The following items must be submitted with this form as part of the application.

1. Proof of the applicant's legal interest in the property. A copy of any of the following will be acceptable: current tax bill, recorded deed, lease, easement, or current policy of title insurance. Preliminary title reports will not be accepted for this purpose. Documentation reflecting intent to purchase such as a signed Offer to Purchase along with a receipt of deposit or signed final escrow document is also acceptable, but in such a case, issuance of the permit may be contingent on submission of evidence satisfactory to the Executive Director that the sale has been completed.

The <u>identity of all persons or entities that have an ownership interest</u> in the property superior to that of the applicant must be provided. Provide proof that all those with ownership interests have been notified in writing of the application and have been invited to join as co-applicants.

- 2. Assessor parcel map(s) from the County showing the applicant's property and all other properties within 100 feet (excluding roads) of the property lines of the project site.
- Copies of required local approvals for the proposed project, including zoning variances, use permits, etc., as noted on Local Agency Review Form, Appendix B. <u>Appendix B must be completed and signed by the local government with jurisdiction over the project site</u>. The application will not be accepted without a completed Appendix B.
- 4. Stamped envelopes addressed to all applicants and agents, all property owners <u>and occupants</u> of property situated within 100 feet of the property lines of the project site (<u>excluding roads</u>), along with a list of all owners and occupants with addresses. The envelopes must be plain (i.e., no return address), and regular business size (9 1/2" x 4 1/8"). Include first class postage on each one. <u>Metered postage is not acceptable</u>. Use Appendix C for the listing of names and addresses.
- 5. Plans must be drawn to scale, including (as applicable): site plans, including any trees to be removed, floor plans, building elevations, grading, drainage, and erosion control plans, landscape plans, and septic system plans.

- 8. Where septic systems are proposed, evidence of County approval or Regional Water Quality Control Board approval. Where water wells are proposed, evidence of County review and approval.
- 9. All available environmental review documents for the project, such as a CEQA Notice of Exemption, mitigated negative declaration, or EIR (Environmental Impact Report), NEPA review documents, or others. Include all comments and responses to comments to date.
- 10. Verification of all other permits, permissions or approvals applied for or granted by other agencies, such as the California Department of Fish and Wildlife, U.S. Fish & Wildlife, U.S. Army Corps of Engineers, U.S. Coast Guard, or the State Lands Commission.

Note: For projects such as seawalls located on or near state tidelands or public trust lands, the Coastal Commission must have a written determination from the State Lands Commission whether the project would encroach onto such lands and if so, whether the State Lands Commission has approved such encroachment.

11. For development on a bluff face, bluff top, or in any area of high geologic risk, a comprehensive, site-specific geology and soils report, including maps, prepared by a qualified specialist.

#### SECTION V. ADDITIONAL MATERIAL MAY BE REQUIRED

Additional material may be required prior to issuance of a coastal development permit. For example, where offers of access or open space dedication are required, preliminary title reports, land surveys, legal descriptions, subordination agreements, and other outside agreements will be required prior to issuance of the permit.

#### SECTION VI. COMMUNICATION WITH COMMISSIONERS

Decisions of the Coastal Commission are made on the basis of information in the public record available to all commissioners and the public. Permit applicants, interested persons, and their representatives may contact individual commissioners to discuss permit matters outside the public hearing (an "ex parte" communication). If a commissioner or alternate accepts an ex parte communication, he or she must provide a complete description of the communication either in writing prior to the hearing or orally at the public hearing.

All written material sent to a commissioner, by any method, must also be sent to the Executive Director, California Coastal Commission, 455 Market St., Suite 300, San Francisco, California, 94105, as well as to the appropriate district office, for inclusion in the public record.

#### FILING FEE INSTRUCTIONS

PAYMENT IN FULL AT TIME OF APPLICATION. Applications will not be processed without full payment of all applicable fees. If overpayment occurs, a refund will be issued. Fees are assessed at the time of application, based on the project as initially proposed. If a proposed development changes during the application review process, the fee may change. If an application is withdrawn, a refund will be given only if no significant staff review time has been expended (e.g., the staff report is not drafted). Refunds are not given based on denial of a permit application by the Commission.

TO CALCULATE THE TOTAL AMOUNT DUE, fill in the applicable amounts in each category below. Add all applicable types of development in Section I (residential), Section II (commercial, other), and Section III (e.g. grading, amendments). Note and apply any multipliers, maximums, and requirements to use the greater of two calculations.

SPECIAL SITUATIONS: See Part IV and check as applicable. Submitted fees for applications that include after-the-fact (ATF) development <u>must be five times the total fee that would apply to all the ATF development</u>.

FISCAL YEAR INCREASES: Fees are adjusted each fiscal year (July 1 – June 30) according to the California Consumer Price Index. New fiscal year fees are applied retroactively to July 1, regardless of when the increases are approved or published in the California Code of Regulations. The Commission publishes the new fees on its website and revised applications on or before July 1.

For more information, see Section 13055 of Commission regulations (Division 5.5, Title 14, California Code of Regulations), available via the Commission's <u>Laws and Regulations</u> page. If you have questions, see the Commission's <u>Contacts</u> page to contact district staff.
