CITY OF SAN DIEGO
Mayor

KEVIN FAULCONER
Mayor

It's not every day I get to write to every resident, so **I want to take this opportunity to thank you** for giving me the chance to serve our city. We've accomplished so much in the two years since you elected me.

City finances are back on track. **Without raising your taxes, we've prioritized hiring public safety officers, kept library and recreation centers open longer, fixed tens-of-thousands of potholes and doubled the miles of streets repaired.** I'm committed to finishing the job of restoring neighborhood services.

Two years ago I pledged to bring our city together – to build One San Diego. **I've worked hard to be inclusive of all our communities,** and I made it a priority to improve services in neglected neighborhoods.

We've overcome tough challenges and there's a lot more work to do. **Continuing pension reform, attracting more good-paying jobs, and improving streets and neighborhood infrastructure remain my top priorities.**

I very much enjoy working for you. I get up every morning thinking I've got the best job in the world, in the best city. **I'd be honored to continue serving as your mayor and would appreciate your vote.**

–Mayor Kevin Faulconer

CITY OF SAN DIEGO
Mayor

ED HARRIS
San Diego Lifeguard Sergeant

I will never put political gamesmanship and pursuit of higher office ahead of solving real problems and doing the job to which I am elected.

During my service in the United States Marine Corps, I learned to focus on teamwork and self-sacrifice to achieve our goals. I carried those values to my own small business, to my service as a San Diego Lifeguard and as a City Councilmember for the 2nd District. I will bring that same approach to being Mayor.

- I will address understaffing of public safety personnel, which has resulted in an increased crime rate, delayed 9-1-1 response, and continued loss of trained public safety personnel.
- I will restore cutbacks in Fleet Services, which have resulted in much of the City vehicle fleet being out of commission.
- I oppose subsidizing a football stadium when basic neighborhood infrastructure is being neglected, and the City's only response to this neglect is a budget shell game.

As Mayor, I will restore quality City services, protect our neighborhoods and coastline, support a livable minimum wage and bring good-paying jobs to our City.

My wife Kate, our two children and I reside in Point Loma.

CITY OF SAN DIEGO
Mayor

LORI SALDAÑA

Thanks for reading this!

As a **native San Diegan** and **daughter of a career Marine** I'm **dedicated to my hometown**. That's why I'm running for mayor.

I've solved tough problems as a **teacher**, state **legislator** and **presidential appointee**.

I've managed federal grants, created ***workforce development*** programs, ***protected beaches*** from pollution, and provided funding for ***veterans' education, healthcare and affordable housing throughout California***.

I promise to continue this work, **serve my full term**, and focus on being a great Mayor.

I'm an **independent candidate**. I'm not beholden to anyone.

In Sacramento, **I authored legislation to create good paying jobs, protect the environment**, reduce greenhouse gasses, lower energy costs, and **make it illegal to openly carry guns in parks and beaches**. The past governor supported them - he knew **they made sense regardless of party**.

I believe state and federal agencies must cooperate and provide financial support to help San Diego **invest wisely in water, streets, and transit**.

I am **committed** to a prosperous future for our region.

I support the Citizens Initiative, to expand the **Convention Center**, construct a **downtown sports complex**, and **protect Mission Valley**.

Voting for **Lori Saldaña** is voting for **ALL San Diegans**.

I welcome your support!

CITY OF SAN DIEGO
City Attorney

GIL CABRERA
Attorney/Small Business Owner

City government is a billion-dollar corporation you pay for. To function effectively, it requires an experienced, impartial, non-political City Attorney who provides top-quality legal services. As City Attorney, I will:

- **Ensure elected officials and staff receive the best legal advice, are held to the highest ethical standards, comply with the law and conduct public business openly, which is why former San Diego Interim Mayors Todd Gloria and Toni Atkins endorse me.**
- **Prevent gun violence through aggressive enforcement of existing gun laws.**
- **Support and reform the Family Justice Center to reduce domestic violence and child abuse, which is why former City Attorney Casey Gwinn endorses me.**
- **Protect consumers and our environment by providing more resources to the Consumer and Environmental Protection Unit.**

During my 19-year legal career, I've built a reputation as one of San Diego's best attorneys, representing Fortune 500 companies, public agencies, small businesses and individuals.

As San Diego Ethics Commission Chairman, I reformed and enforced campaign finance, ethics and lobbying laws; as a Superior Court Judge Pro Tem, I oversaw hundreds of trials. Currently, I serve on the San Diego Convention Center Board.

My wife, two daughters and I live in Mission Hills.

CITY OF SAN DIEGO

Let's Energize San Diego's Future!

**CITY OF SAN DIEGO
City Council – District No. 1**

BRUCE D. LIGHTNER
Engineer/Inventor/Business Owner

Will protect our tax dollars and quality of life

- **Fiscally conservative:** will stand up to labor unions and uphold pension reforms.
- **No new taxes:** opposed to a taxpayer-funded stadium.
- Committed to bringing **District 1 our fair share of city services:** our tax dollars should go to streets, sidewalks, parks and libraries in our community.
- Put **more public safety officers on our streets** and **build fire stations** in University City and Torrey Hills.
- Enact regulatory reforms: make San Diego more business-friendly to create good-paying jobs, especially in the tech sectors.
- **Against paid parking** in La Jolla, overdevelopment of our coastline, and short term vacation rentals in residential neighborhoods.
- **No to One Paseo:** too big for Carmel Valley.

- Started a successful engineering business with my wife, Council President Sherri Lightner.

Vote Lightner!

CITY OF SAN DIEGO
City Council – District No. 1

LOUIS A. RODOLICO

DARK PROJECTS

We need to get a handle on SURPRISE projects. Have City Planning Groups reach out to all residents and publish detailed descriptions on active and upcoming projects.

ENVIRONMENT

Heavy traffic and idling cars makes building the Regents Road Bridge the environmentally correct option.

Not building the bridge increases the carbon load as cars sit in traffic waiting. The bridge would offer a bicycle and pedestrian friendly path moving people out of their cars. Parking access to Rose Canyon could be added at either end of the bridge span, increasing access to this valuable green belt.

NEW FIRE STATIONS

Locating New Fire Stations in the center of the community provides better coverage and allows for fewer stations. This saves lives and taxpayer dollars.

MINIMUM WAGE

I support an increase in the minimum wage. Index all future increases for January first of each year, tie to CPI or other accepted measure.

MASS TRANSIT

Adding lanes to an existing highway is not the only solution. We should continue to expand public transit, complete and maintain roads, seek funding from other government sources and interlink all transit assets.

NEW STADIUM

No taxpayer dollars.

As your councilman, my top priorities are investing in our city's infrastructure, keeping the public safe, and ensuring a reliable water supply.

INFRASTRUCTURE: As Chairman of the Council's Infrastructure Committee, I've worked tirelessly to improve our neighborhoods - resurfacing streets and sidewalks, rebuilding fire stations and libraries, and improving parks. Under my leadership, the city adopted its first-ever comprehensive infrastructure investment strategy and passed reforms to accelerate neighborhood infrastructure projects, saving millions of taxpayer dollars. We are resurfacing 300+ miles of city roads this year and 1,000 miles over the next 5 years.

I authored the RebuildSD measure, which will invest \$3-4 billion in the city's infrastructure over the next 25 years, *without* raising taxes.

PUBLIC SAFETY: I support investing more resources to attract and retain good public safety officers, and led the effort to equip all patrol cars in my district with life-saving AEDs. As a vocal advocate for fire protection, I pushed for more brush management resources and coordinated closely with firefighters during the Bernardo Fire.

WATER: I support investing in new water sources such as desalination and PureWater, and have advocated for accelerated replacement of outdated water mains.

I would greatly appreciate your vote.

Raise your expectations.

This election cycle you have the opportunity to take action by electing someone who has the skills, knowledge, ethics, cares, and will work for you.

As I go around Our communities, all I hear is complaints, about the streets condition, higher water fees, public safety shortages, growing traffic, and developer takeover of our communities.

I entered this race while trying to stop the Scripps Ranch School lease.

I plan to stop it, roll back some water fees, increase public safety and fire protection in Our district, stop the Rancho Penasquitos antenna installation at the park, and Fix the streets.

I oppose using any taxpayer funds for a private stadium, I have a better infrastructure upgrade plan, and support the minimum wage increase initiative.

A 1984 UC Berkeley graduate, with an MBA from National University, I worked 35 years in the private sector. I've been married for 30 years, live in Scripps Ranch, and our two sons attended Scripps Ranch Schools. Many of our friends and family live and work in this district as well.

Let's make Our district and this City the Finest again, with fresh ideas and actions.

I appreciate your vote,

Thank you.

For too long politics in San Diego has been about the special interests of developers, SANDAG, and SDG&E, and not about us, the hard-working citizens who love this city and want to see the best for our families and community. We can do better. We have a vision for a city where no person with a full time job has to struggle to make ends meet. We have a vision where San Diego leads the country in installing rooftop solar power, sustainable infrastructure, and community owned utilities. We have a vision for a balanced budget, with large corporations paying their fair share so workers and small businesses can innovate and thrive.

I am Jose Caballero, and I am running for San Diego City Council to turn that vision into reality. I served in the U.S. Navy, graduated from SDSU, and ran School Board Trustee Kevin Beiser's campaign. I will never put party politics before the community's needs. I listen to YOU, and YOU have said we need to fix our infrastructure, green our city, and end political corruption. I am Jose Caballero, and I am proud to be a veteran fighting for you.

OFFICIAL TITLE AND SUMMARY

BALLOT TITLE

Charter Amendments Regarding Redistricting of Council Districts in the City of San Diego

BALLOT SUMMARY

This proposition would amend the San Diego Charter to update the process related to the redistricting of City Council districts, including amendments to expand the citizen Redistricting Commission from seven to nine members, to clarify and expand the timeline for the appointment and qualification of members, to provide for alternate members on the Commission and the appointing panel, and to explain the effective date of boundaries.

CITY ATTORNEY'S IMPARTIAL ANALYSIS

Redistricting is the process of drawing geographical boundaries for political districts. The San Diego City Council is divided into nine districts. Boundaries are reviewed and adjusted, as necessary, every 10 years after the U.S. Census to account for changes in the population and to meet constitutional requirements. The way lines are drawn to group voters into districts can affect a district's representation and political influence.

Council districts are drawn by an independent citizens' Redistricting Commission, a committee of volunteers appointed and operating as provided by the City Charter. The Commission draws district boundary lines by considering criteria in local, state and federal redistricting laws. For example, each district must include as equal population as is practicable. Existing communities of interest are to be preserved, and districts are to be contiguous and compact. The federal Voting Rights Act requires that redistricting plans cannot discriminate on the basis of race or language minority group. Redistricting plans must provide fair and effective representation for all citizens.

In 1992, San Diego voters approved Charter amendments establishing an independent Redistricting Commission to draw district boundaries. The proposed Charter amendments seek to update this local law based on experiences of the 2000 and 2010 Commissions.

An Appointing Authority selects the Commissioners. If approved, Charter amendments would clarify that the Appointing Authority will consist of "a panel of three retired judges who served in any of the following courts: the Superior Court of the State of California, an appellate court of the State of California or a U.S. District Court located within California." This amendment would expand the pool of retired judges eligible to serve. Amendments provide for the random selection of an alternate retired judge if necessary.

Amendments remove language that allowed the City Council to appoint the Commission as a last resort, eliminating the possibility of a Councilmember's conflict of interest. Amendments provide that the City Clerk would appoint the panel if retired judges are unable or unwilling to serve. The Clerk would conduct a ministerial review of applications to ensure compliance with legal requirements, notify the qualified candidates and randomly select applicants in a public location.

If approved, amendments would increase the number of Redistricting Commissioners from seven to nine. The Appointing Authority would appoint one member from each Council district "to the extent practicable." This is permissive, considering the extent of the applicant pool and an individual's qualifications to serve. Amendments would state that Commissioners should possess working knowledge of the City's geography and neighborhoods.

Amendments would provide for two alternate Commissioners, available to serve if a Commissioner cannot serve or resigns. Other amendments expand the application period from 30 days to 60 days, increase the number of required public hearings prior to the preparation of a preliminary plan, and explain the effective date of boundaries.

CITY ATTORNEY'S IMPARTIAL ANALYSIS (CONTINUED)

The Council's Charter Review Committee approved this ballot measure, and the Council voted to place it on the ballot. If approved, the Charter amendments would become effective after they are chaptered by the California Secretary of State.

FISCAL IMPACT STATEMENT

This measure would make a number of procedural amendments to sections of the City Charter addressing the redistricting process that occurs once every ten years.

The estimated costs associated with these Charter amendments, if any, are negligible and will not have a material fiscal impact to the City.

ARGUMENT IN FAVOR OF PROPOSITION A

The City of San Diego has used an independent citizen Redistricting Commission for both its 2000 and 2010 City Council redistricting processes. In part of their final reports, both the 2000 and 2010 Commissions included recommendations for improving the process. **Prop A** contains these suggestions from the Commission as well as the recommendations from a 2012 San Diego County Grand Jury report to strengthen the redistricting process and bring it into compliance with federal law.

The suggested Charter changes will have these positive impacts:

- Increases the number of Commission members from seven to nine to allow for the possibility of having a Commissioner from each of the nine Council Districts to support the Charter requirement for geographical diversity.
- Establishes a process to ensure full representation on the Commission in the event that a Commissioner cannot complete his or her full term.
- Allows for an alternate to serve on the three-member panel of retired judges who serve as the Appointing Authority to appoint the members of the Redistricting Commission. The alternate would prevent a two-member panel from making Commission appointments.
- Expands the nomination period from thirty to sixty days and starts the process earlier in the year, enabling more potential Commissioners to apply.
- Expands the required number of public hearings to increase public participation and encourage geographical diversity in meeting locations.
- Clarifies language related to the timing of boundary adjustments following a redistricting of Council district boundaries, making the City's Charter consistent with current federal law.

Your "yes" vote on Prop A will update the City's redistricting process to meet current federal law and implement improvements suggested by previous Redistricting Commission participants and the Grand Jury.

Prop A has strong support from the City Council, League of Women Voters of San Diego, and the San Diego Regional Chamber of Commerce.

OFFICIAL TITLE AND SUMMARY

BALLOT TITLE

Charter Amendments Regarding the Authorization and Issuance of General Obligation Bonds and Revenue Bonds by the City of San Diego

BALLOT SUMMARY

This proposition would amend the San Diego Charter to revise the processes by which the City authorizes the issuance of General Obligation Bonds and Revenue Bonds to conform the processes more closely with the California Constitution.

CITY ATTORNEY'S IMPARTIAL ANALYSIS

This ballot measure does not authorize the issuance of any bonds or the levy of any taxes. The proposition revises the processes by which the City authorizes the issuance of General Obligation Bonds and Revenue Bonds to conform the processes more closely with the California Constitution.

The City of San Diego may choose to issue bonds when the City does not have sufficient cash available in any one year to fund the cost of certain capital improvements such as libraries, fire stations and streets. Bonds are a form of borrowing in which the City sells bonds to investors and promises to pay the investors back over time.

General Obligation Bonds are paid from ad valorem property taxes. These are taxes that are levied as a percentage of the value of the real property that is being taxed. The amount of the levy is set by the City Council annually so that the tax will be sufficient to pay the debt service (principal and interest) on the bonds coming due in each fiscal year.

The authorization of General Obligation Bonds has required a two-thirds vote of the public since Proposition 13 was enacted in 1978. The City currently has additional requirements in the Charter that predate Proposition 13. If approved, the proposition would eliminate these additional provisions, some of which conflict with Proposition 13, and require the City to comply with the California Constitution and state law in authorizing and issuing General Obligation Bonds. The City Council also could adopt local procedures for issuing and selling General Obligation Bonds as long as the procedures comply with state law.

Revenue Bonds are bonds that are payable from enterprise funds, such as those related to the City's Water and Wastewater utilities. Enterprise funds differ from other government funds because they receive revenue from customers receiving a service. Enterprise funds do not typically receive tax revenue. The Charter contains extensive provisions setting forth requirements for the City's issuance of Revenue Bonds for the Water and Wastewater utilities. These provisions require a vote of the public and have not been used by the City to issue bonds in decades.

If approved, the proposition would allow the City to authorize the issuance of Revenue Bonds with a two-thirds vote of the City Council. The General Fund could not be used to pay Revenue Bonds. The Revenue Bonds could only be used to fund water facilities, wastewater facilities or stormwater facilities. Revenue Bonds could be issued and sold in accordance with state law or local procedures adopted by City Council.

The City Council's Charter Review Committee approved sending this measure to the ballot and the City Council voted to place it on the June ballot. If approved, the Charter amendments would become effective after they are chaptered by the California Secretary of State.

FISCAL IMPACT STATEMENT

This measure would repeal outdated sections of the City Charter related to the issuance of bonds and replace them with updated sections designed to simplify and conform the City's processes with the California Constitution.

There is no fiscal impact associated with these Charter amendments.

ARGUMENT IN FAVOR OF PROPOSITION B

The Charter, the Constitution for the City of San Diego, was first written 85 years ago, and has not undergone a thorough review or update since then. Some Charter articles and many sections are simply unnecessary, outdated, confusing, or worse, contain misinformation. The Charter needs to be updated to reflect how the City operates in the 21st Century and to be more open, transparent, and easy for citizens to read.

The Charter Review Committee worked with the City's Chief Financial Officer, the Independent Budget Analyst, the City Attorney and the Mayor's office to develop these proposed Charter changes.

These recommended Charter changes regarding the City's issuance of bonds will:

- Streamline the Charter by replacing 17 pages of very detailed requirements for water and sewer services and bond issuances with one essential paragraph.
- Place the detailed language on how to issue sewer and water bonds in the Municipal Code.
- Simplify section 90 to read that general obligation bonds may be issued and sold in accordance with state law.
- Authorize the issuance of revenue bonds by a two-thirds vote of the Council.

Your "yes" vote on **Prop B** will update the City's issuance of bonds to read in plain language, accurately reflect current practices, move appropriate provisions to the Municipal Code, and repeal language that is outdated or superseded by state or federal law.

Prop B has strong support from the City Council, League of Women Voters of San Diego, and the San Diego Regional Chamber of Commerce.

Sherri Lightner, City Council President

Chris Cate, City Councilmember

Jerry Sanders, President & CEO, San Diego Regional Chamber of Commerce

Jeanne Brown, President, League of Women Voters of San Diego

ARGUMENT AGAINST PROPOSITION B

ARTICLE VII

FINANCE

SECTION 90: CONTRACTING BONDED INDEBTEDNESS

- (a) ~~Whenever the Council shall determine that the public interest or necessity demands the acquisition, construction or completion of any municipal improvement authorized to be acquired, constructed, completed or maintained by The City of San Diego, the cost of which will be too great to be paid out of the ordinary annual income and revenue of said City, the Council may contract bonded indebtedness for said purposes or any of them, pledging the credit of the City or the property or revenue of any public utility owned by the City and the proceedings taken for incurring such indebtedness shall be in accordance with the mode and manner prescribed by the provisions of the general laws of the State of California relative to incurring bonded indebtedness by municipalities in force at the time such proceedings are taken. Every ordinance or resolution determining that the public interest or necessity demands such improvement shall be adopted only by a vote of five members of the Council and it shall require a vote of two-thirds of the electors voting on each proposition at a regular or special election for the issuance of such bonds before said indebtedness or liability for said improvements may be incurred, except ordinances authorizing such bond issues as are specified in Section 92 of this Article. No bonds, except such bonds as have been heretofore or maybe hereafter issued for the purpose of acquiring, constructing or completing improvements for the development, conservation and furnishing of water as hereinafter provided, shall be issued on the credit of the City which will increase the bonded indebtedness of said City beyond ten per cent of the assessed valuation of all real and personal property of said City subject to direct taxation as shown by the last preceding valuation for City taxes.~~
- (b) ~~Whenever the Council shall determine that the public interest or necessity demands the acquisition, construction or completion of any municipal improvement for the development, conservation and furnishing of water, whether in the County of San Diego or elsewhere, the Council may contract bonded indebtedness for such improvement for the development, conservation and furnishing of water whenever authorized to do so by a vote of two-thirds of the electors voting at an election held for that purpose in the manner and mode prescribed by the general laws of the State of California in force at the time of holding said election. Bonds issued by virtue of the authority of this paragraph (b) including all bonds now outstanding for the purpose of development, conservation and furnishing of water, shall not exceed in amount the sum of fifteen per cent of the assessed valuation of all real and personal property of said City subject to direct taxation as shown by the last preceding valuation for City taxes. The fifteen per cent limitation contained herein shall be in addition to the amount authorized to be~~

PROPOSITION B (CONTINUED)

~~issued for other improvements as set forth in paragraph (a) of this section, it being the intent and purpose of this language to permit the City to incur a bonded indebtedness in an amount not to exceed ten per cent for all municipal improvements other than the development, conservation and furnishing of water, and in addition thereto to authorize bonds in an amount not to exceed fifteen per cent of the assessed valuation for the development, conservation or furnishing of water; provided, however, that indebtedness and liability for municipal improvements of every kind and character authorized to be incurred by the provisions of this Charter shall not exceed in amount the sum of twenty five percent of the assessed valuation of all real and personal property of said City subject to direct taxation as shown by the last preceding valuation for City taxes.~~

- (e) ~~Every issue of bonds authorized by the provisions of this Section shall be payable within a term of years not to exceed the estimated period of usefulness of the property or improvement for which issued, and in no case to exceed the constitutional limit; provided, that at any time the Council may postpone the payment on all bonds issued for an income-producing utility for a period of five years from date of issue, but shall provide for the interest payment from the date of issue.~~
- (d) ~~When the municipal improvement for which the bonds were voted, as provided in the foregoing Subdivisions of this Section, has been fully completed, all or any surplus money derived from the sale of said bonds remaining in the City Treasury shall be used exclusively for the purpose of redeeming said bonds or paying the interest thereon.~~

SECTION 90: GENERAL OBLIGATION BONDS

The Council is authorized to provide for the issuance of general obligation bonds in accordance with the California Constitution. General obligation bonds may be issued and sold in accordance with state law and any other local procedure adopted by ordinance.

SECTION 90.1: WATERWORKS

~~Subdivision 1. Unless the context otherwise requires, the definitions set forth in this subdivision govern the construction of this section.~~

~~“City” means The City of San Diego.~~

~~“This section” means this amended Section 90.1.~~

~~“Waterworks” means all facilities, property and works of the City for the development, obtaining, conservation, production, storage, treatment, transmission, furnishing and distribution of water for public and private use (whether located within or without the City) and shall comprise the public utility system of the City for water purposes, as mentioned in Section 1 of this Charter.~~

~~“Revenues” includes all moneys received from rates, tolls, or charges for water or for service from the waterworks or any part thereof, and all other income and receipts derived from the use of or operation of the waterworks or any part thereof, or otherwise arising from the waterworks or any part thereof, or any other income of the Water Department and includes interest on all funds derived from or established for the waterworks. “Revenues” shall not be construed to include taxes or assessments.~~

~~“Water rates” means rates, tolls or charges for water or for service by the waterworks or any part thereof.~~

PROPOSITION B (CONTINUED)

~~Subdivision 2. Revenue bonds to provide money for the acquisition and construction of additions to and extensions and improvements of the waterworks of the City and the reconstruction and replacement of parts of such waterworks and the acquisition of all lands, easements, rights and property necessary for such purposes, may be issued as provided in this section. Any issue of revenue bonds may be for any or all of said purposes. Such revenue bonds, hereinafter sometimes called "bonds" or "revenue bonds" shall not constitute an indebtedness of the City but shall constitute obligations which shall be payable, principal and interest and any premiums upon the redemption thereof prior to maturity, only from a special fund which shall consist of such revenues of the Water Department as are in excess of the amount needed to operate and maintain the Water Department (and said special fund is presently designated and is sometimes hereinafter in this section called the "Water Department Revenue Bond Fund"); provided, however, that this shall not preclude the payment or redemption of such bonds from the proceeds of refunding bonds issued to refund said revenue bonds or the use of accrued interest and premiums paid upon the sale and delivery of the revenue bonds for the payment of principal thereof or interest thereon. Refunding revenue bonds for the purpose of refunding any revenue bonds issued under this section may be issued as provided in this section and shall be payable only from the fund from which the revenue bonds to be refunded are payable. No restriction or limitation upon or procedure for the issuance of bonds in other sections of this Charter shall apply to revenue bonds issued under this section (including refunding revenue bonds) and this section shall constitute complete authority for the issuance of such revenue bonds (including such refunding revenue bonds) and no action or proceeding not required by this section shall be necessary for the valid authorization and issuance of such revenue bonds. No revenue bond issued under this section or any interest payable thereon shall be or become an obligation chargeable or enforceable against any of the tax revenues of the City or any other revenues of the City except such revenues of the Water Department as are in excess of the amount needed to operate and maintain the Water Department.~~

~~Subdivision 3. The limitations upon bonded indebtedness of The City of San Diego contained in sections 76 and 90 of this Charter or in any other section or provision thereof shall not apply to revenue bonds issued under the provisions of this section and payable exclusively from the fund mentioned in Subdivision 2 hereof derived from revenues from the waterworks of the City and not payable from taxes levied by the City. Waterworks revenue bonds payable from a special fund derived from revenues of the Water Department shall not be deemed indebtedness of the City within the meaning of the debt limitation provisions contained in sections 76 and 90 of this Charter or in any other section thereof.~~

~~Subdivision 4.~~

- ~~(a) To provide money for the acquisition and construction of additions to and extensions and improvements of the waterworks of the City and the reconstruction and replacement of parts of such waterworks and the acquisition of all lands, easements, rights and property necessary for such purposes, the Council may issue, in one issue or in~~

PROPOSITION B (CONTINUED)

~~separate issues or series from time to time, under this section, revenue bonds not to exceed \$11,000,000 in total principal amount. All waterworks revenue bonds in excess of said sum of \$11,000,000 shall be authorized by proceedings taken in the manner hereinafter provided in paragraph (b) of this subdivision.~~

- ~~(b) Except as provided in paragraph (a) of this subdivision, revenue bonds payable from revenues of the Water Department may be authorized only in the manner provided in this paragraph (b).~~

~~The first step in the proceedings shall be a recommendation by the City Manager, which recommendation shall state generally the purposes of the proposed revenue bond issue and the principal amount thereof and his recommendation that revenue bonds be issued hereunder. Such recommendation need not be in any particular form.~~

~~After the recommendation by the City Manager has been received by the Council it may adopt an ordinance finding the need for the issuance of revenue bonds under this section in the amount and for the purposes set forth in the recommendation of the City Manager. The Council, by said ordinance, shall submit to the qualified voters of the City, at an election held for that purpose, the question of issuing revenue bonds pursuant to this section to provide moneys for the purposes stated in the recommendation of the City Manager.~~

~~The Council, by a vote of two thirds of the members thereof, may adopt a resolution stating that it determines to proceed under this section without a recommendation by the City Manager and in that case such resolution shall constitute the first step in the proceeding. Any such resolution also shall state generally the purposes of the proposed revenue bond issue and the principal amount thereof, and in the event such resolution is adopted no recommendation of the City Manager shall be required and the ordinance calling the election shall find the need for the issuance of revenue bonds under this section in the amount and for the purposes stated in such resolution. In the event the Council adopts a resolution to proceed without the recommendation by the City Manager, the ordinance calling the election may be adopted only by a vote of at least two thirds of the members of the Council and at a meeting subsequent to that at which the resolution was adopted.~~

~~The ordinance calling the election shall:~~

- ~~(a) state the purposes for which the bonds are to be issued;~~
- ~~(b) state the principal amount of the bonds;~~
- ~~(c) state the maximum rate of interest on the bonds, which shall not exceed six per cent per annum, payable semiannually;~~
- ~~(d) call the election and fix the election date;~~
- ~~(e) fix the manner of holding the election;~~
- ~~(f) fix the manner of voting for or against the issuance of the bonds.~~

PROPOSITION B (CONTINUED)

~~In all particulars not stated in said ordinance the election shall be held and the votes canvassed in the manner provided by law for general municipal elections in the City.~~

~~Any special election called for the purpose of voting upon a proposition of issuing bonds under this section may be consolidated with any municipal primary election or any general City election or any other election at which all of the qualified voters residing within the City are entitled to vote. Such consolidation may be made in any manner authorized under the Elections Code of the State of California or under the Elections Code of the City.~~

~~The ordinance shall be published once a week for two succeeding weeks in the official newspaper of the City, the first publication to be at least 21 days prior to the election. No other notice of such election need be given. If a majority of the voters voting on the proposition of issuing the bonds vote in favor of the issuance thereof bonds in an amount not exceeding the amount stated in the ordinance calling the election may be issued.~~

~~No error, irregularity or omission in the election or in any of the proceedings prior thereto which does not affect the substantial rights of the electors of the City or the voters voting at the election at which any revenue bonds are authorized under this section shall invalidate the election.~~

Subdivision 5-

~~(a) The Council may issue all bonds authorized at an election or all bonds authorized under paragraph (a) of subdivision 4 of this section in one issue or may divide the principal amount thereof into two or more series and fix different dates of issuance and maturities for the bonds of each series. The Council shall provide for any issue or series of bonds (if issued in series) by ordinance. The Council shall in said ordinance fix the date of issuance and the dates of maturity of each issue or series of bonds; provided, however, that no bond shall run more than 40 years from its date. Any ordinance providing for the issuance of bonds hereunder shall recite the objects and purposes for which the bonds are to be issued, the principal amount of the bonds to be issued pursuant to such ordinance, and the maximum rate of interest to be payable thereon, not to exceed six per cent per annum, payable semiannually.~~

~~(b) Said bonds shall be issued in negotiable form and shall be negotiable. The recitals of regularity of proceedings in any revenue bond issued and sold under this section shall be conclusive evidence of compliance with the provisions of this Charter and of the validity of such bond and no bona fide purchaser of such bond containing the recital permitted by this section shall be required to see to the existence of any fact or to the performance of any condition or to the taking of any proceedings required prior to the actual issuance and delivery of said bonds or to the application of the purchase price paid for said bonds.~~

PROPOSITION B (CONTINUED)

~~Subdivision 6. In any ordinance providing for the issuance of revenue bonds under this section the Council may fix the terms and conditions thereof (including covenants) and may in any article, section, sentence or clause thereof make such provision (including covenant) as it may deem necessary or desirable to facilitate the issuance and sale of the bonds or for the protection or security of the holders thereof, including, without affecting the generality of the foregoing, any or all of the following:~~

- ~~(a) The denomination or denominations of the bonds, the medium of payment thereof, the place or places of payment thereof, which may be within or without the State of California, the form of said bonds (including recitals of regularity) and of interest coupons pertaining thereto, the form, denomination and conditions of any temporary bonds or interim certificates (which temporary bonds or interim certificates may be issued without interest coupons), and the manual (one signature must be manual) and facsimile signatures to be affixed to said bonds (definitive or temporary) or interim certificates, and the facsimile signature to be affixed to interest coupons;~~
- ~~(b) Provisions for the call and redemption prior to maturity of any part of or all of said bonds and the premiums to be paid upon such call and redemption;~~
- ~~(c) Said bonds shall be designated "Waterworks Revenue Bonds" and each bond shall state on its face that it does not constitute an indebtedness of The City of San Diego but is an obligation payable, principal and interest, and premiums, if any, upon the redemption thereof, only from a special fund which shall consist of such revenues of the Water Department as are in excess of the amount needed to operate and maintain the Water Department; provided, however, that the foregoing statement shall not preclude the payment or the redemption of said bonds from the proceeds of refunding bonds or the payment thereof from premium and accrued interest obtained upon the sale of the bonds. Such special fund is presently designated and is sometimes hereinafter in this section called the Water Department Revenue Bond Fund;~~
- ~~(d) Covenants relating to rates for the use of water or for services from the waterworks system. Such rates and charges for the use of water or service from the waterworks system shall provide revenues at least sufficient to pay, as the same shall become due, principal of and interest on all outstanding revenue bonds payable out of the revenues of the Water Department, including premiums, if any, due upon the redemption of any thereof (and including all payments required to be made into reserve and sinking funds, if any, for said revenue bonds or any thereof), and all other obligations and indebtedness payable out of said revenues, in addition to paying, as the same shall become due, the necessary expenses of operating and maintaining the Water Department;~~

PROPOSITION B (CONTINUED)

- ~~(e) — Covenants relating to the extent to which such services may be furnished or rendered to the City or to any government, department of government, public corporation or body free or at lower rates than otherwise charged;~~
- ~~(f) — The collection, deposit and safekeeping of the revenues, and the permissible uses thereof;~~
- ~~(g) — The construction fund into which the principal sums from the sale of the bonds shall be placed, the special fund or funds to be established and maintained for the payment of principal and interest of the bonds, including reserve, sinking, bond service, redemption, and trust funds, and any revenue bond payable from the Water Department Revenue Bond Fund may be paid from any such special fund established therefor; the permissible investments of moneys in said funds, or any thereof, the accounts and records to be kept, audits thereof and examination of such audits by bondholders and others;~~
- ~~(h) — Carrying of insurance upon the waterworks or any part of the waterworks system or property against any or all risks, and in case of loss the application of the insurance proceeds;~~
- ~~(i) — Prohibition against or limitations upon the sale, lease or other disposition or transfer of the waterworks of the City or any substantial part thereof, and the use of any funds derived from any sale, lease or other disposition or transfer permitted under the terms of such ordinance;~~
- ~~(j) — Limitations upon the issuance of any additional bonds payable out of the revenues of the Water Department, but no bonds shall be issued pursuant to this section or under any other provision of the Charter or any other law having any priority in payment of principal or interest out of the revenues of the Water Department over any revenue bonds theretofore or thereafter issued and payable out of such revenues;~~
- ~~(k) — Provisions whereby the consent or agreement of a stated percentage or number of the holders of the bonds may bind all holders to modifications of such provisions of the ordinance, resolution or order authorizing or providing for the issuance of such bonds or the sale thereof as may be stated in such ordinance or to a refunding of said bonds and to calls or exchanges in connection with such refunding;~~
- ~~(l) — For the issuance of a duplicate in the manner and upon such terms and conditions as the Council may determine, in the event any bond, temporary bond, coupon or interim certificate of any such issue is lost, destroyed or mutilated;~~
- ~~(m) — Any other provision (including covenant) valid under the Constitutions of the State of California and the United States of America.~~

~~Subdivision 7. Any ordinance providing for the issuance of any revenue bonds under this section and all other ordinances, resolutions or orders in the proceeding for the issuance of said bonds shall constitute a contract with the holders of the bonds and may be enforced by any holder by mandamus, injunction or any other applicable legal action, suit, proceeding or other remedy.~~

PROPOSITION B (CONTINUED)

~~Subdivision 8. Bonds issued under this section shall be sold only at public sale following such notice as the Council, by order or resolution, may prescribe; provided, however, that if no bid is received or if the bid or bids received are not satisfactory the Council may reject all bids received, if any, and may thereafter sell such bonds at public or private sale; provided, further, that the provisions of this subdivision shall not apply to the exchange of any refunding bonds for outstanding bonds. Any revenue bonds issued hereunder may be sold at a fixed rate of interest or the bidders may be invited to state the rate or rates of interest at which they will purchase said bonds, but no rate of interest on any of the bonds shall exceed six per cent per annum, payable semiannually. If the bidders are invited to state the interest rate or rates, then upon the acceptance of a bid the Council shall by resolution or order, which shall not be subject to referendum, fix such interest rate or rates as have been bid by the successful bidder as the rate or rates of interest on bonds sold. Said bonds shall be sold for not less than par and accrued interest to date of delivery.~~

~~Subdivision 9. The proceeds from the sale of bonds issued hereunder (except premium and accrued interest which shall be paid into the bond service or other fund designated or established for the payment of principal and interest of the bonds) shall be paid into the construction fund designated by the ordinance providing for the issuance of said bonds and shall be applied exclusively to the objects and purposes set forth in such ordinance; provided, however, (1) that the Water Department Revenue Bond Fund from which the bonds are payable may be reimbursed from such proceeds for expenditures for purposes for which the bonds were issued made from such fund after the issuance of the bonds has been authorized at the election thereon, (2) that said proceeds may be used for the payment of interest on said bonds during the period of acquisition and construction and for the first six months thereafter; and (3) that when the objects and purposes for which the bonds are issued have been accomplished any remaining unexpended funds derived from the sale of the bonds shall be used for the payment of principal and interest of said revenue bonds or for the redemption of any callable bonds thereof.~~

~~Subdivision 10. Refunding revenue bonds may be issued for the payment or redemption of any revenue bonds issued pursuant to this section and such refunding bonds may be issued in principal amount sufficient to refund the outstanding bonds proposed to be refunded thereby, including payment of accrued interest and of any premiums thereon and all expenses of such refunding. Refunding revenue bonds shall be authorized, issued and sold substantially in the manner provided for the issuance and sale of other revenue bonds hereunder or may be exchanged for the outstanding bonds to be refunded upon such terms and conditions as may be stated in the ordinance authorizing such refunding bonds, except that no election shall be necessary to authorize the issuance of refunding bonds hereunder.~~

~~Subdivision 11. To the extent that any provision of any ordinance authorizing the issuance of revenue bonds pursuant to this section or any provision of any ordinance, resolution or order pertaining to such revenue bonds adopted pursuant to the authority of this section is inconsistent with any of the provisions of any other section of this charter the provisions of such ordinance, resolution or order shall control so long as any of the bonds or coupons to which the same pertain are outstanding and unpaid. No bond shall be deemed to be outstanding and unpaid within the meaning of this section if moneys for the purpose of paying the same or redeeming the same prior to maturity and~~

All revenue bonds may be issued and sold in accordance with state law or any procedure established by ordinance.

Nothing herein shall preclude the construction of facilities for the reclamation of water from sewage in the sewer system and the city may at any time determine whether such facilities or any portion thereof shall be constructed and operated as a part of the sewer system or as a part of the water system, or otherwise.~~

Revenue bonds, if any, issued under this section in excess of said sum of \$42,500,000 shall be authorized by proceedings taken in the manner hereinafter provided under Subsection 3.~~

~~Subsection 3. Except as provided in Subsection 2 above and except refunding sewer revenue bonds, revenue bonds payable from the Sewer Revenue Fund shall be authorized in the manner provided in this Subsection 3.~~

~~The first step in the proceedings shall be a recommendation by the City Manager that bonds be issued hereunder, which recommendation shall state generally the purposes of the revenue bond issue and the principal amount thereof. Such recommendation need not be in any particular form. After the recommendation by the City Manager has been received by the Council it may adopt an ordinance finding the need for the issuance of revenue bonds under this section for the purposes set forth in the recommendation of the City Manager. The Council, by said ordinance, shall submit to the qualified voters of the city at an election held for that purpose the question of issuing revenue bonds pursuant to this section to provide moneys for the purposes stated in the recommendation of the City Manager.~~

~~The Council, by a vote of two thirds of the members thereof, may adopt a resolution stating that it determines to proceed under this section without a recommendation by the City Manager. Any such resolution also shall state generally the purposes of the proposed revenue bond issue and the principal amount thereof and in the event such resolution is adopted the recommendation of the City Manager shall not be required and the ordinance shall find the need for the issuance of revenue bonds under this section for the purposes stated in the resolution and the purposes stated in the proposition submitted to the qualified voters of the city shall be the purposes stated in such resolution. In the event the Council adopts a resolution to proceed without the recommendation by the City Manager, the ordinance calling the election may be adopted only by a vote of at least two thirds of the members of the Council and at a meeting subsequent to that at which the resolution was adopted.~~

~~Subdivision A. The ordinance calling the election also shall:~~

- ~~(1) state the purposes for which the bonds are proposed to be issued;~~

PROPOSITION B (CONTINUED)

- ~~(2) state the principal amount of the bonds;~~
- ~~(3) state the maximum rate of interest on the bonds, which shall not exceed six per cent per annum, payable semiannually;~~
- ~~(4) call the election and fix the election date;~~
- ~~(5) fix the manner of holding the election;~~
- ~~(6) fix the manner of voting for or against the issuance of the bonds.~~

~~In all particulars not stated in said ordinance the election shall be held and the votes canvassed in the manner provided by law for general municipal elections in the city.~~

~~Subdivision B. The proposition shall be submitted at a special election called for that purpose and any special election called for the purpose of voting upon a proposition to issue bonds under this section may be consolidated with any city or other election at which all of the qualified voters residing within the city are entitled to vote. Such consolidation may be made in the manner authorized under the Elections Code of the State of California or under the Elections Code of the city.~~

~~Subdivision C. The ordinance shall be published once a week for two succeeding weeks in the official newspaper of the city, the first publication to be at least 21 days prior to the election. No other notice of such election need be given. If a majority of the voters voting on the proposition of issuing the bonds vote in favor of the issuance thereof bonds in an amount not exceeding the amount stated in the ordinance calling the election may be issued.~~

~~No error, irregularity or omission in the election or in any of the proceedings prior thereto which does not affect the substantial rights of the people of the city or the electors voting at the election at which any revenue bonds are authorized under this section shall invalidate the election.~~

~~Subsection 4. The Council may issue all bonds authorized at an election in one issue or in two or more series and may fix different dates and maturities for the bonds of each series. It may issue all bonds authorized by Subsection 2 hereof in one issue or in two or more issues or series and may fix different dates and maturities for the bonds of each issue or series. The bonds of any issue or series issued under this section may be serial bonds or term bonds or any combination thereof with such maturities as may be determined by the Council, but no bond shall run more than forty (40) years from its date.~~

~~Any ordinance providing for the issuance of bonds hereunder shall recite the objects and purposes for which the bonds are to be issued, fix the principal amount of the bonds to be issued pursuant to such ordinance, the maximum rate of interest to be payable thereon, not to exceed six per cent per annum, payable semiannually, the date of said bonds, and the maturities thereof.~~

~~Said bonds shall be issued in negotiable form and shall be negotiable. The recitals of regularity of proceedings in any revenue bond issued and sold under this section shall be conclusive evidence of compliance with the provisions of this section and of the validity of such bonds, and no bona fide purchaser of any such bond containing the recital permitted by this section shall be required to see to the existence of any fact or to the performance of any condition or to the taking of any proceeding required prior to the actual issuance and delivery of said bonds or to the application of the purchase price paid for said bonds.~~

PROPOSITION B (CONTINUED)

~~Subdivision A. REVENUE BONDS—TERMS AND CONDITION: In any ordinance providing for the issuance of revenue bonds under this section, the Council may fix the terms and conditions thereof (including covenants) and may in any article, section, sentence or clause thereof make such provision (including covenant) as it may deem necessary or desirable to facilitate the issuance and sale of the bonds or for the protection or security of the holders thereof, including, without affecting the generality of the foregoing, any or all of the following:~~

- ~~(1) The denomination or denominations of the bonds, the medium of payment thereof, the place or places of payment thereof, which may be within or without the State of California, the form of said bonds (including recital of regularity) and of interest coupons pertaining thereto, the form, denomination and conditions of any temporary bonds or interim certificates, and the manual (one signature must be manual) and facsimile signatures to be affixed to said bonds (definitive or temporary) or interim certificates, and the facsimile signature to be affixed to interest coupons;~~
- ~~(2) The terms and conditions under which said bonds or any part thereof may be paid and redeemed before maturity (including the premiums, if any, payable upon bonds redeemed prior to maturity), exchanged, registered, transferred, or negotiated;~~
- ~~(3) Covenants or provisions relating to rates (called in this section Sewer Service Charges). Such sewer service charges shall be fixed by the Council of said city and, with reasonable allowances for contingencies, must be at least sufficient, together with other revenues, if any, payable into the Sewer Revenue Fund, to provide revenues sufficient to pay, as the same becomes due, principal and interest of all revenue bonds payable out of said Sewer Revenue Fund (including all payments required to be made into reserve and sinking funds, if any, for said revenue bonds) and all other obligations payable from the Sewer Revenue Fund, and the necessary expenses of maintaining and operating the "sewer system." The ordinance may also state the extent, if any, to which such sewer service may be furnished or rendered to the city free or to the United States of America, the State of California, or to any city or other public corporation or body at lower rates than otherwise charged;~~
- ~~(4) The collection, deposit and safekeeping of the revenues and the permissible uses thereof; provided, however, that the cost of maintenance and operation of the sewer system (and only such cost) shall be payable from the Sewer Revenue Fund prior to the payment of principal and interest of the revenue bonds or the setting aside in the bond service, sinking, redemption, reserve, or other fund, monthly or otherwise, of funds therefor;~~
- ~~(5) The special fund or funds to be established and maintained for the payment of principal and interest of the bonds; including reserve, sinking, bond service, redemption, and~~

- ~~(6) Carrying of insurance upon any sewers, sewage treatment plant or plants or sewage disposal works against any or all risks, and in case of loss the application of the insurance proceeds;~~
- ~~(7) Prohibition against or limitations upon the sale, lease or other disposition or transfer of the sewer system or any substantial part thereof, and the use of any funds derived from any sale, lease or other disposition or transfer permitted under the terms of said ordinance;~~
- ~~(8) Limitations upon the issuance of any additional bonds payable from the Sewer Revenue Fund, but no bond shall be issued pursuant to this section or under any other provision of this charter or any other law having any priority in payment of principal or interest out of such fund or out of any revenues payable into such fund over any revenue bonds theretofore issued and payable out of said fund;~~
- ~~(9) Provisions whereby the consent or agreement of a stated percentage or number of the holders of the bonds may bind all holders to modifications of provisions of any ordinance, resolution or order authorizing or providing for the issuance of such bonds or the sale thereof, or to a refunding of said bonds and to calls or exchanges in connection with such refunding;~~
- ~~(10) For the issuance of a duplicate in the manner and upon such terms and conditions as the Council may determine, in the event any bond, temporary bond, coupon or interim certificate of any such issue is lost, destroyed or mutilated;~~
- ~~(11) Any other provision (including covenant) valid under the Constitution of the State of California and the United States of America.~~

Subsection 5. LIMITATIONS. Revenue bonds issued under this section shall be issued substantially in compliance with the following limitations:

- ~~(a) No bond shall run more than forty years from its date;~~

- ~~(e) Said bonds shall be sold only at public sale following such notice as the Council by resolution or order may prescribe; provided, however, that if no bid or no satisfactory bid is received pursuant to such notice the Council may reject all bids received, if any, and may thereafter sell such bonds at public or private sale; provided, further, that the provisions of this subsection shall not apply to the exchange of any refunding bonds for outstanding bonds. Any such revenue bonds may be sold at a fixed rate of interest or the bidders may be invited to state the rate or rates of interest at which they will purchase said bonds, but no rate of interest on any of the bonds shall exceed the maximum rate stated in the ordinance calling the election to vote upon the issuance of said bonds or as to bonds authorized by Subsection 2 hereof the maximum rate stated in said Subsection 2. If the bidders are invited to state the interest rate or rates, then upon the acceptance of a bid the Council shall by resolution or order, which shall not be subject to referendum, fix such interest rate or rates as have been bid by the successful bidder as the rate or rates of interest on the bonds sold;~~
- ~~(d) Said bonds shall be sold for not less than par and accrued interest to date of delivery. The proceeds from the sale (except premium and accrued interest which shall be paid into the bond service or other fund designated or established for the payment of principal and interest of the bonds) shall be paid into the construction fund designated by the ordinance providing for issuance of such bonds and shall be applied exclusively to the objects and purposes set forth in such ordinance; provided, however, (1) that the Sewer Revenue Fund from which the bonds are payable may be reimbursed from such proceeds for expenditures for purposes for which the bonds were issued made from such Sewer Revenue Fund after the issuance of the bonds has been authorized by the voters or as to bonds authorized by Subsection 2 hereof, after the date this amendment becomes effective; (2) that said proceeds may be used for the payment of interest on said bonds during the period of acquisition and construction and for the first six months thereafter; and (3) that when the objects and purposes for which the bonds are issued have been accomplished any remaining unexpended funds derived from the sale of said bonds shall be used for the payment of principal and interest of said revenue bonds or for the redemption of any callable bonds thereof.~~

~~Subsection 6. Refunding revenue bonds payable from the Sewer Revenue Fund may be issued for the payment or redemption of any revenue bonds, issued pursuant to this section and such refunding bonds may be issued in~~

~~principal amount sufficient to refund the outstanding bonds proposed to be refunded thereby, including payment of interest to maturity on any noncallable bonds to be refunded and of accrued interest to date of redemption and of any premiums payable upon redemption of bonds which by their terms are subject to call and redemption prior to maturity, and all expenses of such refunding. Refunding revenue bonds may be authorized, issued and sold substantially in the manner provided for the issuance and sale of other revenue bonds hereunder or may be exchanged for the outstanding bonds to be refunded upon such terms and conditions as may be stated in the ordinance authorizing such refunding bonds, except that no election shall be necessary to authorize the issuance of refunding bonds hereunder and the first step in the proceeding shall be the ordinance of issuance. The ordinance providing for the issuance of refunding bonds shall be subject to referendum in the same manner as other ordinances of the city.~~

~~Subsection 7. To the extent that any provision of any ordinance authorizing the issuance of revenue bonds pursuant to this section or any provision of any ordinance, resolution or order pertaining to such revenue bonds adopted pursuant to the authority of this section is inconsistent with any of the provisions of any other section of this charter the provisions of such ordinance, resolution or order shall control so long as any of the bonds or coupons to which the same pertain are outstanding and unpaid. No bond shall be deemed to be outstanding and unpaid within the meaning of this section if moneys for the purpose of paying the same or redeeming the same prior to maturity and sufficient therefor have been irrevocably set aside in a bond service fund, sinking fund, redemption fund, or other trust fund created to insure the payment or redemption thereof.~~

~~The Council is authorized to take any and all steps necessary or convenient for the authorization, issuance and sale of revenue bonds under this section and for the payment or redemption thereof.~~

~~Subsection 8.~~

~~Subdivision A. The Council may at any time establish and provide for the collection of sewer service charges and must establish and provide for the collection of such sewer service charges as are required by any ordinance providing for the issuance of revenue bonds under this section. Sewer service charges shall not be deemed taxes or assessments within the meaning of any section of this charter and shall not be enforceable by any lien upon real property. "Sewer service charges" may be collected with water rates, fees or charges (herein called "water rates") of The City of San Diego. The Council may provide and covenant that where the city furnishes water to the property receiving sewer service the sewer service charges shall be collected with and not separately from the water rates of said city and that all charges shall be billed upon the same bill and collected as one item and may also provide and covenant that in the event of nonpayment of any part of the bill for the sewer service charge and water rate, the water service shall be shut off within such time as may be or shall have been prescribed by the Council. Delinquent sewer service charges may be collected by suit in any court of competent jurisdiction. The Council may provide additional methods of collecting sewer service charges. ~~service charges. The Council may take any and all steps to establish and provide for the collection of sewer service charges. Subdivision B. All revenues shall be paid into the Sewer Revenue Fund and shall be used only for the following purposes: (1) paying the cost of maintenance and operation of the sewer system; (2) paying principal and interest (including payments into any reserve or sinking fund) and premiums, if any, upon redemption, of sewer revenue bonds issued under this section and payable from said Sewer Revenue Fund; (3) paying all or any part of the cost and expense of extending, reconstructing or improving the sewer system or any part thereof or making additions to such system; (4) transferring from any surplus in the Sewer Revenue Fund to the Capital Outlays Fund, at one time or from time to time, all or any part of the sums expended from said Capital Outlays Fund after July 1, 1960, for any purpose for which revenue bonds may be issued under this section; (5) paying from any surplus in the Sewer Revenue Fund principal or interest, or both, or any part thereof, of general obligation bonds heretofore or hereafter issued for any purpose for which revenue bonds may be issued under this section. Any ordinance providing for the issuance of revenue bonds hereunder may contain covenants defining, limiting or restricting the use of moneys in said Sewer Revenue Fund and said covenants shall control so long as any bonds issued under said ordinance are outstanding and unpaid within the meaning of this section.~~

~~Subdivision C. Interest (including interest on investments) on the Sewer Revenue Fund or on any fund created by or under the authority of this section shall be credited to the particular fund.~~

Subsection 9.

~~Subdivision A. The City may issue general obligation bonds for sewer purposes. General obligation bonds of the city may also be issued to refund any revenue bonds, principal, interest and premium, if any, issued under this section, if authorized by a two-thirds vote of the qualified electors of the city voting upon the question of the issuance thereof at an election called and held for that purpose. Such election may be called by ordinance in the same manner as any other special election is called under the charter of the city.~~

~~The city may expend funds derived from taxes for the acquisition and construction of sewers, and to the extent that may legally be done under this section may expend funds derived from taxes for the maintenance and operation of sewers, but no funds derived from taxes shall be considered revenues as in this section defined and no such funds derived from taxes shall be paid into the Sewer Revenue Fund and no revenue bond issued under this section or any interest thereon shall be or become an obligation chargeable or enforceable against any of the tax revenues of the city.~~

~~Subdivision B. The city may levy special assessments for the acquisition and construction of sewers or sewer works and such assessments shall not be construed as "revenues" as defined in this section and shall not be paid into the Sewer Revenue Fund.~~

PROPOSITION B (CONTINUED)

~~Nothing in this section shall be construed to restrict the power of the city to consent to the formation or organization of special districts for the purpose of collection, transmission, treatment or disposal of sewage within portions of the city which are not at that time served by the city sewer system and which in the opinion of the Council cannot conveniently be served by or through the city sewer system. Before any such district is formed or organized which includes territory of the city therein the consent of the city to the inclusion therein of such territory shall be manifested by ordinance of the Council. The Council shall have authority to provide reasonable terms and conditions under which the portion of the city may be included in said district and upon which the district may operate its facilities within The City of San Diego.~~

~~Nothing in this section shall be construed as implying any doubt of the power of the city to establish and collect service charges for service by or for the use of sewers under its general charter powers.~~

~~Subsection 10. This section and every part thereof shall be liberally construed to promote the objects thereof and to carry out its intents and purposes.~~

~~If the application of any subsection, subdivision, paragraph, sentence, clause or word of this section to any person or circumstance is held invalid the application of such subsection, subdivision, paragraph, sentence, clause or word to any other person or in any other circumstance shall not be affected thereby. If any part of this section is held invalid the remainder of the section shall remain in full force and effect.~~

OFFICIAL TITLE AND SUMMARY

BALLOT TITLE

Charter Amendments Regarding the Levy, Assessment and Collection of Taxes by the City of San Diego and the Repeal of Taxes the City May No Longer Levy Under the California Constitution

BALLOT SUMMARY

This proposition would amend the San Diego Charter to revise the processes by which the City levies, assesses and collects property taxes and to repeal taxes that the City can no longer levy under the California Constitution.

CITY ATTORNEY'S IMPARTIAL ANALYSIS

Prior to the adoption of Proposition 13 by California voters in 1978, the City Council was entitled and obligated to set a property tax rate sufficient to raise the funds necessary to pay for the spending approved in the City's annual budget. Proposition 13 amended the California Constitution to limit the rate at which all real property in California could be assessed. Proposition 13 and subsequent state legislation also limited the ability of cities to impose taxes authorized prior to Proposition 13 but not levied and collected in specific years after Proposition 13.

This proposition does not authorize any new taxes. If approved, this proposition would amend the San Diego Charter by consolidating several Charter sections dealing with the assessment, levy and collection of taxes into two sections of the Charter.

The City continues to be able to levy lawfully imposed ad valorem (based upon value) property taxes, but is not able to set the general rate of taxation because this authority has been superseded by state law. The City is permitted to use San Diego County's system for the assessment and collection of property taxes, but is not required to do so. The City's Chief Financial Officer is authorized to set the legally allowed tax levy in the event that the City Council fails to act in a timely manner to set the tax levy. If approved, the proposition would amend the Charter to remove the limit on the tax levy, as this has been superseded by state law.

The City previously was authorized to levy specific property taxes to fund City pensions, but the City did not do so after Proposition 13 was implemented and is no longer permitted to do so. If approved, the proposition would repeal the language authorizing this tax.

The proposition also would repeal language that allowed a tax to fund public transportation, as the City is no longer legally permitted to levy the tax. The City continues to be able to impose special taxes with a two-thirds vote of the public, in accordance with the California Constitution.

The City Council's Charter Review Committee approved sending this measure to the ballot, and the City Council voted to place the measure on the ballot. If approved, the Charter amendments would become effective after they are chaptered by the California Secretary of State.

FISCAL IMPACT STATEMENT

This measure would repeal or replace outdated sections of the City Charter pertaining to property taxes. The updates are intended to simplify the manner in which the City levies, assesses, and collects property taxes in the City. The measure would also repeal sections related to property taxes that the City is not able to levy as a result of Proposition 13 and related State law.

There is no fiscal impact associated with these Charter amendments.

ARGUMENT IN FAVOR OF PROPOSITION C

The Charter, the Constitution for the City of San Diego, was first written 85 years ago, and has not undergone a thorough review or update since then. Some Charter articles and many sections are simply unnecessary, outdated, confusing, or worse, contain misinformation. The Charter needs to be updated to reflect how the City operates in the 21st Century and to be more open, transparent, and easy for citizens to read.

The Charter Review Committee worked with the City's Chief Financial Officer, the Independent Budget Analyst, the City Attorney and the Mayor's office to develop these proposed Charter changes to streamline and update the language on taxation authority.

These recommended Charter changes regarding the City's authority to levy taxes will:

- Clarify that the City only levies property taxes that are legally authorized by the state.
- Repeal section 76 – Limit of Tax Levy, because it is superseded by Prop 13.
- Renumber section 76.1 – Special Taxes as section 76.
- Place in section 75 the description that the City uses the County system to collect any legally authorized taxes.

Your “yes” vote on **Prop C** will update the City's taxation authority to read in plain language, accurately reflect current practices, move appropriate provisions to the Municipal Code, and repeal language that is outdated or superseded by state or federal law.

Prop C has strong support from the City Council, League of Women Voters of San Diego, and the San Diego Regional Chamber of Commerce.

ARTICLE VII

FINANCE

~~SECTION 75: ANNUAL TAX LEVY~~

~~The Council shall adopt, not later than the last day in August of each year, an ordinance levying upon the assessed valuation of all property in the City, a rate of taxation sufficient to raise the amount estimated to be required in the annual budget and as herein provided, less the amounts estimated to be received from fines, licenses, and other sources of revenue, using as a basis the value of the property as assessed by the County Assessor, as the same may be equalized and returned to the Council by County Auditor as provided by general law. The Council shall immediately thereafter transmit to the County Auditor of the County of San Diego, a statement of such rate or rates so fixed by it.~~

SECTION 75: ANNUAL TAX LEVY

No later than the last day of August of each year, the Council shall adopt an ordinance levying upon the assessed valuation of property in the City any lawfully imposed ad valorem property taxes. Unless otherwise provided by ordinance, the City shall use, for purposes of municipal taxation, the County of San Diego system of assessment and tax collection. If the Council fails to levy a rate of taxation at the time and in the manner provided by the Charter, the Chief Financial Officer shall calculate a rate of taxation, not exceeding the limit provided by law, in an amount required to meet maturing portions of principal and interest on the bonded indebtedness of the City and any special taxes lawfully imposed. The Chief Financial Officer shall give public notice of the rate of taxation as provided by ordinance. The Chief Financial Officer is hereby vested with all necessary legislative power to carry out the provisions of this section.

~~SECTION 76: LIMIT OF TAX LEVY~~

~~The tax levy authorized by the Council to meet the Municipal expenses for each fiscal year shall not exceed the rate of \$1.34 on each \$100.00 of assessed valuation of the real and personal property within the city. In addition to the foregoing tax levy, the Council, if necessary, shall levy annually a sum sufficient to meet the requirements of the pension funds herein provided for the Police and Fire Departments and the City Employees' Retirement Fund. No special tax shall be permitted except as expressly authorized by this Charter. The foregoing limitations shall not apply in the event of any great necessity or emergency, in which case they may be temporarily suspended, provided that no increase over said limits, except as in this Charter prescribed shall be made in any fiscal year unless authorized by ordinance adopted by the vote of two thirds of the electors of this City voting on the proposition, and provided further that no indebtedness shall ever be incurred by The City of San Diego for public improvements which shall in the aggregate exceed twenty five per cent (25%) of the assessed value of all real and personal property of such City, anything in this Charter contained to the contrary notwithstanding. This limitation on the~~

~~part of the City to incur indebtedness shall be construed to include any indebtedness which may be incurred by special taxes or by the voting of bonds by the electors.~~

~~SECTION 76.1: SPECIAL TAXES~~

~~Notwithstanding any provision of this Charter to the contrary, a special tax, as authorized by Article XIII A of the California Constitution may be levied by the Council only if the proposed levy has been approved by a two-thirds vote of the qualified electors of the City voting on the proposition; or if the special tax is to be levied upon less than the entire City, then the tax may be levied by the Council only if the proposed levy has been approved by a two-thirds vote of the qualified electors voting on the proposition in the area of the City in which the tax is to be levied.~~

~~SECTION 76: SPECIAL TAXES~~

Notwithstanding any provision of this Charter to the contrary, a special tax, as authorized by Article XIII A of the California Constitution, may be levied by the Council only if the proposed levy has been approved by a two-thirds vote of the qualified electors of the City voting on the proposition; or if the special tax is to be levied upon less than the entire City, then the tax may be levied by the Council only if the proposed levy has been approved by a two-thirds vote of the qualified electors voting on the proposition in the area of the City in which the tax is to be levied.

~~SECTION 77B: PUBLIC TRANSPORTATION~~

~~The Council may levy, in addition to all other taxes provided for in this Charter, a special tax in an amount not to exceed ten cents (\$0.10) on each one hundred dollars (\$100.00) of the assessed valuation of all real and personal property within the City, to be used for discharging any obligations undertaken by the City to acquire, develop, operate or maintain a public transportation system or to assist a nonprofit corporation to acquire, develop, operate or maintain a public transportation system.~~

~~The Council may establish special funds, execute contracts, acquire property by purchase, devise, lease, gift or condemnation, and may sell, lease, convey, exchange, dispose of, or lend property or funds in order to provide, promote or preserve a public transportation system. The enumerated powers in this section are in aid of public transportation and shall not be limited by any other provisions of this Charter.~~

~~SECTION 78: ASSESSMENT AND COLLECTION OF TAXES~~

~~The Council shall by ordinance provide that the assessment and collection of taxes for The City of San Diego shall be performed by the County Assessor and County Tax Collector of the County of San Diego and make such arrangements to carry out the provisions of this ordinance. Provided, however, that if at any time the majority of the electors of The City of San Diego voting at an election for that purpose, decide to have the City assume the duty of assessing and collecting the taxes for municipal purposes, then the Council may by ordinance provide for such assessment and collection of taxes by City officers and make the necessary arrangements to carry out the will of the people as expressed at such election.~~

CHARTER AMENDMENT REGARDING POWER TO FIX SALARIES. Shall City Charter section 70 be amended to conform to existing provisions related to the Strong Mayor form of government, by updating titles of specified officers and clarifying who has authority to fix their salaries and the City's compensation schedules; to specify the City's legal duty to comply with California's collective bargaining laws in establishing annual compensation schedules; and to update language?

OFFICIAL TITLE AND SUMMARY

BALLOT TITLE

Charter Amendment Regarding Power to Fix Salaries

BALLOT SUMMARY

This measure amends San Diego Charter section 70 to conform to existing provisions related to the City's Strong Mayor form of government, by updating titles of specified officers and clarifying who has authority to fix their salaries and the City's compensation schedules; to specify the City's legal duty to comply with California's collective bargaining laws in establishing annual compensation schedules; and to update language.

CITY ATTORNEY'S IMPARTIAL ANALYSIS

San Diego Charter section 70 addresses who has authority to fix the salaries of officers and employees of the City of San Diego, and how and when salaries are determined.

Each year, the City Council (Council) adopts a salary ordinance, which includes compensation schedules for the City's classified, civil service and unclassified employees.

As a general rule, the power to appoint an officer or employee includes the power to set salary or wages. Thus, the pay rate for most City employees is established by the City department director or designee, where the employee works, in accordance with compensation schedules established by the Council and applicable civil service rules. In several instances, however, the Charter specifies who fixes the salary of Charter-created officers.

If approved, the amendments in this measure would update the list of those officers and employees whose salaries are fixed by the Council, in accordance with the City's Strong Mayor form of government.

The amendments specify that the Mayor's salary is fixed by the Council, in accordance with Charter section 24.1.

The amendments would add the City Auditor and the Independent Budget Analyst to the list of officers whose salaries are established by the Council. This language is in accordance with Charter section 39.1, which states that the Council sets the City Auditor's annual compensation, following a recommendation by the City's Audit Committee. The language also follows Charter section 39.3, which states that the Council appoints the Independent Budget Analyst.

The measure removes from the list of positions the City Manager (i.e., the City's Chief Operating Officer), City Treasurer, and City Comptroller because their salaries are set by the Mayor in accordance with other Charter provisions. The amendments revise language to account for the fact the position previously titled "City Auditor and Comptroller" no longer exists. The authority and responsibilities of that position were transferred to and assumed by the City's Chief Financial Officer in a 2008 ballot measure.

Section 70 must be read in conjunction with the Meyers-Milias-Brown Act, California Government Code sections 3500 through 3511, which governs collective bargaining between the City, as public agency employer, and City employees who are represented by a recognized employee organization. The City must comply with California's collective bargaining laws, regardless of whether the Charter specifies it must. This measure adds language to acknowledge this governing state law.

CITY ATTORNEY'S IMPARTIAL ANALYSIS (CONTINUED)

Under state law, the City must complete a meet and confer process before the Council makes final decisions on compensation schedules for the next fiscal year. Amendments would remove language stating that increases and decreases in salaries or wages must be determined at the time the City budget is prepared and adopted. In its place, amendments would confirm that the compensation schedules are established in accordance with California's collective bargaining laws.

The Council's Charter Review Committee approved sending this measure to the ballot and the Council voted to place it on the June ballot. If approved, the Charter amendments will become effective after they are chaptered by the California Secretary of State.

FISCAL IMPACT STATEMENT

This measure would update an outdated City Charter section dealing with the power to fix and recommend salaries for certain City officers and employees. The update is intended to conform this section of the Charter to the City's current form of government and California Government Code.

There is no fiscal impact associated with the amendments to this Charter section.

ARGUMENT IN FAVOR OF PROPOSITION D

The Charter, the Constitution for the City of San Diego, was first written 85 years ago, and has not undergone a thorough review or update since then. Some Charter articles and many sections are simply unnecessary, outdated, confusing, or worse, contain misinformation. The Charter needs to be updated to reflect how the City operates in the 21st Century and to be more open, transparent, and easy for citizens to read.

The Charter Review Committee worked with the City's Auditor, Chief Financial Officer, the Independent Budget Analyst, the City Attorney and the Mayor's office to develop these proposed Charter changes.

These recommended Charter changes regarding the City's requirements for power to fix salaries will:

- Conform to the City's strong mayor form of government, which was made permanent by City voters on June 8, 2010.
- Include recognition of the City's duty to comply with the Meyers-Milias-Brown Act, the State law governing collective bargaining that the City is required to follow.
- Remove archaic language and replace it with current, straightforward language.

Your "yes" vote on **Prop D** will update the City's power to fix salaries to read in plain language and more accurately reflect current practices.

Prop D has strong support from the City Council, League of Women Voters of San Diego, and the San Diego Regional Chamber of Commerce.

CHARTER AMENDMENTS REGARDING THE BUDGET AND APPROPRIATIONS PROCESS FOR THE CITY OF SAN DIEGO. This proposition requires approval by 50% of the voters voting on the proposition.

OFFICIAL TITLE AND SUMMARY

BALLOT TITLE

Charter Amendments Regarding the Budget Approval and Appropriation Process of the City of San Diego

BALLOT SUMMARY

This proposition would amend the San Diego Charter to update the process related to the approval of the City's annual budget and appropriation ordinance, add requirements for capital planning mid-year amendments to the adopted budget, and remove outdated titles from related Charter provisions.

CITY ATTORNEY'S IMPARTIAL ANALYSIS

The City's annual budget sets out the City's spending priorities. The appropriation ordinance enacts the budget and provides authority to spend money in accordance with the annual budget.

The Charter provides the process by which the annual budget is proposed by the Mayor and adopted by the City Council. Portions of this process date to 1931, when the Charter was adopted and the City was governed under a City Manager form of government. Other provisions were added in 2004, when voters approved changing the City's form of governance to a Strong Mayor form of government. The Mayor is now the City's chief executive and responsible for the City's day-to-day administration. The Charter now includes portions of the budget approval process in two articles, Article VII and Article XV.

If approved, this proposition would consolidate all Charter provisions dealing with approval of the budget and adoption of the appropriation ordinance in one section in Article VII. Additionally, the proposition provides detail regarding the budget approval process to reflect practices that evolved after the Strong Mayor form of government was adopted. The proposition also would remove outdated procedures and titles and update position titles in the Charter. No new positions are created.

The proposition would require the Mayor to propose a balanced budget for the Council's consideration and sets forth milestones prior to the budget's presentation. The Mayor would begin by preparing a multi-year financial outlook projecting anticipated revenues and expenditures in future years. Councilmembers would then be required to prepare budget priority memoranda. The Independent Budget Analyst would analyze the memos and send them to the Mayor for consideration. The Mayor would be required to present the proposed budget to the Council no later than April 15.

After at least one public hearing, the Council could approve the budget as proposed or modify it. If unmodified, the proposed budget would become the adopted budget. If modified, the Mayor would have a line-item veto over modifications. The Mayor's veto could be overridden by a two-thirds Council vote. The Council would be required to adopt the appropriation ordinance enacting the adopted budget by June 30 of a given year.

The adopted budget and salary ordinance are the controlling documents in the preparation of the appropriation ordinance. If the appropriation ordinance is delayed, the Chief Financial Officer would be authorized to make expenditures based on the prior year's appropriation ordinance, as modified by the adopted budget. The appropriation ordinance is not subject to the Mayor's general veto power.

The proposition would add a requirement that the Mayor maintain a multi-year capital plan that identifies and prioritizes the City's deferred capital and infrastructure needs and projects funding sources available. The proposition requires the Council to adopt an ordinance setting terms and conditions under which the Mayor must propose mid-year budget amendments.

CITY ATTORNEY'S IMPARTIAL ANALYSIS (CONTINUED)

The Council's Charter Review Committee approved this proposition, and the Council placed it on the ballot. If approved, the Charter amendments would become effective after they are chaptered by the California Secretary of State.

FISCAL IMPACT STATEMENT

This measure would update, repeal, and consolidate outdated sections of the City Charter in an effort to better describe the City's current budgeting and appropriation processes.

There is no fiscal impact associated with these Charter amendments.

ARGUMENT IN FAVOR OF PROPOSITION E

The Charter is the Constitution for the City of San Diego. It was written 85 years ago and has not undergone a thorough review or update since. Some Charter articles and many sections are simply unnecessary, outdated, confusing, or worse, contain misinformation. The Charter Review Committee worked with the City's Chief Financial Officer, the Independent Budget Analyst, the City Attorney and the Mayor's office to develop these proposed Charter changes.

The recommended Charter changes regarding the budgeting process will:

- Consolidate the City's budgeting process and place it in sequential order.
- Remove impractical deadlines, and recognize the cooperative effort between the Mayor and City Council that the budget requires.

Your "yes" vote on **Prop E** will update the City's budgeting process in the Charter to read in plain language, accurately reflect current practices, move appropriate provisions to the Municipal Code, and repeal language that is outdated or superseded by state or federal law.

Any taxpayer of the City or owner of any bond thereof may bring suit against the ~~Auditor and Comptroller~~ Chief Financial Officer in the Superior Court to enforce the provisions of this section and if, upon such suit, it be found that the Council has failed to make an appropriation for the full amount estimated by the ~~Manager~~ Mayor and actually required for the City debt and that the ~~Auditor and Comptroller~~ Chief Financial Officer has failed to set up the appropriation account and provide for transfers thereto as required by this section, the court shall order the establishment of such appropriation account and the necessary transfers thereto as hereinbefore provided. PROPOSITION F

CHARTER AMENDMENTS REGARDING FINANCIAL OPERATIONS OF THE CITY OF SAN DIEGO. Shall the City Charter be amended to update the City's financial operations, including amendments regarding the certification of funds, the authorization and payment of claims, the management of funds, the disposition of proceeds of the sale of City-owned real property and the establishment of reserves?

OFFICIAL TITLE AND SUMMARY

BALLOT TITLE

Charter Amendments Regarding the Financial Operations of the City

BALLOT SUMMARY

This proposition would amend the San Diego Charter to update and clarify certain financial operations and practices of the City and to require the City to establish General Fund reserves.

CITY ATTORNEY'S IMPARTIAL ANALYSIS

The San Diego Charter sets forth, in several sections, requirements for how the City manages City funds. These sections include requirements for the certification of the availability of funds prior to the approval and execution of contracts, the use of proceeds from the sale of City-owned real property, the approval process for payment of claims against the City, the requirement that the City maintain certain cash reserves, and the way the City accounts for city-owned real property.

If approved, this proposition would amend the Charter to update and clarify these processes and requirements, as follows:

The proposition would revise and clarify the language setting forth the requirement that the availability of funds be certified prior to the approval and execution of City contracts. The amendments would not change substantive legal requirements.

The proposition would eliminate the City's Capital Outlay Fund, which was previously used to fund City capital projects but no longer receiving sufficient tax revenues. The requirement that the sale proceeds of City-owned real property be used for capital projects would remain. The use of these proceeds would be expanded to allow the proceeds to be used for financing costs related to capital projects.

The proposition would clarify the process for approval of the payment of claims against the City and would allow for payments to be accepted by the City in any form authorized under state law. These amendments would not change substantive legal requirements.

The proposition would clarify provisions requiring the City to have sufficient General Fund cash on hand to pay obligations coming due in any fiscal year before major property tax revenues are received. This amendment removes contradictory language in the Charter but does not change substantive legal requirements.

The proposition would require the City to establish General Fund Stability and Emergency Reserves. It would provide that the Emergency Reserve may only be accessed by a two-thirds vote of the City Council. The Council is also required to establish policies for the use of the Stability Reserve.

The proposition would eliminate the Charter requirement that the City appraise and depreciate City-owned real property. Similar requirements already apply to the City through government accounting and auditing standards.

The City Council's Charter Review Committee approved sending this measure to the ballot, and the City Council voted to place the measure on the ballot. If approved, the Charter amendments would become effective after they are chaptered by the California Secretary of State.

FISCAL IMPACT STATEMENT

This measure would update, repeal and consolidate outdated sections of the City Charter dealing with various financial operations of the City to more accurately describe current operations and authorizations.

There is no fiscal impact associated with these Charter amendments.

ARGUMENT IN FAVOR PROPOSITION F

The Charter, the Constitution for the City of San Diego, was first written 85 years ago, and has not undergone a thorough review or update since then. Some Charter articles and many sections are simply unnecessary, outdated, confusing, or worse, contain misinformation. The Charter needs to be updated to reflect how the City operates in the 21st Century and to be more open, transparent, and easy for citizens to read.

The Charter Review Committee worked with the City's Chief Financial Officer, the Independent Budget Analyst, the City Attorney and the Mayor's office to develop these proposed Charter changes.

These recommended Charter changes regarding the City's financial operations will:

- Clarify that the proceeds from the sale of City-owned property can be used for financing permanent public improvements.
- Allow the City to approve contracts for bond-funded projects in a more timely manner.
- Allow for the payment of claims against the City using electronic fund transfers.
- Reaffirm that the City's General Fund operates on a cash basis.
- Require a majority vote of the Council to spend General Fund reserves and a 2/3 vote to spend Emergency Reserves.

Your "yes" vote on **Prop F** will update the City's financial operations to read in plain language, accurately reflect current practices, move appropriate provisions to the Municipal Code, and repeal language that is outdated or superseded by state or federal law.

Prop F has strong support from the City Council, League of Women Voters of San Diego, and the San Diego Regional Chamber of Commerce.

No contract, agreement, or other obligation, involving the expenditure of money out of appropriations made by the Council in any one fiscal year shall be entered into, nor shall any order for such expenditure be valid unless the Auditor and Comptroller shall first certify to the Council that the money required for such contract, agreement or obligation for such year is in the treasury to the credit of the appropriation from which it is to be drawn and that it is otherwise unencumbered. The certificate of the Auditor and Comptroller shall be filed and made a matter of record in his office and the sum so certified as being in the treasury shall not thereafter be considered unencumbered until the City is discharged from the contract, agreement or obligation. All unencumbered moneys actually in the treasury to the credit of the appropriation from which a contract, agreement or obligation is to be paid and all moneys applicable to its payment which before the maturity thereof are anticipated to come into the treasury to the credit of such appropriation shall, for the purpose of such certificate, be deemed in the treasury to the credit of the appropriation from which the contract, agreement or obligation is to be paid.

PROPOSITION F (CONTINUED)

SECTION 80: MONEY REQUIRED TO BE IN TREASURY

The Council may not approve any contract, agreement or other obligation involving the expenditure of City funds unless the Chief Financial Officer first certifies that, in the judgment of the Chief Financial Officer, sufficient funds are or will be available in the City treasury to make such expenditures from revenues received during or before the fiscal year in which the obligations will become due.

~~SECTION 81: ALLOTMENTS~~

He may investigate a claim and for that purpose may summon before him any officer, agent or employee of the City, any claimant or other person, and examine him upon oath or affirmation relative thereto, and if he finds a claim to be fraudulent, erroneous or otherwise invalid, he shall not issue a warrant or check warrant therefor. If the Auditor and Comptroller issue a warrant or check warrant on the treasury authorizing payment of any claim in contravention of the provisions of this Section, he and his sureties shall be jointly and severally liable to the City for the amount of such warrant or check warrant if paid. All payrolls, bills and other claims and demands under the provisions of this section may be paid by warrants or check warrants as authorized by the provisions of Section 53911 of the Government Code of the State of California.~~

No demand shall be allowed, approved, audited, or paid unless it shall specify each item of the claim and the date thereof; provided, however, that warrants or check warrants for salaries of officers and employees shall be allowed by the Auditor and Comptroller and paid regularly from the treasury without the necessity of any demand therefor or approval thereof as in this section prescribed for other claims.~~

PROPOSITION F (CONTINUED)

The Chief Financial Officer shall make no payment unless he or she has determined that it has been properly approved, is in the proper form, correctly computed, legally due and payable, that an appropriation for such payment is available and that there is money in the treasury to make such payment. Payments for salaries of officers and employees shall be made regularly from the treasury without the necessity of review and approval prescribed for other payments. Claims against the City shall be paid in any acceptable form of payment authorized under the provisions of the California Government Code.

SECTION 84: MONEY TO BE DRAWN FROM TREASURY IN ACCORDANCE WITH APPROPRIATION

No money shall be drawn from the treasury of the City, nor shall any obligation for the expenditure of money be incurred, except in pursuance of the Annual Appropriation Ordinance, ~~and preliminary appropriation ordinance~~, or of the annual appropriation changed as authorized by Section 73 ~~and subsection (h) of Section 69~~ of this Article. All such moneys and all fines or pecuniary penalties or forfeitures which may accrue to the City, and all funds which may remain in the possession of the City unclaimed after a period of one year from the date when due and payable, shall be credited to the ~~general~~ appropriate fund of the City, and shall be applicable to any purpose to which the Council may appropriate them and the Council shall appropriate

SECTION 87: UNIFORM ACCOUNTS

The Auditor and Comptroller Chief Financial Officer shall prescribe uniform forms of accounts which shall be observed by all officers and Departments of the City which receive or disburse City moneys. SECTION 91: GENERAL FUND TO OPERATE ON CASH BASIS

The City shall maintain sufficient cash on hand, including all funds available in the General Fund or from which the General Fund may temporarily borrow, to allow for keeping the payment of the running expenses of the General Fund on a cash basis. In the event that the Chief Financial Officer determines that the General Fund will not have sufficient cash available to meet all legal demands against the General Fund prior to the receipt of necessary revenues in any fiscal year, the City may issue short term notes in accordance with Charter section 92.

SECTION 91.1: GENERAL FUND RESERVES

The City shall maintain General Fund Stability and Emergency Reserves that may be accessed in the event of a significant emergency or economic downturn, unanticipated liability, or adverse litigation that affects revenues and

OFFICIAL TITLE AND SUMMARY

BALLOT TITLE

Charter Amendments Related to the Requirement that the City Auditor Perform Close-Out Audits and Investigations of City Officials and Officers Upon their Death, Resignation or Removal from City Office

BALLOT SUMMARY

This proposition would amend the San Diego Charter by repealing language requiring the City Auditor to conduct close-out audits and investigations of City officials and officers upon their death, resignation, or removal from City office. If the amendments are approved, the City Auditor would be allowed, but not required, to perform future close-out audits under existing authority in a different Charter section.

CITY ATTORNEY'S IMPARTIAL ANALYSIS

This proposition would amend San Diego Charter section 111 to repeal the requirement that the City Auditor conduct close-out audits and investigations of City officials and officers upon their death, resignation, or removal from City office.

The Charter requires the City Auditor to perform such close-out audits and investigations. The objectives of such audits are to ensure that separated City officials and officers do not have any outstanding debt owed to the City and that any rights conferred to them as a result of City employment have been revoked.

Charter section 111 was originally approved by San Diego voters on April 7, 1931. The language of the original proposition assigned the performance of this close-out audit and investigation function to the then-Office of the Auditor and Comptroller.

Due to the investigation of the City's retirement system and sewer rate structure by the federal Securities and Exchange Commission (SEC), as well as the issuance of various investigative reports by different agencies on these matters in 2005, the City Council was instructed by the SEC to complete a thorough investigation into its own finances and develop a plan for remediation. In response to this direction, the City Council retained Kroll, Inc. (Kroll) to evaluate those reports and make appropriate recommendations to the City Council, which resulted in the Kroll Report, issued on August 8, 2006.

Among other things, the Kroll Report recommended that this close-out audit and investigation function of City officials and officers set forth in Charter section 111 be assigned to an independent City Auditor, a position which was to be newly created.

On June 3, 2008, San Diego voters approved both the creation of the independent City Auditor under Charter section 39.2 and an amendment to Charter section 111, which assigned this close-out and investigation function to the newly-created City Auditor position.

If this proposition is approved, the City Auditor would no longer be required to perform the close-out audit and investigation function regarding City officials and officers who leave the City. The City Auditor would be allowed, but not required, to perform future close-out audits under existing authority conveyed to the City Auditor under Charter section 39.2. At present, other than the language in Charter section 111, there is no other written regulation that requires this close-out function to be performed regarding elected City officials leaving City office.

The City Auditor proposed this ballot measure after he had conducted 49 close-out audits and not made any significant findings, according to a January 25, 2016 memorandum from the City Auditor to the City Council (Auditor Memorandum). The Auditor Memorandum stated that Generally Accepted Government Accounting Standards (GAGAS) and industry standards do not require a City Auditor to perform close-out audits.

The City Council's Charter Review Committee approved sending this measure to the ballot and the City Council voted to place it on the June ballot. If approved, the Charter amendments would become effective after they are chaptered by the California Secretary of State.

FISCAL IMPACT STATEMENT

This measure would repeal one sentence in the City Charter to eliminate a requirement that the City Auditor must audit and investigate the accounts of all City officers whose employment is terminated with the City for any reason. This measure may enable the City Auditor to alternatively deploy resources to perform other audit related duties; however, related budgetary savings are not expected.

There is no material fiscal impact associated with this Charter amendment.

ARGUMENT IN FAVOR OF PROPOSITION G

The Charter, the Constitution for the City of San Diego, was first written 85 years ago, and has not undergone a thorough review or update since then. Some Charter articles and many sections are simply unnecessary, outdated, confusing, or worse, contain misinformation. The Charter needs to be updated to reflect how the City operates in the 21st Century and to be more open, transparent, and easy for citizens to read.

The Charter Review Committee worked with the City's Auditor, Chief Financial Officer, the Independent Budget Analyst, the City Attorney and the Mayor's office to develop these proposed Charter changes.

These recommended Charter changes regarding the City's requirements for close out audits will:

- Clarify that the close out audits of officers who leave City employment are routinely performed by the Human Resources Department, not the City Auditor.
- Note that the Auditor may perform close out audits when he or she chooses to do so, but is not required to do so.

Your "yes" vote on **Prop G** will update the City's close out audit requirements to accurately reflect current auditing industry standards and practices.

Prop G has strong support from the City Council, League of Women Voters of San Diego, and the San Diego Regional Chamber of Commerce.

CHARTER AMENDMENT: INFRASTRUCTURE FUND. Shall the Charter be amended to require certain unrestricted General Fund revenues to be deposited in an Infrastructure Fund used exclusively to pay for capital improvements including streets, sidewalks, bridges, bike paths, storm water and drainage systems; public buildings including libraries, recreational and community centers; public safety facilities including police, fire and lifeguard stations; and park facilities, but expressly not used for new convention center facilities and new professional sports venues?

OFFICIAL TITLE AND SUMMARY

BALLOT TITLE

Charter Amendment Regarding Creation of an Infrastructure Fund

BALLOT SUMMARY

This proposition would amend the San Diego Charter by adding a new section 77.1, entitled "Infrastructure Fund." The amendment will require that the City place certain unrestricted General Fund revenues into a newly-created Infrastructure Fund. If approved by voters, the revenues available in the Infrastructure Fund would be restricted and could only be used to fund costs, including financing costs, related to General Fund capital improvements such as streets, sidewalks and buildings, and the maintenance and repair of such improvements.

CITY ATTORNEY'S IMPARTIAL ANALYSIS

The City of San Diego is responsible for the cost of constructing and maintaining certain public infrastructure such as City streets, police stations, libraries and public buildings. The General Fund is the City's primary operating fund and receives most City tax revenues. Other infrastructure improvements, such as water and wastewater facilities, are funded by ratepayers and are not funded by the General Fund.

This proposition would place unrestricted General Fund revenues in a restricted Infrastructure Fund. Funds legally restricted for other purposes are excluded from the Infrastructure Fund. Funds placed in the Infrastructure Fund would only be used for costs, including financing and personnel costs, associated with the acquisition of real property, construction, repair and maintenance of infrastructure. "Infrastructure" means streets, sidewalks, bridges, bike paths, storm water and drainage systems, public buildings and park facilities. New convention center facilities and new professional sports facilities are excluded from infrastructure. Software and technology with a useful life exceeding five years could be added to the definition of infrastructure by the City Council.

The City's audited revenues and expenditures in fiscal year 2016 is set as the base year for calculating various revenue requirements. The proposition becomes active with the City's fiscal year 2018 budget.

The revenue sources dedicated to the Infrastructure Fund include 50% the growth over the base year of major revenues. "Major revenues" means property tax, transient occupancy tax, and unrestricted franchise fees. "Franchise fees" are fees the City collects from utilities, such as SDG&E, that use public streets to distribute products. Major revenues would be diverted to the Infrastructure Fund until fiscal year 2022.

The proposition would divert a portion of unrestricted sales tax revenue to the Infrastructure Fund. Beginning in fiscal year 2018, sales tax revenue would be adjusted by the annual change in the statewide Consumer Price Index for California and any sales tax revenue exceeding this adjusted amount would be placed in the Infrastructure Fund each year until fiscal year 2043.

The proposition also will require the City to calculate its pension cost each year. The pension cost includes the actuarial determined contribution to the Retirement System (SDCERS), other payments made under the City's defined benefit plan, and employer-defined contributions made on behalf of employees initially hired after July 19, 2012 and who are not members of SDCERS. If the pension cost in any year is less than the pension cost in fiscal year 2016, the difference would be deposited in the Infrastructure Fund each year until fiscal year 2043.

The proposition would allow the Mayor to request its suspension for a fiscal year, which may be approved by the City Council with a two-thirds vote. The City would be required to maintain General Fund infrastructure spending at base year levels so that the Infrastructure Fund will not supplant General Fund spending.

The Council's Infrastructure Committee approved this ballot measure and the Council placed it on the ballot. If approved, the Charter amendments would become effective after they are chaptered by the California Secretary of State.

FISCAL IMPACT STATEMENT

This measure does not increase or decrease revenue for the City of San Diego (City). Instead it requires the City to restrict a portion of future General Fund revenue that would otherwise be unrestricted and available for any other City programs or services. Specifically, the measure requires the City to allocate a proportion of future revenue growth and future cost reductions in pension plans to a City Infrastructure Fund. This Fund will be used to fund capital costs, maintenance and repair costs, and related personnel costs that are associated with City infrastructure. Money in the Infrastructure Fund cannot be used for any other City purpose or expense.

The amount of future revenues that would be allocated to the Infrastructure Fund is difficult to forecast over the 25-year duration of the measure. Over the initial five years, assuming continued growth in City revenues, it is estimated that between \$140 million and \$200 million in future revenues could be allocated to the Infrastructure Fund. Allocations to the Infrastructure Fund will continue beyond the initial five years and are anticipated to continue to increase; however, actual allocations to the Infrastructure Fund depend on the actual growth of General Fund revenues and changes in the Consumer Price Index.

The measure also requires the City to, at a minimum, maintain its current General Fund spending on infrastructure maintenance in future years without using monies allocated to the Infrastructure Fund.

In times of fiscal need, this measure can be suspended for a year at a time only upon a request by the Mayor and an approval of that request by a two-thirds vote of the City Council.

ARGUMENT IN FAVOR OF PROPOSITION H

The City has neglected our infrastructure for far too long. The problem began when past city leaders failed to treat infrastructure maintenance as a core function of local government.

As a result, our streets, sidewalks & public buildings are crumbling. Our city has a \$1.4 billion infrastructure deficit and roughly 700 miles of streets are in poor condition.

Proposition H, also known as RebuildSD, will ensure that future city leaders do not repeat the mistakes of the past. RebuildSD makes infrastructure a core function of city government, dedicating up to \$4 billion towards San Diego's streets, sidewalks, parks, libraries, fire and police stations.

Importantly, Proposition H does not raise existing taxes or create any new taxes. It requires that the city pay for core infrastructure before considering spending taxpayer money on non-essential projects like a new football stadium or employee salary increases.

Investing in infrastructure is critical to our economy. Economists estimate that \$4 billion of infrastructure investment will generate \$6 billion in economic growth, putting thousands of San Diegans to work, cutting down commute times and making our region more attractive to outside investment.

This investment also saves taxpayers money in the long run. Every dollar spent today on properly maintaining streets saves the city up to ten dollars in long term replacement costs for broken and crumbling streets. Furthermore, driving on poor quality roads costs San Diegans an average of \$350 annually in extra car maintenance due to potholes and other road issues.

RebuildSD has received bipartisan support from a supermajority of the City Council, and is also supported by Mayor Kevin Faulconer, and Chamber of Commerce CEO/Former Mayor Jerry Sanders.

San Diegans deserve better roads & sidewalks. We need to rebuild San Diego with Proposition H.

Councilman Mark Kersey
Author of Proposition H

ARGUMENT AGAINST PROPOSITION H

Beware. Proposition H is a Politicians' Trick.

The City's own **Independent Budget Analyst** says Prop. H will NOT meet San Diego's most urgent infrastructure needs. Instead, Prop. H will leave us with a \$1.2 billion infrastructure funding deficit in the next five years alone and

San Diego's firefighters, paramedics, nurses, police officers oppose Prop. H because:

- Prop. H does NOT require funds be directed to the most urgent needs.
- Prop. H does NOT include a project list. Neighborhoods where residents have been waiting for decades for simple needs like sidewalks have no idea if these funds will be spent on their needs.
- Prop. H puts hundreds of millions of dollars in a "Mega-Slush Fund" the politicians can spend wherever they want.
- Prop. H can be spent on pet projects including a new City Hall, gondolas from the Bay to Balboa Park or even salaries for politicians' staff.

Prop. H robs from Peter to pay Paul. As San Diego grows, our need for essential services – Police, Fire, 911 Medical Emergency, Trash Pick-Up – also grows. Prop. H locks away hundreds of millions of dollars that the city will need for critical services.

NO CITIZEN SAFEGUARDS TO PROTECT THE PUBLIC. There is no public detailed project list identifying how taxpayer dollars will be spent. This lack of transparency and oversight means there will be no way to hold politicians accountable.

Leading advocates for Taxpayers say:

"Prop. H is a very bad idea. It ties the hands of the Council for 25 years. It could deprive the city of needed money for emergency services. It is riddled with loopholes and completely lacking in any effective oversight or transparency."

See for yourself what the city's **Independent Budget Analyst** said about Prop. H: <https://www.sandiego.gov/iba/reports/infrastructure>

SECTION 77.1: INFRASTRUCTURE FUND

There is hereby created a fund in the General Fund that shall be called the Infrastructure Fund. The intent of the Infrastructure Fund is to require the City to dedicate specific sources of revenue to fund General Fund infrastructure.

(a) For the purpose of this section, the following definitions shall apply and the words shall appear in italics:

- (1) *Base Year* means the City's fiscal year 2016 audited actual revenues and expenditures.
- (2) *Exempt Revenues* means revenues that would be included in *Infrastructure Revenues* but are otherwise legally committed to other uses, such as sales tax rebate agreements.
- (3) *General Fund Share* means the amount budgeted annually in the General Fund for maintenance and repair functions related to *Infrastructure*, including but not limited to streets, storm water systems, and facilities. The City Council may, by ordinance, more specifically define included functions.
- (4) *Infrastructure* means General Fund capital improvements including streets, sidewalks, bridges, bike paths and related right-of-way features, storm water and drainage systems, public buildings such as libraries, recreational and community centers, public safety facilities such as police, fire and lifeguard stations, and park facilities. New convention center facilities and new professional sports venues are expressly excluded from the definition of *Infrastructure*. Software and other technology that is capital in nature (having a useful life in excess of five (5) years) may be included in the definition of *Infrastructure* by the City Council by ordinance.
- (5) *Infrastructure Revenues* means *Major Revenues Increment*, *Sales Tax Increment*, and *Pension Cost Reduction* dedicated to the Infrastructure Fund pursuant to this section, as specified, and excluding *Exempt Revenues*.
- (6) *Major Revenues* means property tax revenues, unrestricted General Fund transient occupancy tax revenues and unrestricted General Fund franchise fees. Sales tax revenues are excluded from the definition of *Major Revenues* as are any components of revenues otherwise identified as *Major Revenues* that are already dedicated to other purposes by this Charter or other law.

PROPOSITION H (CONTINUED)

- (7) Major Revenues Increment means fifty percent (50%) of the year to year growth in Major Revenues beginning with the Base Year.
- (8) Pension Cost means, for each enumerated item herein, the General Fund portion of:
(A) the City's Actuarial Determined Contribution (ADC) as provided to the City by the San Diego City Employees' Retirement System (SDCERS) plus (B) any payments required under the City's Preservation of Benefits Plan, plus (C) any payments made pursuant to the Supplemental COLA benefit, plus (D) any employer contributions made to an interim or final defined contribution plan on behalf of City employees initially hired on or after July 20, 2012 and who are not members of SDCERS. Pension Cost, as defined herein, is not intended to define, limit, or otherwise modify the City's obligation to fund any vested retirement benefit for any City employee.
- (9) Pension Cost Reduction means the amount by which the Pension Cost in the proposed budget for each fiscal year beginning in Fiscal Year 2018, is lower than the Pension Cost in the Base Year. If the Pension Cost in any fiscal year is higher than the Pension Cost in the Base Year there is no Pension Cost Reduction in that fiscal year.
- (10) Sales Tax Baseline means Sales Tax Revenue in the Base Year adjusted for the annual change in the statewide Consumer Price Index (CPI) for California.
- (11) Sales Tax Increment means the annual change in Sales Tax Revenue compared to the Sales Tax Baseline.
- (12) Sales Tax Revenue means any unrestricted sales tax revenue received by the City. In the Base Year, Sales Tax Revenue is the Bradley-Burns Sales Tax received by the City including the Triple Flip Property Tax reimbursement.
- (b) Beginning with the Mayor's Fiscal Year 2018 proposed budget, and for each fiscal year through Fiscal Year 2022, Infrastructure Revenues shall include Sales Tax Increment plus Major Revenues Increment, plus Pension Cost Reduction, minus Exempt Revenues.
- (c) Beginning with the Mayor's Fiscal Year 2023 proposed budget, Infrastructure Revenues shall include Sales Tax Increment plus Pension Cost Reduction, minus Exempt Revenues.
- (d) Beginning with the Mayor's Fiscal Year 2043 proposed budget, all funds previously budgeted in the Infrastructure Fund shall be budgeted in the General Fund as unrestricted revenues and the requirements of this section shall cease.
- (e) Each fiscal year, as part of the presentation of the proposed budget, the Chief Financial Officer shall certify as to the accuracy of the calculations used in determining the amount of Infrastructure Revenues.

PROPOSITION H (CONTINUED)

- (f) Infrastructure Revenues shall be used exclusively for the acquisition of real property, construction, reconstruction, rehabilitation, repair and maintenance of Infrastructure, including all costs associated with financing such acquisition of real property, construction, reconstruction, rehabilitation, repair and maintenance. Personnel costs associated with such use are also permitted. Infrastructure Revenues may not be used to fund debt service on General Fund lease revenue bonds issued before the effective date of this section. Infrastructure Revenues may not be used to fund operations, such as utility costs, janitorial services, waste management and upkeep of grounds. Operations may be more specifically defined by the City Council by ordinance.
- (g) The Mayor may request the suspension of the requirements of this section for one fiscal year or for the remainder of a fiscal year. After at least one public hearing on the request for suspension, the City Council may approve a one-year suspension by a vote of two-thirds of the City Council.
- (h) Except in the event of the suspension of the requirements of this section, in no fiscal year may the General Fund Share be less than the amounts included in the Base Year.
- (i) The adopted budget in any fiscal year must comply with the requirements of this section.
- (j) The City Council shall, by ordinance, establish policies and definitions, not inconsistent with this section, related to the use of the Infrastructure Fund.
- (k) Nothing in this section prohibits the City Council from transferring additional revenues to the Infrastructure Fund or otherwise funding infrastructure projects within the General Fund.
- (l) Infrastructure otherwise approved by voters in a general obligation bond election shall not be included in permitted uses of Infrastructure Revenues except with respect to maintenance and repair.

OFFICIAL TITLE AND SUMMARY

BALLOT TITLE

Referendum of Ordinance Relating to Earned Sick Leave and Minimum Wage to be Provided to Employees Working in the City of San Diego

BALLOT SUMMARY

This measure asks voters to approve the City of San Diego Earned Sick Leave and Minimum Wage Ordinance, No. O-20390, which was approved by the San Diego City Council on August 18, 2014. The Ordinance is on the ballot as a result of a referendum petition that qualified the measure for the ballot, and a City Council vote to place the Ordinance on the ballot.

The Ordinance establishes that specified employers are to compensate employees working in the City of San Diego with earned sick leave of up to forty hours a year and a minimum wage of \$10.50 an hour upon the Ordinance's effective date, \$11.50 an hour on January 1, 2017, and increasing with the cost of living on January 1, 2019 and annually thereafter.

BALLOT SUMMARY (CONTINUED)

A “Yes” vote is a vote in favor of adopting the Ordinance, which would amend the San Diego Municipal Code. If a majority of voters vote “Yes,” then the Ordinance will take effect.

A “No” vote is a vote against adopting the Ordinance. If a majority of voters vote “No,” then the Ordinance will not take effect.

CITY ATTORNEY’S IMPARTIAL ANALYSIS

The City of San Diego Earned Sick Leave and Minimum Wage Ordinance (the Ordinance) applies to specified employers and employees in the geographic boundaries of the City. If approved, the Ordinance would require employers to compensate employees with paid leave for certain purposes and a local minimum wage.

The City Council approved the Ordinance on August 18, 2014. A referendum petition qualified the measure for the ballot, and the Council voted to place it on the ballot.

The Ordinance defines “employers” as any person or persons, including associations, organizations, partnerships, business trusts, limited liability companies, or corporations, who exercise control over the wages, hours, or working conditions of any employee, engage an employee, or permit an employee to work. Employers do not include aged, blind, or disabled people who receive in-home supportive services care, under state law.

The Ordinance defines “employee” as any person who, in one or more calendar weeks of the year, performs at least two hours of work within the geographic boundaries of the City for an employer, and who qualifies for the payment of minimum wage under the State of California minimum wage law. Employees do not include independent contractors as defined by the California Labor Code, or people who have been issued a special license by the state to be employed at less than minimum wage, certain youth employees in publicly subsidized summer or short-term employment programs, and certain counselors at organized, outdoor camps.

If approved, employees would be paid a minimum wage of \$10.50 an hour upon the Ordinance’s effective date, following voter approval. Starting January 1, 2017, the minimum wage would be \$11.50 an hour. Starting January 1, 2019, the minimum wage would increase by an amount corresponding to the prior year’s increase, if any, in the cost of living, as defined by the Consumer Price Index.

Employees would receive one hour of paid, earned sick leave for every thirty hours worked, at the same hourly rate or other measure of compensation that the employee earns. Earned sick leave would begin to accrue when employment starts. There would be a 90-day waiting period before an employee could use the leave.

CITY ATTORNEY'S IMPARTIAL ANALYSIS (CONTINUED)

Employers may limit use of the leave to forty hours in a twelve-month period, but accrual cannot be capped and unused leave must be carried over. Upon an employee's separation, employers would not have to pay unused leave, but must maintain it for six months if the employee returns.

Leave could be used if an employee is physically or mentally unable to work due to illness, injury, or a medical condition; for "Safe Time" (time away from work necessary to handle certain matters related to domestic violence, sexual assault, or stalking, when the employee or a specified family member is a victim); for medical appointments; and to care for or assist certain family members with an illness, injury, or medical condition.

Employers would post notices, maintain records, and be subject to civil penalties for violations. The City would establish an enforcement office.

FISCAL IMPACT STATEMENT

The following analysis is limited to an estimate of the amount of any increase or decrease in costs or revenues to the City of San Diego's government finances (City).

If this measure is adopted, there will be additional administrative & enforcement, wage, and sick leave costs for the City. These additional costs are shown in the table below. The higher cost estimate for fiscal year 2018 reflects the minimum wage increase to \$11.50 on January 1, 2017.

<u>Estimated Costs to the City</u>	<u>FY 2017</u>	<u>FY 2018</u>
Administration & Enforcement	\$400,000	\$400,000
City Employee Wages & Sick Leave	<u>\$150,000</u>	<u>\$200,000</u>
Estimated Total Costs	\$550,000	\$600,000

As the City's minimum wage program is developed and implemented, there may be increases in the above estimated annual costs for program administration and enforcement. Additionally, there may be other unknown wage expenses related to the use of earned sick leave or to maintain a fair pay-scale hierarchy for certain City employees.

Beginning January 1, 2019, the minimum wage will annually increase by the percentage growth in the prior year's Consumer Price Index for Urban Wage Earners and Clerical Workers (CPI).

FISCAL IMPACT STATEMENT (CONTINUED)

While the effect of this annual increase on the City's wage costs is difficult to accurately forecast, based on current CPI and wage projections, the City's wage costs in fiscal year 2019 and beyond are likely to remain similar to the costs estimated for fiscal year 2018.

Tax revenue implications for the City are difficult to accurately forecast. There may be positive and negative tax revenue impacts to the City that will be at least partially offsetting. For example, this measure will increase wage costs for some employers. While increased wage costs for employers can, in some instances, be offset by other operational factors (reduction of other business costs or profits, reduced employee turnover, increased employee productivity, higher prices, etc.), it is also possible that higher employer wage costs could cause some businesses to reduce employees or employee hours, which in turn could reduce sales and sales tax revenue to the City. Alternatively, employees who benefit from minimum wage increases will spend some of these new wages on taxable goods purchased in the City, thereby increasing sales tax revenue to the City.

ARGUMENT IN FAVOR OF PROPOSITION I

People who work full-time should not live in poverty.

Proposition I will help 170,000+hardworking San Diegans pay rent, put food on the table, and support their families. Living in San Diego is expensive. Even working full-time, nearly 1 in 4 families cannot make ends meet:

- A minimum wage job pays \$20,800/year. The median San Diego rent is \$16,152/year.
- Proposition I will increase hardworking, low-wage worker wages an average of \$1,400/year. Many are veterans. Over half are women.

Earned sick leave will allow parents to stay home with a sick child and not miss a day's pay. It will prevent kitchen staff and food servers from being forced to work when they are sick.

Proposition I will make a huge difference for thousands.

"Veterans too often struggle to return to civilian life. Many work for minimum wage and live at poverty levels, rather than enjoying the honored place in our society they deserve. Proposition I will enable thousands of veterans to earn a decent wage."

-Nathan Fletcher, USMC Veteran
Former Assemblymember

"I make \$10/hour and can't make ends meet. I do additional work just to buy food. I've lived in my car and worry where I will sleep every night. Proposition I will help people like me a great deal."

-Marcus Nichols
Security Officer

Proposition I is reasonable and balanced. It raises the minimum wage to \$10.50/hour now and to \$11.50/hour on January 1, 2017.

Economist Alan Gin supports Proposition I:

"Proposition I will be good for San Diego. Studies show it will inject \$260 million into the local economy. When low-wage earners get a raise, they spend virtually every dollar close to home, often at local small businesses."

Join small business owners, leaders of San Diego's high-tech industry and hardworking families.

ARGUMENT AGAINST PROPOSITION I

Vote NO on Proposition I. Governor Brown strongly opposes additional statewide increases which will cost billions.

San Diego's big unions are at it again. Their gold plated pensions nearly bankrupted San Diego. Now they want a 43.75% wage increase over levels established two years ago.

FACT: California has raised wages 25% in the past two years.

We should see how a 25% hike impacts our fragile economy before imposing additional massive increases.

Governor Brown is opposed to further state increases. He says those increases will cost California taxpayers billions of dollars.

FACT: 43.75% increase will seriously harm small businesses and our local economy.

We believe a massive "city only" hike will seriously harm small businesses – especially home healthcare, small charitable non-profits, and small start-ups already struggling to make it.

Why would businesses pay thousands or millions in higher costs when they can move just outside city limits and avoid them?

A city-only ordinance puts our city at a huge disadvantage.

FACT: Mandates Additional ANNUAL Wage Hikes

Proposition I also requires additional ANNUAL wage hikes virtually EVERY YEAR – FOREVER.

WHY should EVERYONE get a raise EVERY year – whether they earned it or not? Only big government unions would sponsor such an anti-business proposal.

FACT: Big Union Schemes Nearly Bankrupted Us

These same big government unions were behind the gold-plated pensions and big government salaries that nearly bankrupted our city.

We're still digging out from that disaster. Our roads, parks, libraries, public safety, and homeless services have all suffered.

Big unions fooled us once. Now they want a 43.75% wage increase AND annual increases – forever – when the state just raised wages 25%!

Proposition I will harm our city, small local businesses, and charitable organizations, and our local economy.

ARGUMENT AGAINST PROPOSITION I (CONTINUED)

PROPOSITION I

ORDINANCE NUMBER O-20390 (NEW SERIES)

DATE OF FINAL PASSAGE August 18, 2014

AN ORDINANCE AMENDING CHAPTER 3 OF THE SAN DIEGO MUNICIPAL CODE BY ADDING ARTICLE 9, DIVISION 1, SECTIONS 39.0101 THROUGH 39.0115 RELATING TO THE EARNED SICK LEAVE AND MINIMUM WAGE TO BE PROVIDED TO EMPLOYEES WORKING IN THE CITY OF SAN DIEGO.

WHEREAS, to safeguard the public welfare, health, safety, and prosperity of the people in the City of San Diego, it is essential that working persons earn wages that ensure a decent and healthy life; and

WHEREAS, a number of San Diego families live below the poverty level, and many who are employed do not earn sufficient wages to be self-sufficient and do not accrue sick leave; and

WHEREAS, when businesses do not pay a livable wage or allow workers to earn and use sick leave, the community and taxpayers bear associated costs in the form of increased demand for taxpayer-funded services, including emergency medical services, homeless shelters, and other social services and community-based services; and

WHEREAS, most workers at some time during each year need limited time off from work to take care of their own health needs or the health needs of members of their families; and

WHEREAS, guaranteeing San Diego workers the right to earned sick leave will reduce recovery time from illnesses, promote the use of regular medical providers rather than hospital emergency departments, and reduce the likelihood of people spreading illness to other members of the workforce and to the public; and

WHEREAS, an increase in the minimum wage paid to employees and five annual days of sick leave could potentially increase workplace productivity, save costs through reduced employee turnover, boost income for families, restore work/family balance, boost the local tax base through increased purchasing power by workers, and reduce certain health care costs; and

WHEREAS, the San Diego City Council (Council) considered this issue at meetings of a Council standing committee and of the full Council, and considered public comment on the issue; and

WHEREAS, the Council now desires to adopt an ordinance to amend Chapter 3, of the San Diego Municipal Code, by adding Article 9, Division 1, sections 39.0101 through 39.0115, relating to the Earned Sick Leave and Minimum Wage to be provided to employees working in the City of San Diego; NOW, THEREFORE,

BE IT ORDAINED, by the Council of the City of San Diego, as follows:

PROPOSITION I (CONTINUED)

Section 1. That Chapter 3 of the San Diego Municipal Code is amended by adding Article 9, Division 1, sections 39.0101 through 39.0115, to read as follows:

Article 9: City of San Diego Earned Sick Leave and Minimum Wage **Division 1: City of San Diego Earned Sick Leave and Minimum Wage Ordinance**

§39.0101

Purpose and Intent

This Division ensures that employees who work in the City receive a livable minimum wage and the right to take earned, paid sick leave to ensure a decent and healthy life for themselves and their families. By enabling more employees to support and care for their families through their own efforts and with less need for financial assistance from the government, and by protecting the rights of employees to care for their health and the health of their family members, the City can safeguard the general welfare, health, safety and prosperity of all San Diegans.

It is the purpose and intent in enacting this Division that San Diego workers be guaranteed the right to take earned sick leave. Most employees will at some time during each year need limited time off from work to take care of their own health needs or the health needs of members of their families. Guaranteeing employees earned sick leave will reduce recovery time from illnesses, promote the use of regular medical providers rather than hospital emergency departments, and reduce the likelihood of workers spreading illness to other members of the workforce and to the public.

It is also the purpose in enacting this Division to ensure that employees working in the City earn wages that ensure a decent and healthy life for themselves and their families. When employers do not pay a livable wage, the surrounding community and taxpayers bear costs in the form of increased demand for taxpayer-funded services, including homeless shelters. Jobs paying a decent wage will ensure a more stable workforce for the City, increase consumer income, decrease poverty, and invigorate neighborhood business.

- (d) *Earned Sick Leave* begins to accrue at the commencement of employment or on April 1, 2015, whichever is later, and an *Employee* is entitled to begin using *Earned Sick Leave* on the ninetieth calendar day following commencement of his or her employment or on July 1, 2015, whichever is later.  - (5) The Employee's absence is for the Employee's use of Safe Time.
 - (6) The Employee's place of business is closed by order of a public official due to a Public Health Emergency, or the Employee is providing care or assistance to a Child, whose school or child care provider is closed by order of a public official due to a Public Health Emergency.
- (b) An Employer may require reasonable notice of the need to use Earned Sick Leave. Where the need is not foreseeable, an Employer may require an Employee to provide notice of the need for the use of Earned Sick Leave as soon as practicable.
- (c) For an absence of more than three consecutive work days, an Employer may require reasonable documentation that the use of Earned Sick Leave was authorized under subsection (a) of this section. An Employer must accept as reasonable, documentation signed by a licensed Health Care Provider indicating the need for the amount of Earned Sick Leave taken, and an Employer may not require that the documentation specify the nature of the Employee's or the Employee's Family Member's injury, illness, or medical condition.

PROPOSITION I (CONTINUED)

- (d) An Employer must not require an Employee, as a condition of using Earned Sick Leave, to search for or find a replacement worker to cover the hours during which such Employee is using Earned Sick Leave.

\$39.0107

Minimum Wage

- (a) Employers must pay Employees no less than the Minimum Wage set forth in this section for each hour worked within the geographic boundaries of the City.
- (b) The Minimum Wage is an hourly rate defined as follows:
- (1) Starting January 1, 2015, the Minimum Wage is \$9.75.
 - (2) Starting January 1, 2016, the Minimum Wage is \$10.50.
 - (3) Starting January 1, 2017, the Minimum Wage is \$11.50.
 - (4) Starting January 1, 2019, and each year thereafter, the Minimum Wage increases by an amount corresponding to the prior year's increase, if any, in the cost of living. The prior year's increase in the cost of living is measured by the percentage increase, if any, as of August of the immediately preceding year over the level as of August of the previous year of the Consumer Price Index (Urban Wage Earners and Clerical Workers, U.S. City Average for All Items) or its successor index as published by the U.S. Department of Labor or its successor agency, with the amount of the minimum wage increase rounded to the nearest multiple of five cents. The adjusted Minimum Wage will be announced by the City by October 1 of each year, and will become effective as the new Minimum Wage on January 1 of the succeeding year. The adjusted Minimum Wage will be noticed and posted as set forth in this Division.
 - (5) In the event that the federal or California minimum wage is increased above the level of the Minimum Wage in force under this section, the Minimum Wage under this section will be increased to match the higher federal or California wage, effective on the same date as the increase in the federal or California minimum wage takes effect.
- (c) An Employer that meets the requirements to claim a credit against the California minimum wage under the California Labor Code or wage orders published by the California Industrial Welfare Commission or the State of California Division of Labor Standards Enforcement for meals or lodging provided to Employees may claim a credit in the same amount against the Minimum Wage required under this section.

PROPOSITION I (CONTINUED)

§39.0108

Notice and Posting

- (a) The bulletin and notices specified in this section will be published by the City and made available to Employers in English, Spanish, and any other language for which the San Diego County Registrar of Voters provides translated ballot materials pursuant to section 203 of the federal Voting Rights Act. The materials specified in this section will be made available to Employers by April 1 in 2015, 2016, and 2017; by October 1 in 2018; and by October 1 of each year thereafter:
- (1) A bulletin announcing the adjusted Minimum Wage for the upcoming year and its effective date.
 - (2) A notice for Employers to post in the workplace informing Employees of the current Minimum Wage and of their rights to the Minimum Wage and Earned Sick Leave, including information about the accrual and use of Earned Sick Leave, the right to be free from Retaliation, and the right to file a complaint with the Enforcement Office or a court of competent jurisdiction.
 - (3) A template notice suitable for use by Employers in compliance with this section.
- (b) Every Employer must post in a conspicuous place at any workplace or job site where any Employee works the notice published each year by the City informing Employees of the current Minimum Wage and of their rights to the Minimum Wage and Earned Sick Leave under this Division. Every Employer must post this notice in the workplace or on the job site in English and any other language that is referenced in subsection (a) and spoken by at least five percent of the Employees at the Employee's job site.
- (c) Every Employer must also provide each Employee at the time of hire, or by April 1, 2015, whichever is later, written notice of the Employer's name, address, and telephone number and the Employer's requirements under this Division. The notice must be provided to the Employee in English and in the Employee's primary language, if it is a language referenced in subsection (a) and spoken by at least five percent of the Employees at the Employee's job site. Employers may provide this notice through an accessible electronic communication in lieu of a paper notice.

§39.0109

Employer Records

Employers must create contemporaneous written or electronic records documenting their Employees' wages earned and accrual and use of Earned Sick Leave and retain these records for a period of at least three years. Employers must allow the Enforcement Office reasonable access to these records in furtherance of an investigation

PROPOSITION I (CONTINUED)

conducted pursuant to this Division. An *Employer's* failure to create and retain contemporaneous written or electronic records documenting its *Employees'* wages earned and accrual and use of *Earned Sick Leave*, or an *Employer's* failure to allow the *Enforcement Office* reasonable access to records creates a rebuttable presumption that the *Employer* has violated this section and the *Employee's* reasonable estimate regarding hours worked, wages paid, *Earned Sick Leave* accrued, and *Earned Sick Leave* taken may be relied upon.

§39.0110

Confidentiality and Nondisclosure

Employers are prohibited from requiring an *Employee* to disclose details related to the medical condition of the *Employee's* or the *Employee's Family Member* as a condition for using *Earned Sick Leave* under this Division, except where disclosure is required or authorized by federal or state law. *Employers* who obtain medical or other personal information about an *Employee* or an *Employee's Family Member* for the purposes of complying with *Earned Sick Leave* requirements of this Division must maintain the confidentiality of the information and must not disclose it, except with the permission of the *Employee* or as required by law.

§39.0111

Retaliation Prohibited

Employers are prohibited from engaging in *Retaliation* against an *Employee* for exercising any right provided pursuant to this Division. The protections of this Division apply to any *Employee* who reasonably and in good faith reports a violation of this Division to his or her *Employer* or a governmental agency tasked with overseeing the enforcement of any wage and hour law applicable to the *Employer*. Rights under this Division include, but are not limited to, the right to request payment of the *Minimum Wage*, request and use *Earned Sick Leave*, file a complaint for alleged violations of this Division with the *Enforcement Office* or in court, communicate with any person about any violation or alleged violation of this Division, participate in any administrative or judicial action regarding an alleged violation of this Division, or inform any person of his or her potential rights under this Division.

§39.0112

Implementation, Enforcement, and Remedies

- (a) The *City Council* will designate the *Enforcement Office*.
- (b) The *Enforcement Office* will have full authority to implement and enforce this Division, as set forth in an implementing ordinance to be approved by the *City Council*. The ordinance will establish a system to receive and adjudicate complaints and to order relief in cases of violations.
- (c) The *City* or any person claiming harm from a violation of this Division may bring an action against the *Employer* in court to enforce the provisions of this Division. Any person claiming harm from a violation of this Division and the *City* are entitled to all legal and equitable relief to remedy any violation of this Division, including, but not limited to, the payment of back wages withheld in violation of this Division; an additional amount equal to double back wages

PROPOSITION I (CONTINUED)

withheld as liquidated damages; damages for an Employer's denial of the use of accrued Earned Sick Leave in violation of this Division; reinstatement of employment or other injunctive relief; and reasonable attorney's fees and costs to any plaintiff, who prevails in an action to enforce this Division. Violations of this Division are declared to irreparably harm the public and covered Employees generally.

- (d) Any Employer who violates any requirement of this Division is subject to a civil penalty for each violation of up to, but not to exceed, \$1,000 per violation; except that any Employer who fails to comply with the notice and posting requirements of this Division is subject to a civil penalty of one hundred dollars for each Employee who was not given appropriate notice pursuant to that section, up to a maximum of \$2,000.
- (e) Violations of this Division may not be prosecuted as a misdemeanor or infraction.
- (f) This Division does not create any right of action or cause of action for damages against the City in its enforcement of this Division.
- (g) Submitting a complaint to the Enforcement Office is neither a prerequisite to nor a bar to bringing a private cause of action.
- (h) This section is not intended to supersede any applicable, current or future state or local law, rule, regulation, or approved memoranda of understanding binding on the City, as a public agency employer, and its Employees.

§39.0113

Compliance with Legal Agreements

This Division must not be interpreted to modify any obligation of an Employer to comply with any contract, collective bargaining agreement, employment benefit plan, or other agreement providing higher wages or more Earned Sick Leave to an Employee.

§39.0114

No Effect on Higher Wages or More Earned Sick Leave

This Division must not be construed to discourage or prohibit an Employer from providing higher wages or more Earned Sick Leave to its Employees.

§39.0115

Effect of Invalidity; Severability

If any section, subdivision, paragraph, sentence, clause, phrase, or other portion of this Division is, for any reason, declared unconstitutional or invalid, in whole or in part, by any court of competent jurisdiction, such portion shall be deemed severable, and such unconstitutionality or invalidity shall not affect the validity of the remaining portions of this Division, which shall continue in full force and effect.

END OF PROPOSITION
