UPDATE FROM DOCKLESS SCOOTER SHARE PROVIDERS

- WHAT:** City of San Diego's Public Safety and Livable Neighborhoods Committee
- WHERE:** City of San Diego, Council Chambers
202 C Street, 12th Floor, San Diego, CA 92101
- WHEN:** Wednesday, September 19, 2018
9:00 a.m.
- WHY:** Since the launch of electric scooters in San Diego, public safety has been a top concern and priority for the City, its residents, and visitors. The Committee has been working closely with the dockless scooter share providers, the Mayor's office, City Attorney's office, SDPD, and the community to identify changes that the providers can make to improve operations and increase safety for riders and the public. Through these conversations, dockless scooter share providers have agreed to implement a number of changes and improvements aimed at increasing public awareness and increasing public safety. Some items have already been implemented and timelines have been established to implement the others. By working collaboratively with the providers, the Mayor's office, and SDPD, immediate changes can be made to help improve the public safety of all San Diegans and visitors.
