RECEIVED  
CITY CLERK'S OFFICE  
APR 7 10 06 AM 1947  
SAN DIEGO, CALIFORNIA

San Diego City Council  
Civic Center  
San Diego, California

Dear Sirs:

This is to call to your attention that there is before the 57th Session of the California State Legislature, Assembly Bill No. 716, which is designed to give much needed aid to needy disabled persons residing in this state. This bill makes possible payment of an amount not to exceed \$35.00 per month to each physically handicapped person over 18 years of age, who has been a resident of California for fifteen or more years and who has no income from any other source. Persons supported by responsible relatives or residents of state institutions will not be eligible for such aid.

It seems hardly necessary to emphasize how much even this small amount would help the needy handicapped in this state. Such legislation has been long overdue, and on behalf of the San Diego Chapter of the Indoor Sports Club, Inc. I am writing to request that the City Council make a resolution recommending adoption of Assembly Bill No. 716 and send it to the State Legislature. Such action will substantially aid our efforts to obtain passage of this important bill and will be greatly appreciated by all handicapped persons in San Diego.

If possible, please send a copy of your resolution to our organization so that we may forward it to the National Headquarters of The Indoor Sports Club, Inc.

Thanking you for past favors and considerations, I remain

Very truly yours,

*Dorothy Munden (Miss)*

Secretary
