**Infrastructure Ballot Measure**

*Rebuild San Diego Charter Amendment*

The City Council approved a number of measures to place on the ballot for the Special Municipal Election on June 7, 2016. One of the most talked about items on this list was the Charter amendment known as Rebuild San Diego.

If approved at the polls in June, this measure will dedicate three streams of revenue to a newly created Infrastructure Fund for a period of 25 years. The sources contributing to the Fund include half of all General Fund revenue growth for the first five years of the measure, as well as all net pension cost savings, and a portion of Sales Tax Growth based on the California Consumer Price Index for the full 25 years. The final draft of the ordinance also includes a provision for the Council to temporarily suspend the measure in the case of financial crisis.

**What It Means for District 4**

The measure is anticipated to capture a total of \$4.5 billion to the development, maintenance, and repair of infrastructure throughout the City of San Diego. What that means for our communities in the Fourth District, is an opportunity to improve our roads, to build sidewalks in our neighborhoods, and to enhance public safety and recreational facilities.

This ordinance is a great step in the direction of progress, but it is only the beginning of the work that needs to be done. The infrastructure needs of this City far exceed what this measure can accomplish on its own, but the Council will continue to look for additional ways to ensure San Diego residents have the facilities and services they deserve.
