	Speed on Governor Dr unsafe for children unsafe for all. Slow it down and beautify!

	Preservation
1 p	preventing fire. protection in our canyons
	Preserve multiple species protections. We need grow and wild elements to be whole human beings.
	Preserving open land for nature
	Ne're loosing native vegetation, wildlife. Need more native plants. They are best to prevent fires - another advantage.
	Nater use. Encroachments on MSCP. Maintain natural habitat.
