### About this document

What are my Trust and Safety scores?  
We gather data from several hundred city residents each month and produce scores, on a scale of 0 to 100, that measure how people across the city feel.

How are concerns measured?  
Residents are asked the following question: "What is the number one issue or problem on your block or in your neighborhood that you would like the police to deal with?" We process hundreds of replies each month and categorize them to give you a sense of what people are talking about.
