## **University Community Plan Update Subcommittee Meeting Chat Report Out - April 21, 2020**

01:46:39	Andrew Wiese: In Focus area 1, I hope we will consider whether there are opportunities for mixed use (incl housing) in the portion that is under the Miramar Transition Zone, just adjacent to UCSD		
01:53:32	Andrew Wiese: Connecting this area for bikes and pedestrians across 1-5 to the rest of the community should be a priority safety and comfort will be key to getting people to cross that forbidding zone		
01:55:37	Andrew Wiese: Safety at Genesee / Governor intersection is critical. And safe connections for pedestrians, bicycles and transit north and south on Genesee also should be a priority for transportation planning		
01:58:51	Hazel O'Neil:	Costa Verde is going to have office development	
02:00:22	Hazel O'Neil:	From charley Herzfeld - we need to complete the sidewalk on Gilman Dr where it passes under La Jolla village dr	
02:02:30	Hazel O'Neil: initiative to ren	From Clifton William - in focus area 4 and areas west of the I-5, is there any thought to add these areas to the nove the 30 ft height limit for the Midway area?	
02:03:05	Hazel O'Neil: bicycle paths/s	From Kathy Haynes - is there coordination with SANDAG, MTDB, on future plans? Particularly as it pertains to afety?	
02:06:27	Hazel O'Neil: from apartmen	From Oksana Poesskaya - underground pedestrian road crossing would make it much easier and faster to walk at complexes to UCSD	
02:08:01	Hazel O'Neil:	katiew@sandiego.goc
