WHEREAS, it is the intention of the Common Council of The City of San Diego, California, to construct a water pipe line in the County of San Diego, State of California, a portion of which pipe line will necessarily be constructed in and along certain County Roads in the County of San Diego, State of California, now owned and possessed by the County of San Diego, State of California, NOW, THEREFORE,

That the Common Council of The City of San Diego be, and it is hereby authorized to petition the Board of Supervisors of the County of San Diego, State of California, for an easement and right of way for the construction of said water pipe line in, over and along certain County Roads in the County of San Diego, which said petition shall read as follows:

"To the Honorable, the Board of Supervisors
of the County of San Diego, State of California.

Gentlemen:

The Common Council of The City of San Diego hereby petitions the Board of Supervisors of San Diego County, as follows:

That an easement be granted to The City of San Diego to lay, operate and maintain a water pipe line in and along certain County Highways and across certain County property described as follows:

Along the County Highway from the easterly terminus of the El Capitan Pipe line (now under construction) on Woodside Avenue, Lakeside; thence easterly along said Woodside Avenue to Vine Street; thence northerly along Vine Street and Julian Road 3A, to the San Vicente Dam site.

The pipe line proposed will be made of thirty-six inch Lock Bar Steel Pipe, which is to be thoroughly dipped in a high grade protective coating and then wrapped in another high grade protective coating; specifications of the method of protection having been heretofore furnished your Honorable Body. It is our belief that this protection will obviate for practically the life of the pipe the necessity of carrying on maintenance work.

It is our intention to provide protection against damages from any possible leakage in the County right-of-way by installing sub-surface gravel drains across the highway at low points in the pipe line. The greatest possible care will be maintained at all times to avoid interference with travel, or injury of any kind to the road.

The City, through the contractor and his sureties, will assume responsibility for any accidents or damage that might occur during the progress of this work.

A set of plans showing the location, profile and grade lines, will be filed with your Honorable Body in the immediate future.

Respectfully submitted,
THE CITY OF SAN DIEGO

AS IT RESOLVED by the Common Council of the City of San Diego, as follows:

Pursuant to the provisions of Section Eight of Article Eleven of the Constitution of the State of California, the Common Council of the City of San Diego, being the legislative body of said City, hereby proposes to the qualified electors thereof the following amendments to the present Charter of said City:

PROPOSITION ONE.

Amend Chapter II of Article II of the City Charter by adding a new section thereto to be known and numbered as Section 1-1/2, which said Section 1-1/2 shall read as follows:

"Section 1-1/2. The Common Council may by resolution provide for the sale and conveyance or lease of all personal property unfit or unnecessary for the use of said City, and all lands, (except tide lands and those reserved from sale by the provisions of Subdivision 48 (a) of Section 1, Chapter II, Article II of this Charter), now or hereafter owned by said City and not dedicated or reserved for public use, to the highest responsible bidder, at public auction, or after advertisement for sealed proposals therefor. Said advertisement for sealed proposals or notice of said public auction shall be published at least five (5) days in the official newspaper of said City before such sale or lease. No lease of any land shall be made for a longer period than ten (10) years, and no lease of any personal property shall be made for a longer period than one (1) year, except by the affirmative vote of two-thirds of the Common Council, and in no event for a longer period than two (2) years.

Paragraph (b) of Subdivision 48, and Subdivision 49, of Section 1, Chapter II, Article II is hereby repealed."

PROPOSITION TWO.

Amend Section 4 of Chapter III of Article I of the City Charter, so as to read as follows:

"Section 4. All Primary and General Municipal Elections for the nomination and election of municipal officers shall be conducted as follows:

All candidates for municipal offices to be elected at each General Municipal Election shall be nominated by a Primary Election, and no names shall be placed upon the general ballot except those selected in the manner hereinafter prescribed. The Primary Election for such nomination shall be held on the third Tuesday preceding the General Municipal Election; and in all respects other than as in this charter provided said primary and general municipal elections shall be conducted in accordance with the laws of this state relating to general elections in force at the time of such election.

Within ten days from the date of filing such petition, the City Clerk shall examine, and from the great register ascertain whether or not said petition is signed by the requisite number of qualified electors; and, if necessary, the Common Council shall allow him extra help for that purpose. If said petition shall be found insufficient, it shall be immediately returned to the person filing, the same without prejudice to the filing of a new petition to the same effect, provided, that such new petition shall, if found to be sufficient, by the City Clerk, be filed with the City

A column may be provided on the right hand side for charter amendments or other questions to be voted upon at the municipal elections, as provided for under this charter.

Said canvass by the Common Council shall be publicly made. The two candidates receiving the highest number of votes for each of the offices to be filled, except for the members of the Common Council and members of the Board of Education, shall be the candidates and the only candidates whose names shall be placed on the ballot for said office, provided, that, where more than one office of the same kind is to be filled, the candidates therefor, equal in number to twice the number of such offices, who receive the highest number of votes at the primary nominating election, shall be the candidates and the only candidates for such offices, whose names shall be printed upon the ballot to be used at such general or special election.
