Infrastructure Improvements on the South Side of Market Street Finished

Infrastructure improvements have always been one of my top priorities and I have been advocating for sidewalks on Market Street since the very beginning, so I am proud to say that the construction on the south side of Market Street from Euclid Avenue to Pitta Street is finished. The project improvements include approximately **3,700 linear feet of sidewalks, driveways, curb ramps, new streetlights, and improved pedestrian crossing to the Valencia Park/Malcolm X Branch Library.**

The south side project began in January 2016 and was completed earlier this month. It was completed under budget and on schedule thanks to the design and construction of the **City of San Diego's Street Division and Transportation & Storm Water Departments.**

The project now provides **safe pedestrian access** for the **Valencia Park, Emerald Hills, and Encanto** communities to go to the Valencia Park/Malcolm X Library, the Legler Benbough Teen IDEA Lab, the Jacobs Center, the trolley station, and all of Market Street Plaza.

\$4.36 Million Park Development at Chollas View

On Tuesday, March 7th, my Council Colleagues and I unanimously approved the development of a **\$4.36 million** public pocket park on Guymon Street for the Chollas View community.

The Chollas View community public pocket park is designed to include a **children's play area, shade structures, barbeques, benches, exercise equipment, synthetic turf, restrooms, a drinking fountain, and security lighting.**
