NOTARY PUBLIC  
PROPERTY MANAGED  
FOR NON-RESIDENTSLA JOLLA, CALIFORNIA, July 24th. 1931. 19Allen H. Wright Esq.  
City Clerk, San Diego.

My Dear Mr. Wright,

I am enclosing some communications from Long Beach and Santa Monica that maybe of interest to the Council when the matter of the La Jolla Bathing ordinance again comes to the front, and I will thank you to read them at that hearing.

In my humble opinion the present ordinance should be repealed if any further continuance of its violation is permitted, or it should be amended to conform strictly to the wording of the Long Beach ordinance, and the police department asked to enforce the same.

As for anyone leaving La Jolla because of this ordinance, that is all tommyrot there has been no such animal, and if there should be, La Jolla would be benefitted by their absence.

Those who stand ready to safeguard the best interests of La Jolla deplore the wanton exhibition of semi(very semi) clad humans who parade through the business and residential streets of our section of the City.

I am sincerely yours,

Walter S. Lieber.
