Sounds of the Rainforest Making a Manguaré:

Learn how the Bora-Huitoto People, one of the many tribes living in the Amazon forest use giant drums to communicate between villages. Pick up your free materials kit* at the library to create your own small drum replica. Then learn to make rhythms and music using your drum. Have fun communicating with your friends and family in a new way!

*Participants will need clear tape, scissors, and any other drawing supplies they prefer.
