

# Special Events and Filming Department

The Special Events and Filming Department is proposing an increase in application processing and late fees which are currently under review by the Mayor and City Council for compliance with Council Policy 100-05 (User Fee Policy) and to ensure that all reasonable costs incurred while providing these services are recovered.

An increase is being proposed based on updating actual costs as well as adjustment for staff time spent to process application and coordinate review/approval by internal and external stakeholders. Increase is based on operational impacts, current salary and fringe rates noted in spreadsheet. The two current user fees have not increased since adopted in 2003.
