Play All Day Parks Program

New Joint-Use Park Coming to Encanto Elementary School in FY 2019

On Tuesday, March 20th, my Council colleagues and I passed **joint-use agreements between the City of San Diego and San Diego Unified School District (SDUSD)** for Cubberley Elementary and **Encanto Elementary Schools**.

Joint-use is when school property is used for public use when school is not in session. Currently, San Diego maintains 76 joint-use facilities in partnership with SDUSD. Joint-use partnerships with schools fill an essential gap in addressing the City's need for more park land and additional recreational opportunities in our communities.

These two new joint-use parks are a part of the **Play All Day parks Program** initiative, established in 2016, the City has a goal of **breaking ground on over 45 new joint-use parks citywide within five to ten years**. The parks will provide a place for physical activity, increase the amount of park land available for public use and enjoyment, and produce opportunities for social and community interactions.

The new joint-use park at Encanto Elementary School will include 2.43 acres of natural turf, granite walking track, asphalt hard-courts, parking lot, and a drinking fountain.

This is a great way to increase our public park facilities and share the cost of construction and maintenance. **I know that the kids in the community will get a lot of use out of the park.**

The anticipated completion date is set for FY 2019.
