**ACTIVITY #: 91665**  
**Register at [www.SDRecConnect.com](http://www.SDRecConnect.com)**

Young Engineers enrichment programs provide an engaging, hands-on learning experience. Our kits have been designed by our research and development team. The students use the kits to build exciting models and robots and they learn that education can be fun.

This program is being offered through the Come Play Outside partnership between the City of San Diego, County of San Diego, Price Charities and the San Diego Parks Foundation. Scholarships are available based on financial need. Please contact the center for details.
