SAN DIEGO COUNTY REGIONAL AIRPORT AUTHORITY COMMUNITY INPUT MEETING ON THE AIRPORT DEVELOPMENT PLAN

Staff will also present plans for a new Parking Plaza in front of Terminal 2

San Diego County Regional Airport Authority in partnership with Fourth Council District Welcomes you to a Community Input Meeting on the Airport Development Plan.

The Airport Development Plan (ADP) is the next master-planning phase for San Diego International Airport. The ADP is designed to identify improvements that will enable the airport to meet demand through 2035.

The Airport Authority will share some concepts as thought-starters and obtain input and ideas. These initial concepts are just a starting point – the first step in a long, comprehensive planning process. Airport staff will then formulate a preferred alternative for the Airport Authority Board's consideration. After a preferred alternative is identified, a detailed environmental analysis will be conducted. It is expected that the entire process will conclude in spring 2016.

AIRPORT DEVELOPMENT PLAN COMMUNITY INPUT MEETING

Thursday, September 11, 6-7 p.m.

Tubman Chavez Building

415 Euclid Avenue
San Diego, CA 92114

THE ADP CONSIDERS

- The future of Terminal 1
- Redevelopment of the former Teledyne-Ryan property
- Input to SANDAG as it plans for effective intermodal transportation facilities
- Creation of new non-airline revenue opportunities

For questions or comments, please email ADP@san.org
