Reimbursable Costs.** Non-Reimbursable Costs include: (i) any cost in excess of the Estimated Costs not approved in accordance with Section 3.3.3; (ii) any cost identified in this Agreement as a Non-Reimbursable Cost; (iii) any cost to remedy Defective Work (as defined in Section 21.1); (iv) any cost incurred as a result of Developer's or Developer's agents' negligence, omissions, delay, or Default; (v) any cost of substituted products, work, or services not necessary for completion of the Project, unless requested and approved by City in writing; (vi) any cost not approved by City in the manner required by this Agreement and/or the Charter of the City of San Diego (San Diego Charter) and rules, regulations, or laws promulgated thereunder; (vii) any cost not supported by proper invoicing or other documentation as reasonable and necessary; (viii) any cost in excess of Development Impact Fees (DIF)s actually collected by the City and available for reimbursement to Developer for the design and construction of the Project; and (ix) any costs associated in the re-design of the Project in conformance with current federal, state, and local laws. Additionally, the fair value as reasonably determined by City of any property that is destroyed, lost, stolen, or damaged rendering it undeliverable, unusable, or inoperable for City constitutes a Non-Reimbursable

Cost. Refundable deposits, such as utility deposits, also constitute a Non-Reimbursable Cost.

3.3 Estimated Cost(s). Developer's Estimated Costs shall consist only of: (i) Project Costs, (ii) Developer's Administrative Costs (as defined in Section 3.3.1), and (iii) the Project Contingency (as defined in Section 3.3.2). The total Estimated Cost of Project is One million seven hundred fifty four thousand sixty nine **Dollars (\$1,754,069)**, plus interest (as set forth in Section 12.1.6).

3.3.1 *Developer's Administrative Costs.* Developer's Administrative Costs are reasonably incurred Project-related administration and supervision expenditures totaling no more than 6 percent of Developer's Project Costs.

3.3.2 *Project Contingency.* A Project Contingency of 10 percent of estimated construction costs is included in the Estimated Cost. The Project Contingency shall not be available for: (i) work required due to Developer's or Developer's agents' failure to perform work or services according to the terms of this Agreement or in compliance with the Construction Documents; or (ii) uninsured losses resulting from the negligence of Developer or Developer's agents.

3.3.3 *Change Orders and Adjustments to Estimated Cost.* Estimated Costs may be increased only through properly processed and approved Change Orders in accordance with **Exhibit I**. The Estimated Cost may only be increased if Developer provides documentation showing that the increase is reasonable in nature and amount, and is due to causes beyond Developer's or Developer's agents control or otherwise not the result of unreasonable conduct by Developer or Developer's agents which may, based on actual impact on the Project, include: war; changes in law or government regulation; later commonly accepted or adopted higher standards and specifications of construction; labor disputes or strikes; fires; floods; adverse weather or other similar condition of the elements necessitating temporary cessation of Developer's work; concealed conditions encountered in the completion of the Project; inability to reasonably obtain materials, equipment, labor, or additional required services; inflation; actual bids received for Project Costs being greater than estimated; or other specific reasons mutually agreed to in writing by City and Developer. Developer shall not be reimbursed, and no Change Order may be approved, for costs or expenses resulting from a design error or omission (unless such a design error or omission is the direct result of a City request for such design or omission), or Developer's or Developer's agents' negligence. Developer shall not have the right to terminate, reform, or abandon this Agreement for City's refusal to approve a Change Order.

3.4 Notification of Increased Estimated Costs. If Developer anticipates or has reason to believe that the cost of the Project will exceed the Estimated Cost, Developer shall notify the City in writing within fourteen (14) calendar days of becoming aware of the potential increase. If Developer fails to timely notify City in writing, Developer agrees to absorb any increase in Estimated Costs and any interest thereon not accounted for in the original cost estimate. This written notification shall include an itemized cost estimate and a list of recommended revisions Developer believes will bring the construction cost to an

amount within the Estimated Cost. In accordance with Section 3.3.3, City may approve an increase in Estimated Costs and/or delineate a project which may be constructed within Estimated Costs. If City chooses not to pursue the above options, Developer may elect to construct the Project and forgo any reimbursement in excess of the Estimated Cost.

ARTICLE IV. COMPETITIVE BIDDING, EQUAL OPPORTUNITY AND EQUAL BENEFITS

- 4.1 Compliance.** Developer shall bid and award contracts to complete the Project in accordance with the San Diego Charter and rules, regulations, and laws promulgated thereunder, including, but not limited to, the SDMC and City Council resolutions and policies, as well as any expressly applicable public contract laws, rules, and regulations (Required Contracting Procedures). Required Contracting Procedures include all contracting requirements that are applicable to the City, including, but not limited to, competitive bidding, the City's Small and Local Business Enterprise Program (SLBE) for public works contracts, and the City's Equal Benefits Ordinance. Prior to bidding the Project, Developer shall ensure that the bidding documents are in compliance with all Required Contracting Procedures. Developer understands that it must comply with all required contracting procedures as described in, but not limited to, **Exhibit J**. The Developer may, if needed, request assistance from the City's PWD. Developer's failure to adhere to all Required Contracting Procedures is a material breach of this Agreement, and any contract awarded not in accordance with the Required Contracting Procedures shall be ineligible for reimbursement.
- 4.2 Bidding Documents.**
- 4.2.1 ***Submission of Construction Documents.*** Developer shall submit bidding documents to City for approval before soliciting bids for work on the Project. Within two weeks of receipt, the City will contact the developer to notify Developer of any necessary corrections that need to be made.
- 4.2.2 ***Obtain all Permits and Approvals.*** Developer shall obtain all necessary permits, including, but not limited to, environmental, grading, building, mechanical, electrical, and plumbing. The final approval of the Construction Bidding Documents will be by way of the City's issuance of a letter or an email indicating that the Developer may proceed with competitive bidding.
- 4.3 Solicitation of Bids.** Developer shall solicit sealed bids for construction of the Project in accordance with all Required Contracting Procedures. With notice of at least five (5) Working Days, Developer shall notify City of the time and place of each bid opening. Developer shall work with City's Purchasing & Contracts (P&C) Department to ensure that bids are solicited in the manner required in accordance with the Required Contracting Procedures.
- 4.4 Bid Opening and Award of Contract.** Developer shall open bids and award contracts in accordance with all Required Contracting Procedures. Developer shall ensure that bids are opened and that contracts are awarded in accordance with all required Contracting Procedures. The Developer may, if needed, request assistance from the City's assigned

P&C Department representative. Developer shall publicly open sealed bids. The bidding contractors shall be permitted to be present at the bid opening. The Developer will submit to the assigned City representative copies of all bids received immediately after the bid opening; and with a copy of the tabulation of bid results upon its completion by the Developer. The Contract for the construction of the Project shall be awarded by Developer to the lowest responsive and responsible bidder in accordance with the Required Contracting Procedures.

4.4.1 In the event that the lowest responsive and responsible bid exceeds the Estimated Cost, any reimbursement for such an increase shall be subject to approval by Change Order pursuant to Section 3.3.3 following award of the contract.

4.4.1.1 In the event the City Council does not approve the increased cost, at City's option:

4.4.1.1.1 City may terminate this Agreement. In the event the Agreement is terminated, Developer's obligations pursuant to this Agreement for the construction of the Project shall be released without further liability. This release shall in no way affect the obligations of Developer with respect to any terms or conditions of the VTMs, Tentative Map(s), Development Agreements, or other approvals and agreements with City. However, prior to termination of this Agreement, City shall reimburse Developer (at City's option with either DIF credits or cash reimbursement) for the engineering and design costs reasonably incurred and expended by Developer in accordance with this Agreement and within the Estimated Cost in accordance with Section 3.3. Developer shall provide City with copies of all executed contracts; or

4.4.1.1.2 City may work with Developer to rebid and/or redesign the Project.

4.4.1.1.3 With Developer's consent, Developer may award the bid and assume responsibility for the costs in excess of Estimated Cost.

4.5 Nondiscrimination Requirements.

4.5.1 ***Compliance with the City's Equal Opportunity Contracting Program.*** Developer shall comply with City's Equal Opportunity Contracting Program. Developer shall not discriminate against any employee or applicant for employment on any basis prohibited by law. Developer shall provide equal opportunity in all employment practices. Developer shall ensure its consultants, contractors, and their subcontractors comply with the City's Equal Opportunity Contracting Program. Nothing in this Section shall be interpreted to hold the Developer liable for any discriminatory practice of its consultants, contractors or their subcontractors.

4.5.2 ***Nondiscrimination Ordinance.*** Developer shall not discriminate on the basis of race, gender, gender expression, gender identity, religion, national origin, ethnicity, sexual orientation, age, or disability in the solicitation, selection, hiring or treatment of consultants, contractors, subcontractors, vendors or suppliers.

Developer shall provide equal opportunity for contractors and subcontractors to participate in contracting and subcontracting opportunities. Developer understands and agrees that violation of this clause shall be considered a material breach of the Agreement and may result in Agreement termination, debarment, and other sanctions. This language shall be in contracts between the Developer and any consultants, contractors, subcontractors, vendors and suppliers.

4.5.3 **Compliance Investigations.** Upon City's request, Developer agrees to provide to City, within sixty (60) calendar days, a truthful and complete list of the names of all consultants, contractors, subcontractors, vendors and suppliers Developer used in the past five years on any of its contracts undertaken within San Diego County, including the total dollar amount paid by Developer for each contract, subcontract or supply contract. The Developer further agrees to fully cooperate in any investigation conducted by City pursuant to City's Nondiscrimination in Contracting Ordinance (SDMC sections 22.3501-22.3517). Developer understands and agrees that violation of this clause shall be considered a material breach of the Agreement and may result in remedies being ordered against Developer up to and including Agreement termination, debarment, and other sanctions for violation of the provisions of the Nondiscrimination in Contracting Ordinance. Developer further understands and agrees that the procedures, remedies and sanctions provided for in the Nondiscrimination Ordinance apply only to violations of said Nondiscrimination Ordinance.

4.6 **Equal Benefits.** This Agreement is with a sole source and therefore, Developer is not subject to the City's Equal Benefits Ordinance, Chapter 2, Article 2, Division 43 of the SDMC. However, the Equal Benefits Ordinance is applicable to contracts that Developer enters into with respect to the Project. Therefore, Developer shall ensure that its contractor(s) and consultant(s) comply with the Equal Benefits Ordinance. Developer shall include in each of its contracts with its contractor(s) and consultant(s) provisions: (i) stating that the contractor(s) and/or consultant(s) must comply with the Equal Benefits Ordinance; (ii) stating that failure to maintain equal benefits is a material breach of those agreements; and (iii) requiring the contractor(s) and/or consultant(s) to certify that they will maintain equal benefits for the duration of the contract. Municipal Code § 22.4304(e)-(f). In addition, Developer's contractor(s) and/or consultant(s) must comply with the requirement that they not discriminate in the provision of benefits between employees with spouses and employees with domestic partners, and that it notify employees of the equal benefits policy at the time of hire and during open enrollment periods during the performance of the contract. SDMC § 22.4304(a)-(b). Developer's contractor(s) and/or consultant(s) must also provide the City with access to documents and records sufficient for the City to verify compliance with the Equal Benefits Ordinance requirements. Municipal Code § 22.4304(c). Additionally, Developer's contractor(s) and/or consultant(s) may not use a separate entity to evade the requirements of the Equal Benefits Ordinance. SDMC § 22.4304(d). Developer shall ensure that its contractor(s) and consultant(s) comply with the Equal Benefits Ordinance by including the following statement in all contracts with its contractors and consultants: "Equal Benefits Ordinance. Unless an exception applies, contractor/consultant shall comply with the Equal Benefits Ordinance (EBO) codified in the SDMC (§ 22.4304(f)). Failure to maintain equal benefits is a material breach of this contract. By signing this contract,

contractor/consultant certifies that contractor/consultant is aware of, and will comply with, this City-mandated clause throughout the duration of the contract.”

ARTICLE V. PREVAILING WAGE

5.1 Prevailing Wage. Prevailing wages apply to the Project. Pursuant to SDMC section 22.3019, construction, alteration, demolition, repair and maintenance work performed on the Project is subject to State prevailing wage laws, and Developer shall ensure compliance with all applicable prevailing wage laws and requirements. For construction work performed on the Project that cumulatively exceeds \$25,000 and for alteration, demolition, repair and maintenance work performed on the Project that cumulatively exceeds \$15,000, Developer shall ensure that its contractors and subcontractors comply with State prevailing wage laws including, but not limited to, the requirements listed below.

5.1.1 Compliance with Prevailing Wage Requirements. Pursuant to sections 1720 through 1861 of the California Labor Code, Developer shall ensure that its contractors and subcontractors ensure that all workers who perform work on the Project are paid not less than the prevailing rate of per diem wages as determined by the Director of the California Department of Industrial Relations (DIR). This includes work performed during the design and preconstruction phases of construction including, but not limited to, inspection and land surveying work. Developer shall immediately notify City of any known violations of this Article.

5.1.1.1 Copies of such prevailing rate of per diem wages are on file at the City and are available for inspection to any interested party on request. Copies of the prevailing rate of per diem wages also may be found at <http://www.dir.ca.gov/OPRL/DPreWageDetermination.htm>. Developer shall ensure that its contractors and subcontractors post a copy of the prevailing rate of per diem wages determination at each job site and make them available to any interested party upon request.

5.1.1.2 The wage rates determined by the DIR refer to expiration dates. If the published wage rate does not refer to a predetermined wage rate to be paid after the expiration date, then the published rate of wage shall be in effect for the life of contract for the Project. If the published wage rate refers to a predetermined wage rate to become effective upon expiration of the published wage rate and the predetermined wage rate is on file with the DIR, such predetermined wage rate shall become effective on the date following the expiration date and shall apply to the contract in the same manner as if it had been published in said publication. If the predetermined wage rate refers to one or more additional expiration dates with additional predetermined wage rates, which expiration dates occur during the life of the contract, each successive predetermined wage rate shall apply to the contract on the date following the expiration date of the previous wage rate. If the last of such predetermined wage rates expires

during the life of the contract, such wage rate shall apply to the balance of the contract.

- 5.1.2 Penalties for Violations.** Developer shall require its contractor and subcontractors comply with California Labor Code section 1775 in the event a worker is paid less than the prevailing wage rate for the work or craft in which the worker is employed.
- 5.1.3 Payroll Records.** Developer shall require its contractor and subcontractors comply with California Labor Code section 1776, which generally requires keeping accurate payroll records, verifying and certifying payroll records, and making them available for inspection. Developer shall require its contractor to require its subcontractors to also comply with section 1776. Developer shall require its contractor and subcontractors submit weekly certified payroll records online via the City's web-based Labor Compliance Program. Developer shall require its contractor to ensure that its subcontractors submit certified payroll records to the City.
- 5.1.3.1** For contracts entered into on or after April 1, 2015, Developer shall ensure that its contractor and subcontractors furnish records specified in California Labor Code section 1776 directly to the Labor Commissioner in the manner required by California Labor Code section 1771.4.
- 5.1.4 Apprentices.** Developer shall require its contractors and its subcontractors comply with California Labor Code sections 1777.5, 1777.6 and 1777.7 concerning the employment and wages of apprentices. Developer shall require its contractors to be held responsible for the compliance of their subcontractors with sections 1777.5, 1777.6 and 1777.7.
- 5.1.5 Working Hours.** Developer shall require its contractors and subcontractors to comply with California Labor Code sections 1810 through 1815, including but not limited to: (i) restricting working hours on public works contracts to eight hours a day and forty hours a week, unless all hours worked in excess of 8 hours per day are compensated at not less than 1½ times the basic rate of pay; and (ii) specifying penalties to be imposed on design professionals and subcontractors of \$25 per worker per day for each day the worker works more than 8 hours per day and 40 hours per week in violation of California Labor Code sections 1810 through 1815.
- 5.1.6 Required Provisions for Subcontracts.** Developer shall require its contractors to include at a minimum a copy of the following provisions in any contract they enter into with a subcontractor: California Labor Code sections 1771, 1771.1, 1775, 1776, 1777.5, 1810, 1813, 1815, 1860, and 1861.
- 5.1.7 Labor Code Section 1861 Certification.** In accordance with California Labor Code section 3700, Developer shall require that its contractors secure the payment of compensation of its employees and by signing the contract, the contractors

certify as follows: “I am aware of the provisions of Section 3700 of the California Labor Code which require every employer to be insured against liability for workers’ compensation or to undertake self-insurance in accordance with the provisions of that code, and I will comply with such provisions before commencing the performance of the work of this [agreement or contract].”

5.1.8 Labor Compliance Program. The City has its own Labor Compliance Program authorized in August 2011 by the DIR. The City will withhold contract payments when payroll records are delinquent or deemed inadequate by the City or other governmental entity, or it has been established after an investigation by the City or other governmental entity that underpayment(s) have occurred. For questions or assistance, please contact the City of San Diego’s Equal Opportunity Contracting Department at 619-236-6000.

5.1.9 Department of Industrial Relations Registration. This Project is subject to compliance monitoring and enforcement by the DIR. Developer shall ensure its Contractors register with the DIR pursuant to Labor Code section 1725.5. As of March 1, 2015, no contractor or subcontractor may be listed on a bid or proposal for a public works project unless registered with the DIR pursuant to California Labor Code section 1725.5. As of April 1, 2015, a contractor or subcontractor shall not be qualified to bid on, be listed in a bid proposal, or enter into any contract for public work, unless currently registered and qualified to perform public work pursuant to California Labor Code section 1725.5. Developer shall ensure that its calls for bids and contract documents include the following provisions: “No contractor or subcontractor may be listed on a bid proposal for a public works project (submitted on or after March 1, 2015) unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5”; “No contractor or subcontractor may be awarded a contract for public work on a public works project (awarded on or after April 1, 2015) unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5”; “This project is subject to compliance monitoring and enforcement by the Department of Industrial Relations”; and “By submitting a bid or proposal, Contractor is certifying that he or she has verified that all subcontractors used on this public work project are registered with the DIR in compliance with California Labor Code sections 1771.1 and 1725.5, and Contractor shall provide proof of registration to the City upon request.”

5.1.9.1 A contractor’s inadvertent error in listing a subcontractor who is not registered pursuant to California Labor Code section 1725.5 in response to a solicitation shall not be grounds for filing a bid protest or grounds for considering the bid non-responsive provided that any of the following apply: (1) the subcontractor is registered prior to bid opening; (2) within twenty-four hours after the bid opening, the subcontractor is registered and has paid the penalty registration fee specified in California Labor Code section 1725.5; or (3) the subcontractor is replaced by another registered subcontractor pursuant to Public Contract Code section 4107.

ARTICLE VI. CONSULTANTS

- 6.1 Selection of Consultant.** Developer's hiring of a consultant is subject to approval from the Planning Department Director or Development Services Department Director. Developer's consultants shall be subject to all State and City laws, including regulations and policies applicable to consultants retained directly by City. Developer shall cause the provisions in **Exhibit K** "Consultant Provisions" to be included in its consultant contract(s) for the Project. The selection of any consultant is subject to all applicable public contract laws, rules, and regulations, including but not limited to, the San Diego Charter, the SDMC, Council Policies, and the City's Administrative Regulations. Failure to adhere to all applicable consultant selection procedures is a material breach of this Agreement, as applicable, and any contract awarded not in accordance with the City's consultant selection procedures, as applicable, shall be ineligible for reimbursement.
- 6.2 Equal Benefits and Nondiscrimination.** The requirements of City's Equal Benefits Ordinance apply to Developer's consultant contracts. *See* Section 4.6. The nondiscrimination requirements in Section 4.5 apply to Developer's consultant contracts.

- 7.2 Compliance with all Laws, Design Standards, and Construction Standards.** In all aspects of the design and construction of the Project, Developer shall comply with all laws and the most current editions of the Green Book, the White Book, the City's Standard Drawings and Design and Construction Standards, including those listed in **Exhibit L**. It shall be Developer's sole responsibility to comply with the Americans with Disabilities Act and Title 24 of the California Building Standards Code, California Code of Regulations. Developer shall certify compliance with Title 24/ADA to City in the form and content as set forth on **Exhibit M**, "Certification for Title 24/ADA Compliance."

approval shall be performed by the duly authorized City representative designated by this Agreement.

- 7.5 **City Approval Not a Waiver of Obligations.** Where approval by City, the Mayor, or other representatives of City is required, it is understood to be general approval only and does not relieve Developer of responsibility for complying with all applicable laws, codes, regulations, and standard consulting, design, or construction practices.

ARTICLE VIII. CONSTRUCTION AND DRUG-FREE WORKPLACE

- 8.1 **Compliance with Project Schedule and Construction Requirements.** Developer shall commence construction of the Project in accordance with the Project Schedule, as described in Article II, and be subject to the obligations in **Exhibit O**, “Construction Obligations.” Developer shall diligently pursue such construction to completion. Failure to maintain the Project Schedule constitutes a Default subject to Section 2.7. The rights and remedies of City enumerated in this Section are cumulative and shall not limit, waive, or deny any of City’s rights or remedies under any other provision of this Agreement or those available at law or in equity.
- 8.2 **Drug-Free Workplace.** Developer agrees to comply with City’s requirements in Council Policy 100-17, “DRUG-FREE WORKPLACE”, adopted by San Diego Resolution R-277952 and fully incorporated into this Agreement by reference. The Developer shall certify to City that it will provide a drug-free workplace by submitting a Developer Certification for a Drug-Free Workplace in the form and content of **Exhibit P**. Developer shall ensure that its contractors comply with the requirements of City’s Council Policy 100-17.

ARTICLE IX. PRODUCTS

- 9.1 **Product Submittal and Substitution.** To the extent product specification is not addressed by the most recent edition of the Standard Specifications for Public Works Construction (including the City of San Diego’s standard special provisions) (Green Book and White Book) or the Project has aesthetic aspects requiring City review, comment, and approval, prior to the bidding process, Developer shall obtain City approval of products and substitution of products in the manner provided in **Exhibit Q**, “Product Submittal and Substitution.”
- 9.1.1 ***Not a Release of Liability.*** City’s review of samples in no way relieves Developer of Developer’s responsibility for construction of the Project in full compliance with all Construction Documents.

ARTICLE X. EXTRA WORK

- 10.1 **City Authority to Order Extra Work.** Any City additions or modifications to work or Developer obligations under this Agreement not described within City-approved Construction Documents (Extra Work) may be ordered by City prior to completion pursuant to the terms and conditions listed in **Exhibit R**, “Extra Work Provisions.”

ARTICLE XI. CHANGED CONDITIONS

- 11.1 Changed Conditions.** Changed Conditions shall have the meaning as defined in the Green Book and the White Book. The Parties acknowledge and agree that even if Changed Conditions are found to be present, the Project shall not exceed the Estimated Cost without express City Council approval of an increase to the Estimated Cost in accordance with Section 3.3.3. Absent such express approval of additional funds, Developer shall provide City with value engineering and the Parties shall return the Project to within the Estimated Cost.

ARTICLE XII. REIMBURSEMENT

12.1 Reimbursement to Developer

- 12.1.1 ***Notification of Reimbursable Project.*** Prior to commencement of any work on the Project, Developer shall submit to the City's Development Services Department a "Notification of Reimbursable Project" form (attached as **Exhibit S**) together with the Project's construction permit application.
- 12.1.2 ***Type of Reimbursement.*** Developer shall be entitled to cash reimbursement, or DIF credits, for the Reimbursable Costs expended by Developer and approved by City in accordance with this Agreement. Developer shall not receive cash reimbursement unless there are sufficient funds to reimburse Developer, in whole or in part, from the funding sources listed in Recital 6. If sufficient funds are unavailable from these sources, City shall reimburse Developer only if and as funds accrue in those sources for the Project. At City's discretion, City may reimburse Developer with credits against the Citywide Mobility DIF and/or Otay Mesa Local Mobility DIF. Developer acknowledges and agrees that in the event there are no additional DIF funds available for collection by City to fund the Project, Developer shall not be reimbursed by City for any portion of Developer's outstanding costs or expenditures, and Developer expressly agrees to fully absorb all such outstanding costs or expenditures without any reimbursement from City.
- 12.1.3 ***Funds for Reimbursement.*** Developer shall only be entitled to reimbursement as set forth in this Agreement and only from DIF funds collected by City in accordance with the Financing Plan and/or Mobility Nexus Study, as it may be amended, in the amount set forth in this Agreement and only as allocated for the Project, if and as such funds become available for the Project, after the appropriate deductions and expenditures are made, pursuant to the method of reimbursement described in Section 12.1.7, and in the priority of reimbursement described in Section 12.1.11.
- 12.1.4 ***Amount of Reimbursement.*** Developer shall be eligible for reimbursement for Reimbursable Costs in accordance with Section 3.2 in an amount not to exceed Estimated Costs in accordance with Section 3.3.
- 12.1.5 ***City's Administrative Costs.*** City's Administrative Costs shall be paid by the same community DIF funds and/or Citywide Mobility DIF and/or Otay Mesa Local Mobility DIF subject to this agreement prior to any reimbursement to Developer and shall consist of the costs and expenses incurred by City to: (i) facilitate design, implement, process, and administer the Project, (ii) review contractor/subcontractor compliance with the City's Required Contracting

Procedures, (iii) approve reimbursable costs for work performed during design/construction through Final Completion of the Project, and (iv) review project documentation to verify all costs related to the Project, inclusive of construction bid tabulations, contracts, and review of any cost allocation methods (City's Administrative Costs). City's Administrative Costs are not included in the Estimated Costs (as defined in Section 3.3) and not eligible for Developer reimbursement.

- 12.1.6 **Interest.** Interest shall begin to accrue from 90 days after the time the submittal of a Reimbursement Request (as defined in Section 12.1.7) is accepted and approved by the City, or the date the Developer submits an invoice for approved amounts in accordance with Section 12.1.10, whichever occurs later, and shall continue to accrue until either the date DIF credits are made available for Developer's use or the date of cash reimbursement, whichever occurs first up to a maximum of \$ 50,000. Interest shall accrue at the rate earned by the City Treasurer on funds allocated for the Project, not to exceed the assumed interest rate identified in the assumptions of the applicable Financing Plan, at the time the interest is accruing. Interest shall not accrue under circumstances set forth in Sections 2.6 and 3.4. Interest shall not accrue on the withholding amount set forth in Section 12.1.8.
- 12.1.7 **Method of Reimbursement.** Developer shall submit to City a written request for reimbursement for all Reimbursable Costs incurred or advanced for the Project for which Developer was not previously reimbursed or granted DIF credit (Reimbursement Request). The Reimbursement Request must also include all relevant documents in accordance with this Section. City shall determine whether additional documentation is needed to support the Reimbursement Request or if the Reimbursement Request is otherwise incomplete, and shall notify Developer of such deficiencies within sixty (60) calendar days of Developer's Reimbursement Request submittal. Developer shall provide additional documentation within fourteen (14) calendar days of City's notification and request. However, even if City fails to notify Developer within sixty (60) calendar days regarding Developer's Reimbursement Request, City may continue to request additional documentation to support the Reimbursement Request and shall not be obligated to reimburse Developer until City confirms receipt of all relevant documentation sufficient to support the Reimbursement Request. After all appropriate cost documentation has been received and City approves the Reimbursement Request (Reimbursement Request Approval), City shall reimburse Developer for those Reimbursable Costs within sixty (60) calendar days of the date of Reimbursement Request Approval provided that funds are available in the DIF for the Project.
- 12.1.8 **Reimbursement Timing.** Subject to the limitations of Article XII, and at the City's discretion, Developer shall be eligible for reimbursement as follows:
- 12.1.8.1 Up to 30 percent of the Reimbursable Costs estimated for the Project subject to the Developer satisfying all of the following requirements:

- All Plans and Specifications for the Project have been approved by the City (Design-Build: City approval of the Request For Proposal);

- All required permits and environmental clearances necessary for the Project have been secured;
- All performance bonds, payment bonds, and warranty bonds as described in Article XVII have been provided;
- All City fees and costs have been paid;
- Evidence satisfactory to the City that Developer has complied with and satisfied Article IV (Competitive Bidding, Equal Opportunity, and Equal Benefits) and Article VI (Consultants) of the Agreement;
- Copies of valid bids;
- Documentation of City approval of the bids; and
- Awarded construction contract.

Such reimbursement shall be based on Costs expended and verified to date per Section 12.1.10.

12.1.8.2 Up to 90 percent of the Reimbursable Costs reasonably expended and verified to date pursuant to section 12.1.10 for the Project subject to City's issuance of a Substantial Completion Letter (as defined in Section 15.1) for the Project.

12.1.8.3 The remaining 10 percent of the Reimbursable Costs reasonably expended and verified to date pursuant to section 12.1.10 shall be paid to Developer upon submission and approval of all documents as required for Final Completion pursuant to section 16.1 of this Agreement.

Reimbursement Requests shall be submitted at the completion of each of the milestone intervals identified above in Sections 12.1.8.1 through 12.1.8.3.

12.1.9 ***Cutoff for Submission of Reimbursement Requests.*** Developer shall submit all Reimbursement Requests within six (6) months after the Final Completion (Cutoff Date). Any Reimbursement Request submitted after the Cutoff Date shall constitute a Non-Reimbursable Cost and Developer shall not be eligible or entitled to any reimbursement for those costs or expenses.

12.1.10 ***Verification of Reimbursement Request.*** A Reimbursement Request shall include one electronic (PDF) file that includes documentation showing completion of the milestone intervals identified in Sections 12.1.8.1 through 12.1.8.3. The

Reimbursement Request shall include the City's most current version of a checklist for submittal of Reimbursement claims. Developer shall on a monthly basis, or as otherwise required by the City in writing, provide reasonably organized documentation to support the Reimbursement Request including, but not limited to, proof that all mechanic liens have been released, copies of invoices received and copies of cancelled checks, substitute checks, or image replacement documents showing that payment has been made in connection with the Reimbursement Request in the following manner:

- 12.1.10.1 Developer shall submit one (1) copy of a Reimbursement Request Form (**Exhibit T**), and itemized summary spreadsheet with supporting documentation for work completed in accordance with this Agreement and the Plans and Specifications and/or Extra Work. Reimbursement Requests shall be numbered.
- 12.1.10.2 Prior to the approval of the Reimbursement Request, the RE shall verify whether the materials and work for which reimbursement is being requested have been installed and performed as represented. The RE shall review the Project on-site for quality of material and assurance and adherence to the bid list, contract estimates, and the Plans and Specifications. The RE shall also review as-builts and Best Management Practices (BMPs) and verify that a lien release has been prepared.
- 12.1.10.3 The RE shall initial the reimbursement Request, noting any disallowed costs, maintain a copy, and forward the original to the City Senior Civil Engineer or City designee for review and approval.
- 12.1.10.4 The City Senior Civil Engineer or City designee shall review the Reimbursement Request, as well as supporting cost documentation received from Developer, including soft costs related to the Project, as well as monitor the RE's expenses charged to the Project, and other City Administrative Costs.
- 12.1.10.5 The City Senior Civil Engineer or City designee shall review and approve the Reimbursement Request.
- 12.1.10.6 The City Senior Civil Engineer or City designee shall prepare a memorandum, including a summary schedule of budgeted and actual approved costs, to the Planning Department Fiscal Administrator recommending the reimbursement amount including all construction invoices and change orders previously approved, and soft costs incurred to date, noting any costs to be disallowed and the reason for the disallowance. A copy of the memorandum shall be forwarded to Developer.
- 12.1.10.7 The Planning Department Fiscal Administrator shall verify DIF cash/credits or other approved funding sources listed in Recital 6 are available for reimbursement.

12.1.10.8 Developer shall then submit an invoice to the City for the reimbursement amount approved by City.

12.1.11 **Priority of Reimbursement.** Reimbursement to Developer from the DIF for the Project will be subsequent to reimbursement of City's Administrative Expenses incurred in connection with the Project subject to this agreement, or Financing Plan, and DIF fund administration, but takes priority over any Developer Reimbursable Project added to the Mobility Nexus Study subsequent to the Effective Date (as defined in Section 26.1) of this Agreement, with the following exceptions:

12.1.11.1 Any State or Federally mandated project.

12.1.11.2 Appropriations and planned/scheduled commitments for City administered, managed, and funded Capital Improvement Projects.

12.1.11.3 To the extent Developer failed to properly notify City in writing of any actual or anticipated increases in Estimated Costs as required under Sections 2.6 and 3.4, the reimbursement for the cost increases, if approved by City, will be subsequent in priority to those projects with agreements approved by the City Council prior to the City Council's approval of increased Estimated Costs.

ARTICLE XIII. PUBLIC RELATIONS

13.1 **Presentations.** Developer and Developer's agents shall be available for all presentations required to be made to City Council, Council Committees, any other related committees, and citizen groups to provide them with information about the Project as well as presentations to any governing or regulatory body or agency for other approvals as may be required.

Developer shall properly recognize City and include the City of San Diego's logo on permanent and temporary signs, invitations, flyers, or other correspondence. Any recognition of City shall be reviewed and approved by the Responsible Department's Senior Public Information Officer. For assistance with proper recognition, or if Developer is contemplating a dedication or ground-breaking ceremony, Developer shall contact the Responsible Department's Senior Public Information Officer.

13.5 **Dedication Ceremony.** City or Developer shall have the opportunity to conduct and host a public dedication ceremony, ground-breaking, or similar ceremony on the Project site at

any reasonable time following Operational Acceptance of the Project, provided Developer receives prior approval from the E&CP Department for the ceremony and provides an opportunity for appearances by the Mayor, Council Members and other appropriate City officials. Developer shall contact the City's Communications Department to arrange a mutually acceptable date and time for any ceremony. Invitation shall not be sent out or a date set until the City's Communications Department has approved the time and date for the ceremony. This ceremony expense is a reimbursable cost up to a maximum of \$2,500 and must be included in the Estimated Costs (as defined in Section 3.3). Eligible costs should include but not limited to chair and table rentals, shade/tent rentals, public address system with podium, refreshments, collateral materials (i.e., brochures / fact sheets about the project).

- 15.1 Substantial Completion Letter.** When Developer determines that the Project is substantially complete, Developer shall request an operational inspection and a Substantial Completion Letter from the Resident Engineer. The Substantial Completion Letter shall include the written approval of the department in charge of inspection. The Substantial Completion Letter only authorizes public utilization of the Project in accordance with Section 6-5 "Use of Improvements during Construction" of the Green Book. The Substantial Completion Letter does not constitute City approval for Final Completion of the punch list or as-built plans.

ARTICLE XVI. FINAL COMPLETION

- 16.1 Final Completion.** Final Completion shall not occur until each of the following is satisfied. Approval for the Final Completion for the work required to complete the Project shall occur upon the later of the following:

- 16.2 No Waiver.** Developer's obligation to perform and complete the Project in accordance with this Agreement and Construction Documents shall be absolute. Neither recommendation of any progress payment or acceptance of the work, nor any payment by City to Developer under this Agreement, nor any use or occupancy of the Project or any part thereof by City, nor any act of acceptance by City, nor any failure to act, nor any review of a shop drawing or sample submittal will constitute an acceptance of work which is not in accordance with the Construction Documents.
- 16.3 Assignment of Rights.** Upon Final Completion of the Project, Developer shall assign its rights under its contracts with all contractors, subcontractors, design professionals, engineers, and material suppliers associated with the Project to City. Developer shall be required to obtain written approval and acknowledgement, whether in the form of a contract provision or separate document, of such assignment from its contractors, subcontractors, design professionals, engineers, and material suppliers. This assignment of rights shall not relieve Developer of its obligations under this Agreement, and such obligations shall be joint and several.

- 17.4 **Term.** The Payment Bond shall remain in full force and effect until Final Completion to ensure that all claims for materials and labor are paid, except as otherwise provided by law or regulation. The Performance Bond shall remain in full force and effect until Operational Acceptance of the Project by City. Upon Operational Acceptance, City shall follow the procedures outlined in California Government Code section 66499.7 and release the Performance Bond. The Warranty Bond shall remain in full force and effect for the warranty periods provided in this Agreement.
- 17.5 **Certificate of Agency.** All bonds signed by an agent must be accompanied by a certified copy of such agent's authority to act.
- 17.6 **Licensing and Rating.** The bonds shall be duly executed by a responsible surety company admitted to do business in the State of California, licensed or authorized in the jurisdiction in which the Project is located to issue bonds for the limits required by this Agreement, and have a minimum AM Best rating of "A-" to an amount not to exceed 10 percent of its capital and surplus.

If dispute arises out of, or relates to the Project or this Agreement, or the breach thereof, and if said dispute cannot be settled through normal contract negotiations, prior to the initiation of any litigation, the Parties agree to attempt to settle the dispute in an amicable manner, using mandatory mediation under the Construction Industry Mediation Rules of the American Arbitration Association (AAA) or any other neutral organization agreed upon before having recourse in a court of law.

25.2 Mandatory Mediation Costs. The expenses of witnesses for either side shall be paid by the Party producing such witnesses. All other expenses of the mediation, including required traveling and other expenses of the mediator (Mediator), and the cost of any proofs or expert advice produced at the direct request of the Mediator, shall be borne equally by the Parties, unless they agree otherwise.

25.3 Selection of Mediator. A single Mediator that is acceptable to both Parties shall be used to mediate the dispute. The Mediator will be knowledgeable in construction aspects and may be selected from lists furnished by the AAA or any other agreed upon Mediator. To initiate mediation, the initiating Party shall serve a Request for Mediation on the opposing Party. If the Mediator is selected from a list provided by AAA, the initiating Party shall concurrently file with AAA a “Request for Mediation” along with the appropriate fees, a list of three requested Mediators marked in preference order, and a preference for available dates.

25.3.1 If AAA is selected to coordinate the mediation (Administrator), within fourteen calendar days from the receipt of the initiating Party's Request for Mediation, the opposing Party shall file the following: a list of preferred Mediators listed in preference order after striking any Mediators to which they have any factual objection, and a preference for available dates. This process shall continue until both sides have agreed upon a Mediator.

25.3.2 The Administrator will appoint or the Parties shall agree upon the highest, mutually preferred Mediator from the individual Parties' lists who is available to serve within the designated time frame.

25.3.3 If the Parties agree not to use AAA, then a Mediator, date and place for the mediation shall be mutually agreed upon.

25.4.1 Both Parties must have an authorized representative attend the mediation. Each representative must have the authority to recommend entering into a settlement. Either Party may have attorney(s) or expert(s) present. Upon reasonable demand, either Party may request and receive a list of witnesses and notification whether attorney(s) will be present.

25.4.2 Any agreements resulting from mediation shall be documented in writing. All mediation results and documentation, by themselves, shall be “non-binding” and inadmissible for any purpose in any legal proceeding, unless such admission is otherwise agreed upon, in writing, by both Parties. Mediators shall not be subject to any subpoena or liability and their actions shall not be subject to discovery.

Procedure for Processing Change Orders

1. **Forms Required.** Prior to construction, all Change Orders shall be requested in writing by the Developer on the appropriate City form and must be approved or rejected by City in writing as provided in Section 3, below, and delivered to Developer. The purpose is for the developer to obtain advance written approval (or rejection) from the City prior to incurring the cost.
2. **Written Approval of Change Orders.** Change Orders that *will not* result in an increase in the Estimated Cost, may be approved by the RE in writing. If a requested Change Order *will* result in an increase in the Estimated Cost, approval of the Change Order shall require City Council approval only if the increase will exceed the Financing Plan estimate.
3. **Process for Approval of Change Orders.** A Change Order must indicate whether the change will result in any change to the Estimated Cost, Project Schedule, or Project quality established during the design and submittal review process.
 - 3.1 **Resident Engineer Review.** The RE shall either approve or reject the Change Order in writing on the appropriate City form within fourteen (14) calendar days of receiving Developer's written notice, provided Developer has submitted complete documentation substantiating the need for such Change Order and the reasonableness of the cost. If City fails to respond to Developer's written notice within the fourteen (14) calendar days, the Change Order request shall automatically be deemed denied.

Documentation substantiating the reasonableness of the cost of the Change Order may include:

- a. Signed daily work tickets. T & M sheets should be signed at the end of each day. This allows the RE to be present during construction and confirm quantities and time as it relates to the change order work and since Change Order Requests (COR's) are eventually billed on subsequent IAR's.
- b. Proposals showing the cost of labor, materials, and equipment, using unit costs that are similar to those of the original construction contract;
- c. An explanation why the Change Order unit costs are dissimilar to those of the original construction contract;
- d. Quotes from multiple vendors; or
- e. Copies of correspondence between the contractor, subcontractors, Resident Engineer, etc. that document a price negotiation.

If the RE acknowledges the work to be extra, a Change Order will be issued adjusting the compensation for such portion of the Work in accordance with the Greenbook "Payment" and "Payment for Extra Work" Sections.

- 3.2 **Consultant Review.** On behalf of the City, the Public Facilities Planning(PFP) Consultant reviews the Developer's written request for a Change Order and supporting documentation, and compares them to the terms of the Agreement and industry standards. The PFP Consultant makes a recommendation for the reimbursable amount of the Change Order and sends the signed form to PFP, including the documentation used to make the recommendation, for PFP's review.
- 3.3 **Public Facilities Planning Review.** PFP reviews and either approves or requests additional information or documentation prior to approving the Change Order, including the recommendation for the reimbursable amount.
4. **City Council Approval.** As noted in Section 2 above, if the Change Order request *will* result in an increase in the Estimated Cost, City Council approval is required for increases that will exceed the Financing Plan estimate. In such cases, once a Change Order is preliminarily accepted by the appropriate City staff, City staff shall process the Change Order along with any required amendments to the Financing Plan and this Agreement as a 1472 (Request for Council Action). At a hearing on such Request for Council Action, City Council may either approve or reject such Change Orders. Council Approval shall not be subject to the fourteen (14) calendar day response time set forth above in Section 3.1. Furthermore, nothing in this Agreement shall compel the City Council to take any particular action.

- 2.2 *Primary and Non-Contributory.* The policies are primary and non-contributing to any insurance or self-insurance that may be carried by the City of San Diego, its elected officials, officers, employees, agents, and representatives with respect to operations, including the completed operations if appropriate, of the Named Insured. Any insurance maintained by the City of San Diego and its elected officials, officers, employees, agents, and representatives shall be in excess of Developer's insurance and shall not contribute to it.
- 2.3 *Project General Aggregate Limit.* The CGL policy or policies must be endorsed to provide a Designated Construction Project General Aggregate Limit that will apply only to the work performed under this Agreement.
