

# What is the VI-SPDAT?

The Vulnerability Index and Service Prioritization Decision Assistance Tool enables providers to fairly and uniformly provide resources to those in need based on:

1. Level of need
2. Score on the assessment
3. Available housing resources

## What happens after the assessment?

After completing a VI-SPDAT, you may be assigned to a Housing Navigator based on scores, priorities, and room on staff caseload.

What can I do while I wait to be assigned to a Housing Navigator?

If you need immediate shelter, please call 2-1-1 for a list of open emergency shelters or safe havens in your area.

## More Information

*Opening Doors Coordinated Assessment and Housing Placement (CAHP) system is not an emergency solution.*

*Completing an assessment is not a guarantee of housing.*

*Make sure you give the staff completing your assessment any helpful contact information so that we may be in touch with you.*

*You can start collecting your necessary documentation (CA ID, SS card, Birth Certificate if applicable, DD214 if applicable) needed for federally funded housing resources. This will expedite the housing referral process after assigned to a Housing Navigator.*
