**Subject: March 2023: Skilled & Trained Workforce Report - Letter to Achieve**

Azin/Robert,

Sukut Construction (Sukut) is submitting this letter as a supplement to the March 2023 Skilled and Trained Workforce Report. In March, our crews continued doing pothole work and started on the 12” water mainline installation in Sherman St. We did have a laborer employee who was a graduate of the apprenticeship program, and his man hours onsite were noted in the report. This employee will continue working onsite and will contribute to the graduated skilled workforce.

Weather and rain delays continued to impact on our reported man hours. However, as we head into warmer and drier months, and as our scope expands, we imagine that our man hours will increase to include more apprenticeship program graduates. Furthermore, going forward we will be coordinating with the union halls to provide labor that will help us to achieve the skilled worker goals.

Feel free to contact me with any questions.

Regards,

*Matt Fleming*
