REVISED NOTICE OF RIGHT TO APPEAL ENVIRONMENTAL DETERMINATION PLANNING DEPARTMENT

PROJECT NAME/NUMBER: Sidewalk Replacement Group 1604

COMMUNITY PLAN AREA: Barrio Logan, Carmel Valley, City Heights, College Area, Downtown, Eastern Area, Encanto Neighborhoods, Greater Golden Hill, Kensington-Talmadge, La Jolla, Navajo, Normal Heights, North Park, Ocean Beach, Otay Mesa, Otay Mesa-Nestor, Peninsula, Skyline-Paradise Hills, Southeastern San Diego, Torrey Highlands, Torrey Pines, University, and Uptown.

COUNCIL DISTRICT: 1, 2, 3, 4, 5, 7, 8, and 9

LOCATION: See Attachment A, "Location List."

This Notice of Right to Repeal an Environmental Determination (NORA) is being reposted to include the thirteen additional locations that were added to the project after the previous NORA was posted (June 20, 2018).

PROJECT DESCRIPTION: The project involves furnishing all labor, materials, equipment, services and construction for the removal, replacement and repair of tree related and non-tree related damaged sidewalks, curb and gutters, curb ramps and driveways; excavation of unsuitable base materials and asphalt pavement; as well as required tree services to mitigate the impact of trees on streets, sidewalks, and surface drainage, such as but not limited to, root trimming, tree and stump removal/grinding, and other methods as deemed necessary by the City's Arborist. The project will involve the conversion and/or installation of curb ramps to meet ADA requirements, storm drain inlet protection and sediment control. All work would occur within the public right-of-way in previously disturbed and non-sensitive areas only. Storm Water Best Management Practices (BMPs) for erosion control preventing discharge, as well as a Traffic Control Plan (TCP) would be implemented throughout construction.

ENTITY CONSIDERING PROJECT APPROVAL: City of San Diego

ENVIRONMENTAL DETERMINATION: This activity is categorically exempt from CEQA pursuant to State CEQA Guidelines Section 15301(c) (Existing Facilities) and Section 15303(d) (New Construction or Conversion of Small Structures).

ENTITY MAKING ENVIRONMENTAL DETERMINATION: City of San Diego Mayor-Appointed Designee

STATEMENT SUPPORTING REASON FOR ENVIRONMENTAL DETERMINATION:

The City of San Diego conducted an environmental review that determined the project would not have the potential for causing a significant effect on the environment pursuant to State CEQA Guidelines Section 15301(c) (Existing Facilities) which consists of the operation, repair, maintenance, permitting, leasing, licensing, or minor alterations of existing public or private structures, facilities, mechanical equipment, or topographical features involving negligible or no expansion of existing or former use including existing highways and streets, sidewalks, gutters, bicycle and pedestrian trails, and similar facilities; and Section 15303(d) (New Construction or Conversion of Small Structures) which consists of the construction and location of limited numbers of new, small facilities or structures; installation of small new equipment and facilities in small structures; and the conversion of existing small structures from one use to another where only minor modifications are made in the exterior of the structure; including water main, sewage, electrical, gas, and other utility extensions, including street improvements, of reasonable length to serve such construction. The exceptions to the exemptions listed in CEQA Guidelines Section 15300.2 would not apply in that no cumulative impacts were identified; no significant effects on the environment were identified; the project is not adjacent to a scenic highway; and no historical resources would be affected by the action.

As to the exception for hazardous materials, there are locations listed on GeoTracker and EnviroStor within 1,000 feet of the public right-of-way. While these locations are listed, there are no open environmental cases of known hazardous material contamination that would be disturbed which would otherwise preclude use of a CEQA exemption pursuant to Section 65962.5 of the Government Code.

*Based on a search of EnviroStor: <http://www.envirostor.dtsc.ca.gov/public> and GeoTracker: <https://geotracker.waterboards.ca.gov/>. A "Yes" indicates that a hazardous waste site was identified within 1,000 feet of the public right-of-way of the listed location.
